C. N. MACMULLEN, *General,*
Adjutant General in India.

Annexure to India Army Order 5, dated 11th January 1932.

Standing Orders for Indian Units Proceeding to Taiping (Federated Malay States).

1. *Duration of Service.*—Units will proceed to Taiping for a period of three years, which will be considered Foreign Service.

2. *Administration.*—For purposes of command and of administration, the units in Taiping are under the orders of the G. O. C. Troops, Malaya.

3. *Establishment.*—Units detailed for duty in Taiping will proceed at peace establishment.

4. *Furlough and leave.*—The grant of furlough to Indian ranks will be regulated by paragraph 932 R. A. I.

Furlough and leave will be suspended during the tour, unless the tour extends beyond 3 years.

5. *Furlough on compassionate grounds.*—The grant of furlough on extreme compassionate grounds will be ruled by paragraph 932 R. A. I.

6. *Intelligence.*—(i) On being warned for Malaya relief, the unit detailed will apply to the Headquarters, Malaya Command, Fort Canning, Singapore, for any intelligence publications which the latter may see fit to send.

(ii) On arrival at Taiping, the relieving unit will take over all publications and notes relating to intelligence from the outgoing unit.

7. *Medical.*—The medical examination of all ranks and followers before leaving their stations will be carried out in accordance with Mobilization Regulations, India.

8. *Voyage rations.*—Voyage rations will be issued at the scales laid down in Scales of Rations and Supplies issued by the I. A. S. C., section I, table 4, and section 2, table 9, for British and Indian troops and followers, respectively.

9. *Drafts.*—The despatch of drafts for the unit overseas from training battalions and similar draft finding units is under the control of the Adjutant General in India.

The procedure is as follows :—

The G. O. C. Troops, Malaya, submits to the Adjutant General in India on about the 1st July each year, a demand for an annual draft stating the number of Indian officers, Indian other ranks and followers that are required to bring the unit up to peace establishment. This demand specifies the specialists or particular individuals required, and also states definitely the class and caste of combatants and followers to be sent. On the receipt of this demand a draft of the necessary strength is prepared by the training battalion or similar draft finding unit, and when the individuals have completed their overseas leave the draft is despatched as soon as possible under arrangements made by the Quarter Master General in India. Except in emergent cases this demand is limited to one draft annually, and it is forbidden that any demands should be made by any channel except through the G. O. C. Troops, Malaya and the Adjutant General in India.

This procedure is not applicable to the despatch of leave details who will be returned automatically without demand when their leave has expired.

10. *Families.*—Free passages between India and Taiping for the families of British officers are admissible under provisions of the War

As accommodation exists in Taiping for the families of Indian Officers and Indian other ranks, such may, to the extent authorised in Appendix XV, R. A. I., accompany the unit to Taiping. Any families not so despatched will be disposed of in accordance with the rules in Passage Regulations, India.

11. *Followers, recruitment of.*—Indian army units will not enrol regimental followers locally when serving at stations beyond the seas and bring them back to India or Burma, as extra expense to the state is involved if such followers claim on being discharged or invalided to be returned to the station where they were enrolled.

Units proceeding overseas will, as far as possible, take their full authorized establishment of regimental followers. If owing to casualties, it becomes necessary to employ local followers, they may be engaged temporarily, but all those so engaged must be discharged before the unit returns to India or Burma.

12. *Animals.*—(i) *Chargers.*—Conveyance at the public expense is authorized for officers' chargers up to the number admissible, *vide* Pay and Allowance Regs. of the Army in India, Part II. Officers receive syco allowance and free forage for authorized chargers. Suitable compensation will be granted by the Government of the Federated Malay States to officers whose chargers are killed or rendered useless for military purposes as a result of employment in the field in local interests.

Replacements are obtained from India.

(ii) *Mules.*—Equipment mules will not be taken from India; the relieving battalion will take over the mules left behind by the relieved battalion. Replacements are obtained from India.

13. *Ordnance and clothing stores.*—(a) *Clothing and necessities.* Indian troops and followers proceeding to Taiping (F. M. S.) will take with them their Indian peace scale of clothing and necessities which include three blankets; these blankets are required for use on the voyage.

Any extra issue blankets will be withdrawn and returned to the clothing depot on which the unit is dependent, unless they are required, in addition to the personnel blankets, for use during the train journey to the port of embarkation. These extra issue blankets will be handed over, before the unit embarks, to the Ordnance Officer at the port of embarkation. Articles to complete to the authorized scales at Taiping will be taken over from the relieved battalion and demands submitted to D. A. D. O. S., Malaya Command to make up deficiencies. While serving at Taiping, Indian troops and followers will, for purposes of clothing, be governed by the rules current in Taiping and not by Indian rules.

No stocks for renewals of clothing and necessities, except those peculiar to the unit will be taken from India. Stocks of articles peculiar to the unit to be taken from India will be determined by the Officer Commanding. Stocks on hand of made up garments, materials and necessities provided under regimental arrangements may also be taken, all freight charges incurred thereby being borne by the unit.

14. *Personal and regimental equipment and ammunition.*—Personal and regimental equipment and ammunition as detailed in Equipment Regulations, India, Part I, Appendix 42, will be taken by infantry battalions proceeding to Taiping (F. M. S.). The relieving battalion will hand over to the relieved battalion the rifle and pistol ammunition brought from India and the latter will return to India with this ammunition even if it is in excess of the allowance of 20 rounds per rifle and 12 rounds per pistol. If the ammunition handed over by the relieving battalion is not sufficient to provide 20 rounds per pistol and 12 rounds per revolver for the relieved battalion, the deficiency will be made up from stocks at Taiping. All other ammunition at Taiping will be taken over by the relieving battalion.

15. *Servants baggage and stores.*—The scales admissible are laid down in Passage Regulations, India, paragraphs 338, 339, 341, 347, 359 Table A, and 362.

16. *Tents.*—Tents will be returned to the arsenal on which the unit is dependent before the unit leaves its station for the port of embarkation.

17. *Pay and allowances.*—(i) *King's Commissioned Officers.*—King's Commissioned Officers of the Indian Army and the Indian Medical Service receive :—

(b) A special allowance of 25 per cent. on their pay, staff pay, and additional pay.

(c) A colonial allowance of Rs. 100 per mensem.

(d) Syce and forage allowance or free forage in lieu if entitled under Pay and Allowance Regulations, Part II.

NOTE 1.—The colonial allowance of Rs. 100 per mensem is continued during privilege leave up to a maximum period of 90 days in a year.

NOTE 2.—The special allowance of 25 per cent. on their pay and staff pay is continued up to a maximum of 60 days in the following cases :—

(i) When officers are required to proceed to Burma for short periods of duty unconnected with the ordinary administration of their units.

(ii) When officers proceed to India to attend courses of instruction.

NOTE 3.—Overseas pay will be drawn in sterling by :—

(1) Officers who on the date of their appointment to Service, had their domicile elsewhere than Asia.

(2) Officers who have a wife or legitimate child in Europe.

Officers other than those mentioned above will draw overseas pay in Rupees.

(i) *Indian ranks and followers.*—Indian ranks and followers receive :—

(a) Pay and allowances at Indian rates.

(b) A special allowance of 25 per cent. on their pay, good conduct, proficiency or good service pay.

(c) Expatriation allowance.

NOTE.—Under the terms of the rule laid down in Note 3 to paragraph 86-A. P. and A. Regulations, Part I, expatriation allowance is admissible to Indian officers and other ranks attending courses of instruction in India ; with this exception the special allowance of 25 per cent. and the expatriation allowance are inadmissible when absent from Malaya.

Pay and allowances are paid by the officer commanding the unit out of funds provided by the Federated Malay States Government through the Command Paymaster, Malaya. The accounts are audited by the Controller of Military Accounts, Burma.

18. *Band allowance, etc.*—Band contract and other allowances are admissible to the unit under paragraph 236, Pay and Allowance Regulations, Part II.

19. *Income-tax.*—British and Indian officers serving in the Federated Malay States are exempt from payment of Indian income-tax on salaries drawn in those States, *vide* paragraph 60, Chapter X, Appendix II, Financial Regulations for the Army in India, Part II.

20. *House-rent*.—British officers are exempt from the payment of house rent, but are required to pay hire for the furniture supplied by the Federated Malay States Government.

21. *Legal suits in civil courts in India*.—Postponement of suits (except those mentioned below) pending before civil courts in British India to which persons subject to Indian Army Act serving overseas are parties, can be obtained, in proper cases, under the "Indian Soldiers Litigation Act, 1925" (for which see pages 509 *et seq* Manual of Indian Military Law). The exceptions are pre-emption cases and cases in which the soldier's interests are identical with those of any other party to the proceeding or are of a purely formal nature.

There are also arrangements, which were made in 1910 and 1911, under which civil courts in British India are required to fix the date of hearing of suits to which an Indian soldier serving in the Straits Settlements (which is held to cover Taiping) is a party so as to allow a period of 3 months between the date of posting the summons or notice and the date for hearing of the suit. See pages 164 and 165, Manual of Indian Military Law.

22. *Books and Stationery*—

(a) *Books*.—The commander, the district or independent brigade areas in which the training depots of the units serving in the Federated Malay States are located will arrange for the supply to the units abroad of the revised or new copies of books of Indian regulations.

(b) One year's supply of army forms, army books, Indian army and other forms will be taken. Headquarters, Malaya Command is empowered to indent direct on the Deputy Controller (Forms), 166, Dharamtala Street, Calcutta, for any fresh supply necessary, in accordance with the rules laid down in I. A. F. Z.-2001, three months before the existing supply is exhausted. Stocks on hand when a relief takes place should be handed over to the relieving unit.

(c) *Stationery*.—One year's supply of stationery will be taken. Headquarters, Malaya Command is empowered to indent direct on the Controller of Printing, Stationery and Stamps, 3 Church Lane, Calcutta for any fresh supply necessary three months before the existing supply is exhausted.

23. *General information*—Information of value to individuals and units ordered to proceed to Taiping is contained in the appendix to these orders.

24. *Amendment of standing orders*.—Suggestions from the unit serving in Malaya for amendments of these standing orders will be forwarded to the Adjutant General in India through Headquarters, Malaya Command, Singapore.

1. *General*.—The Federated Malay States (Perak, Selangor, Negri Sembilan and Pahang) together with the Straits Settlements (Singapore, Malacca, Province Wellesley, the Dindings and Penang) and the territory of British North Borneo, come under the command of the G. O. C. Troops Malaya, whose headquarters are at Fort Canning, Singapore.

British Malaya consists of :—

- (a) *Colonies*.—Singapore, Malacca, Province Wellesley, the Dindings, Penang, Labuan, Christmas Island and the Cocos or Keeling Islands.
- (b) *The Federated States*.—Perak, Selangor, Negri Sembilan, and Pahang.
- (c) *The Unfederated States* (under British protection).—Johore, Kelantan, Kedah, Perlis and Trengganu.

The seat of the federal government is located at the federal capital Kuala Lumpur, in Selangor State.

In 1895 the federation of the four states mentioned above was formed on the signing of a treaty by the rulers of the states in question, who among other matters 'undertook to give each other material assistance in men and money': the wealthier states were to help those needing assistance, any money advanced being considered as in the nature of a loan. These rulers also undertook to raise and equip a force of Indian troops for service throughout the states, and to make them available for the defence of the Straits Settlements in the event of Great Britain being at war with any foreign power.

These troops, consisting of a battalion of infantry and a pack battery, were known as the Malay States Guides. On the conclusion of the Great War they were disbanded and their place taken by a battalion of Indian infantry, for whose maintenance the Federation now pays the Indian Government.

In the unfederated states the several Sultans or rulers are recognised as sovereign rulers under British suzerainty. Each ruler has accepted the advice of a British civil officer who is in the nature of a resident, but who is directly responsible to H. E. the High Commissioner. These officers are styled "British Advisers", except in Johore where the title is the "General Adviser". The internal affairs of these states are controlled by State Councils.

The unfederated states were formerly under the nominal suzerainty of Siam, but during the period 1909-1923 British advisers were accepted under various treaties and agreements between Great Britain on the one hand and Siam and the several states on the other.

The status of the British advisers with the unfederated states, and of the residents with the federated states is similar to that of the residents in the larger feudatory native states of India.

The Straits Settlements are Crown Colonies; for administrative purposes, Penang, Province Wellesley and the Dindings are grouped together to form one unit.

The chief civil officers in Penang and Malacca are styled Resident Councillors.

Since 1900 certain outlying British possessions have been annexed as dependencies to the Straits Settlements, viz., Cocos or Keeling Islands, Christmas Islands, and Labuan. The Resident of the protected state of Brunei in North Borneo is under the High Commissioner for the Malay States.

2. *Climate*.—Dampness is the chief characteristic of the Malayan climate, and this is felt to a greater degree on the west of the peninsula than on the east. The seasonal variation is slight, and the moist heat persists throughout the year. Long spells of drought are unknown.

The continuous humidity is mitigated by the coolness of the nights, which to a certain extent counteracts the enervating effect of the climate. Exercise, however, is essential to the preservation of good health. In other respects the climate is not unhealthy, and the local government is active in combating malaria.

In the past the absence of hill stations has been greatly felt. Considerable strides have now been made in the development of such stations at Cameron Highlands and Fraser's Hill, for which development committees exist. A number of bungalows have been built and dairies and agricultural gardens are maintained.

3. *Accommodation*.—The only military station at which regular Troops are quartered in the F. M. S. is Taiping (Perak), situated some 58 miles from Penang in the Larut plain, an extensive mining area now being re-developed.

One Infantry Battalion is accommodated in the Barracks built for the former "Malay States Guides".

(A) *Barrack accommodation*—

(A) The Barracks are situated near the Government Offices in the north part of the town, within easy reach of the Railway Station and Post and Telegraph Office. They are built as detached bungalows in 2 squares one entirely and one partially surrounding a grassed parade ground. These parade grounds are too small for exercising a Battalion as a whole, but admit of three football grounds. There are also two detached bungalows near the Transport Lines, excellently adapted for housing M. G. Coy.

Besides the barracks, and clearly separated by a main road are spacious well-shaded Married Lines which can easily accommodate 100 families.

The barracks are mainly of bricks and wood, 2 storeyed, except in the married lines, and in good repair. There is no overcrowding. Each barrack has its own Latrine, Cookhouse and Ablution Room.

Sanitation is excellent throughout the town, including the Barracks. There is a net-work of concrete drains scrupulously cleansed daily by the Civil Sanitary Board. Every building in Barracks and Lines is surrounded by similar drains. The local Government also provide a cooke establishment for cutting grass and cleaning up generally. The conservancy system is "Removal"—refuse being taken away by special scavenger motor lorries, and night-soil by a motor conservancy van.

In fact, so good is the construction of the lines and the conservancy system that from time to time detachments of British soldiers from the Battalion at Singapore have been quartered in one of the barracks, during Musketry practice, a procedure entailing a certain amount of discomfort and "closing up" of the Indian troops, but productive of a very good spirit of "camaraderie" in a possibly unique situation, so far as peace conditions go. There are also excellent covered standings for the Battalion L and V G mules with saddlery and forage rooms hard by.

The Battalion Hospital is located near the centre of the barracks.

There are no Bells of Arms, but a small armoury attached to an admirably equipped armourers' shop, and ample accommodation for Battalion Stores, Institutes, etc. There is also a large covered Gymnasium.

(B) Ranges—

The classification range is a station one, and has to be made available for use by the Police and Local Volunteers also. The range is a gallery one, accommodating 12 pairs of targets, with up-to-date fittings. It has recently been renovated and the firing points up to 600 yards realigned and adjusted. From 600 yards exclusive to 1,000 yards inclusive the firing platforms can accommodate 8 men. The range is well provided in the way of a Target Store and shelters for waiting men and protection from rain. There is also an elaborate Trolley system for moving targets and the range can be used for individual Field Practices including Lewis and Vickers Guns.

Short Range.—A serviceable 30 yards range has been constructed about 5 minutes march from barracks. The Firing platform is covered to admit of firing in wet weather and there is a shelter for waiting men also.

(C) Training and Field Firing Grounds—

Owing to the provisions of the State of Perak Enactment No. 12 of 1905 the acquisition of these is, unless taken in hand well in advance, liable to complication. The general nature of the country is also adverse to high military training, and the "Military Land" in the immediate neighbourhood of Taiping including an artillery range has been allowed to lapse and is now largely leased to Mining Companies. The Polo ground is available as a "Parade ground" officially, but is surrounded by a Race Course and in part Golf Links.

In 1923 a field firing ground was acquired near Pusing (60 miles South-East of Taiping on the Railway Branch Line) and an adjoining "Manœuvre Area" proved rather a failure owing to its distance from the Camp Site and shortage of water. The field firing ground was safe and admitted of excellent exercises provided not more than one platoon at a time participated. The Camp Site accommodated 2 companies.

In the years 1924 and 1925 an excellent camp for three companies and Vickers Gun Section was established at Kroh in the extreme North of the State of Perak on the Siam Frontier. The camp has proved a great success, and resulted in great benefit to the unit from a training point of view.

(D) Housing—Officers—

Very liberal—No house-rent charged by the Government.

4. *Medical.*—Amongst the various non-European communities, *e.g.*, Chinese, Malays, Indians, the most prevalent diseases are Tuberculosis, Malaria and Venereal. Cholera and Plague are almost unknown.

In Taiping during the year 1923 Malaria accounted for 33 per cent. of admissions into the Regimental Hospital, Influenza 19 per cent., and Venereal Disease 10 per cent. Most of the malaria cases were relapses from previous infection. Diseases of the enteric group and Diarrhoea are practically absent in the Battalion owing to the excellence of the Sanitation and conservancy in the lines and Barracks. There have been no cases of Infectious Diseases during the stay of the Battalion in Taiping up to the end of December 1924.

5. *Packing and Postal.*—The Postal system for official correspondence is as follows:—

A regimental officer (usually the Adjutant) is franking officer, and all correspondence franked by him pass through the F. M. S. and Straits Settlements Post Offices without Postal labels. There are no "Service" Postage stamps and letters proceeding *ex-F. M. S.* and *S. S.* have to be stamped with ordinary Postage stamps. Mails to Europe are rather irregular, but Mail notices are put up in the Officers' Mess and Clubs: giving dates of sailings of mail steamers, and the hours and dates mails close at the Taiping Post Office.

Minimum rate of Postage for letters—

Within F. M. S. and S. S. Cents 5

Ex-F. M. S. and S. S. Cents 6

In the smaller villages, the Post Office is usually at the Nearest Railway Station.

Banking.—The following are the principal banks :—

A. The Chartered Bank of India, Australia and China (Branches at Taiping, Ipoh and Singapore).

B. The Mercantile Bank (Branch at Penang).

C. The Anglo Chinese Bank (Branch at Penang).

The currency is in dollars and cents, 1 dollar = approx. 2s. 4d. = 100 cents. Paper money is much used.

Currency notes of the following denomination exist—cts. 10, \$1, \$5 00, \$10.00, \$50.00, \$100.00, \$1000.00.

The rate of exchange between Dollars and Rupees is constantly fluctuating, and is declining. Rs. 155 = \$100.000 may be taken as an average.

N.B.—The local Post Office will not return Payee's Receipts for sums remitted by Money Orders unless a fee of cents 10 is paid over and above commission.

Telephone and Telegraphs.—The Telegraph service comes, under the Postal Department, as does the telephone.

Telegraphic rates are as follows :—

Cablegram to Europe per word \$1 23.

Cablegram to India per word 60 cents

Telegram Inland per word 5 cents.

The telephone service is good and one can converse by its means with Penang and Kuala Lumpur, and several other towns in the F. M. S. but as yet not with Singapore

6. *Sports.—Games.*—Considerable enthusiasm is shown over games throughout the Protectorate, and, notwithstanding the heavy rainfall, most games can be played throughout the year. Nearly every township and many of the larger villages, have their "Pndang" (maidan) which is a recreation ground and almost invariably rises to an Association Football pitch, if nothing much else. Football is the game, and the natives prefer Association to Rugby. Rugby Football and Hockey are played mainly by the European Communities, but all go in for cricket with enthusiasm notwithstanding the frequently difficult wickets and dead out-fields, which are conducive to low scoring. The conditions under which cricket is played are strenuous and sawdust has to be used a lot by European bowlers, however fine the weather, to cope with the profuse perspiration play engenders.

There is keen competition between the various states, and in most cases, there is ample field for a good selection, as players are often willing to go 100 miles or so in order to participate in a Trial Game.

An Association Football League exists in Taiping and there is generally no difficulty in fixing up numerous friendly games between Battalion and Company teams and various European and Native Teams.

Polo.—Is played in most of the larger towns, the standard is not high but the players are keen. Malay and Chinese gentlemen participate, and His Highness the Sultan of Perak and his entourage are keen patrons of the game, and also turn out. His Highness has a Polo Club under his direct patronage at his Capital, Kuala Kangsar.

Polo ponies are generally imported from India and cost \$550 to \$600. A cheap one may occasionally be picked up at race meetings having failed as a racing pony.

Racing.—Penang, Ipoh (Perak), Kuala Lumpur (Selangor) and Singapore are the chief centres. However many of the smaller townships have their Race Course (there is one at Taiping) in which smaller meetings are indulged in. The civilian population, European, and otherwise are keen on this sport.

Boxing.—Is much encouraged among the local schools, and by various associations. Frequently the Battalion is asked to put up competitors for special contests arranged as extras to the programme and for which valuable prizes are offered.

Golf.—Popular throughout the Protectorate amongst Europeans.

Lawn Tennis.—Very popular amongst the Europeans and Chinese. The latter hold most of the championships and are extraordinarily keen on the game, and the standard of play among them is very fairly high. Earth, gravel concrete and grass courts are played on throughout the year whenever the weather permits.

Shooting.—Big game shooting is poor owing to the density of the forests and jungles. Tiger is abundant, but most difficult to get at. Pig and Crocodile are the most usual game brought to bag. The shooting of the former is much encouraged as they do considerable damage to crops, and from the nature of the country pigsticking is out of the question.

Of small game the most sporting birds are snipe, and a small green fruit pigeon. The snipe shooting is very fine only the "going" is considerably harder than in India or Burma. The Krian Rice cultivation area, about 20 miles North-West of Taiping is famous for the abundance of birds and fine hags can be made. The Pigeon shooting is indulged in in the so called dry season and is slight shooting pure and simple and to enjoy it to the full one is rather dependent on the good will and hospitality of the neighbouring planters.

Gun and Game licences and a permit for the purchase of ammunition are necessary. They can be obtained through the Assistant Commissioner of Police, North Perak, and the fees are very small. Non-European residents are permitted to possess firearms and shoot if duly licensed, and the Police Authorities are not averse to issuing these licences to other ranks provided the number of private firearms in each company is limited. At present every officer is allowed to be a licensee and 4 other ranks per company including Headquarters Wing.

7. *Travel.*—(a) *Within the Malay Peninsula.*—(i) *Railway.*—The Federated Malay States Government owns the railways both in the Federated Malay States, the Straits Settlements (Singapore Island, Malacca, Province Wellesley) and the unfederated states of Kedah, Perlis and Kelantan. It has leased the Johore State Railway (121 miles), extending from Johore Bahru at the southern extremity of the peninsula opposite Singapore Island, to Gemas on the boundary between Johore and the Federated Malay States. A causeway carrying two lines of rail and a roadway across the Johore Straits connects the Island of Singapore with the mainland. At Gemas the line branches into the West Coast and the East Coast lines.

The West Coast line runs north-north-west through Negri Sembilan, Selangor, Perak and Province Wellesley to Prai—the port opposite Penang harbour about 488 miles from Singapore. From Bukit Mertajam, seven miles from Prai, the line proceeds through Province Wellesley and the unfederated states of Kedah and Perlis to the Siamese frontier station of

Padaog Besar, 580 miles from Singapore. Through traffic with the royal state railways of Siam was opened on 1st July 1918, the distance between Singapore and Bangkok being 1,194 miles.

The East Coast line proceeds northward from Gemas through Negri Sembilan and Pahang towards Tumpat, in Kelantan. It is completed and opened for traffic as far as Merapoh Station, 43 miles beyond Kuala Lipis, the capital of Pahang, 184½ miles from Gemas and 321½ miles from Singapore. Merapoh is the last station in Pahang territory and is about three miles from the frontier. At the other end a section of 63 miles extending from Tumpat—the port of Kelantan—to Manek Urai, at the crossing of the Lebir River, has been completed and opened for traffic. This line when extended southward will meet the line from Gemas and provide through direct communication with Singapore from Kelantan. Construction is in progress southwards of Manek Urai towards Pahang. A branch line 13 miles long has been made from Pasir Mos in Kelantan to the Golok River of the Siamese boundary, where it joins the Siamese line running to Haad Yai Junction, 145 miles distant, the junction for the main Bangkok-Penang-Singapore line. Through working between the Federated Malay States and Kelantan via the royal state railways of Siam started on 1st November 1921.

Branch lines connect the main line with the ports on the West Coast at Malacca, Port Dickson, Port Swettenham, Teluk Anson Wharf and Port Weld.

(ii) *Roads*.—In 1929 there were approximately 3,000 miles of metalled roads in the F. M. S. and some 600 miles in the Straits Settlements (exclusive of those within municipal limits).

The metalled roads are well graded and kept in good condition for motor traffic of which there is a considerable amount.

There are numerous well-equipped rest houses in all the states; permission to occupy must be applied for in advance from the civil authorities.

(iii) *Coastal*.—Numerous small steamers ply between the various ports, particularly on the west coast.

(b) *Without the Malay Peninsula*.—Excluding India, the countries most easily reached are :—

(i) The Dutch Indies (particularly Sumatra and Java).

(ii) Siam.

(iii) Australia.

(iv) Indo-China, China and Japan.

Of these (i) and (ii) are easily reached.

The Dutch government encourage tourists to visit Java, Sumatra and Bali. Immigration formalities are negligible and the customs authorities are most courteous towards British tourists. It is advisable to obtain a passport bearing the visa of a Dutch consulate or consular agency.

Java is the most advanced island in the Dutch East Indies, and possesses an excellent railway system, enabling tourists to visit with ease and comfort nearly all the places of interest; the hotels are good and travelling if done leisurely, is not expensive. Brief rushed tours by motor car should be avoided.

Roads are severe on tyres and it is hardly advisable to take one's own car. Bandung, Garoet and Djokjakarta are good centres. The merits of Torani as a hill station are apt to be exaggerated as it is cramped and the climate is marred by the prevalence of fog for about nine months of the year.

Tosari probably owes much of its reputation as a tourist resort to the proximity of the famous 'Sand Sea' and 'Bromo Volcano'. Many of the well-known volcanoes of Java being dormant or extinct, are disappointing when compared with Etna or Vesuvius. The majority are volcanic mountains covered in forest, which at some period in history have erupted and caused heavy loss of life. Of the more famous the following may be mentioned :-

Radeng, in the extreme east of the island ; remote and inaccessible. Still active.

Smerue, south of Tosari. The highest mountain in Java ; remote. Dormant.

Merapi, near Djokjakarta in central Java. Has been active centuries.

Gedeh, south-east of Buitenzorg. A lofty dormant volcano.

Of those still in eruption the most famous are Galovenggoeng and Papan in the Preanger Regencies. Both are accessible without much difficulty.

The ruins of the Borobudur and Brambanan temples near Djokjakarta though considerably restored, are well worth a visit.

Sumatra has been less opened up than Java. Its chief attraction to the tourist from Malaya lies perhaps in the hill station of Brastagi (6000 feet). It is easily reached via Penang, the Dutch port of Belawan and Medan. It is 77 Kilometres from the last named town. There are hotels at Brastagi with tennis courts and two indifferent golf links. Climate is ideal and there is good riding country in the neighbourhood. (Ponies of the Deli breed, not unlike Burma ponies, are easily obtained.

Bali is chiefly famous for its Hindu temples. There are no railways but a round trip of the island can be done by motor car.

Siam.—For touring in Siam, Bangkok would probably be the best starting point.

INDIA ARMY ORDERS.

I. A. O. 9. London Gazettes.—The undermentioned London Gazette was received at Army Headquarters on the 4th January 1932 :—

No. 33779, dated 11th December 1931.

I. A. O. 19. Appointments, Promotions, Leave, etc., List No. 27.—List No. 27 of appointments, promotions, leave, etc., which have been approved by His Excellency the Commander-in-Chief, is issued with this order.

0991|M.S.

I. A. O. 11. Extracts from Secretary of State's Weekly List No. 50, dated 10th December 1931.—Extracts from Secretary of State's Weekly List No. 50, dated 10th December 1931 of military officers, etc., of the Indian establishment permitted to return to duty, granted extensions of leave, or retiring from the service, etc., are issued with this order.

06467-II|M.S.-8.

I. A. O. 12. Soldiers Service—B. A.—War Office letter No. 19|Gen.|8445 (F. 3-S.) dated the 30th November 1931, is published below :—

In view of the large number of enquiries which have been received regarding the pension position of soldiers who continue in the service beyond 21 years, subsequent to 1st October, 1931, particularly for the purpose of pulling up boy service, I am commanded by the Army Council to confirm that continuance in the service does not in any way affect the entitlement of the soldier concerned to pension on a particular scale.

A soldier's entitlement to pension on the 1919 scale is determined, under Army Order 192|31, entirely by the date on which he re-engaged to complete 21 years' service, or otherwise engaged to serve with the colours for a period sufficient to entitle him to a service pension. The phrase "21 years' service" in the Army Order means service for pension under Article 1077, Pay Warrant, 1931, and not "qualifying service" for pension as defined in Article 1079.

A soldier who, having re-engaged to complete 21 years' service, subsequently prolongs his service on his current attestation by continuance beyond 21 years, either for the purpose of completing 21 years' qualifying service (i.e., unforfeited colour service over the age of 18) or for any other purpose, does not thereby surrender any right he may already possess under Army Order 192|31 to pension at the 1919 rates. He will surrender such right only in the event of discharge and re-enlistment, other than under Army Order 355 of 1927.

A soldier who has re-enlisted on a 12 years' engagement with at least 9 years' former service comes under the new scales under Army

B-16621/A.G.-2.

I. A. O. 51. Selection, registration and employment in civil capacities of pensioned and discharged Indian soldiers and reservists.—The attention of officers commanding units containing Indian personnel is directed to the revised Appendix XVII of R. A. I. published in Section 2 of Amendment to Regulations, Books and Forms, dated 2nd January 1932.

2. Officers commanding concerned will carefully study this appendix in order to appreciate their responsibilities in connection with the preparation and issue of the civil employment certificate (I. A. F. Y-1962) and civil employment register (I. A. F. Y-1969) referred to therein. The former form has been revised and the latter is a newly introduced form. Copies of both forms are being printed and should be obtained in the usual manner from the Deputy Controller, Forms, Calcutta. The scale of supply for I. A. F. Y-1969 is the same as that laid down for I. A. F. Y-1962 in I. A. F. Z-2001.

3. As it is on the information contained in these forms that recruiting officers and district soldiers boards will seek to obtain employment for ex-soldiers, it is essential, both in the interests of the soldier and in fairness to the potential employer, that they should be carefully prepared; officers commanding being directly responsible for the recommendations made will personally sign both these forms.

B-10414/A.G.-6.

I. A. O. 52. Followers.—Attention is invited to Army Department Gazette notifications Nos. 516 and 766 of 1931 authorising the formation of two new "Corps" for the purposes of enrolment of followers, viz. :—

(a) The Corps of Followers—General Service, comprising followers enrolled for general service on mobilization,

(b) The Corps of Regimental Followers, comprising the followers of Cavalry, Royal Artillery, Indian Engineers, Indian Signal Corps, Infantry and Pioneers,

vide items (vi) and (vii) of sub-rule (A) of I. A. A. Rule 161 as amended by the latter Gazette notification.

2. Enrolments of followers in the "Corps of Followers—General Service" will not be carried out in peace but only during mobilization. All followers, for whatever arm or branch of the service enrolled, including regimental followers, will then be enrolled in this "Corps".

3. The "Corps of Regimental Followers" comprises all regimental followers of the arms specified who are enrolled in peace. In future therefore all regimental followers enrolled in units of the following arms :—

Cavalry (British and Indian), Royal Artillery (British and Indian), Indian Engineers (including S. and M.), Indian Signal Corps

1st February 1932.

will be enrolled in this "Corps", viz., "The Corps of Regimental Followers" and not for any particular unit or particular arm as heretofore.

The object aimed at is simplicity in enrolment of regimental followers and although legally such enrolments involve liability to transfer from a unit of one arm to a unit of any of the others specified above, such transfers will not be resorted to except in special circumstances. It is not the intention of the amendment to introduce any unnecessary or coercive transfers. It should also be noted that the formation of the two new "Corps" involves no change in actual enrolment procedure.

B-16901/A.G.-6.

I. A. O. 53. Dress — His Excellency the Commander-in-Chief has noticed an increasing tendency to irregularities in dress, of which the following are examples :—

- (a) An officer wearing the blue serge frock relieving sentries dressed in khaki
- (b) A general officer using regimental saddlery.
- (c) Departure from regulations as regards wearing of gloves

Commanders of all formations and units will direct particular attention to this matter and put an immediate stop to any departure from the regulations.

Attention is drawn to the fact that, although brown or buff wash-leather gloves are authorised for wear with service dress, all officers of a unit must be dressed alike.

B-18480/A.G.-11.

I. A. O. 54. Officiating appointments in permanent vacancies in posts outside time-scales or in selection grades—Government of India, Finance Department, Office memorandum No. F-78-XIII-Ex. 1131, dated the 21st September 1921, on the above subject, is republished below :—

With the approval of the Secretary of State in Council, it has been decided, in respect of posts under the administrative control of the Governor General in Council (whether in all-India or Central Services), that all appointments to permanent vacancies that may arise during the next twelve months in posts in selection grades or posts outside the ordinary time-scales, which there is reason to believe may be recommended for abolition when orders are passed on the scheme of retrenchment, shall, pending final issue of those orders, be made in an officiating capacity.

2. If it is decided not to abolish a post to which such an appointment has been made, the officiating holder should be confirmed retrospectively from the date on which he would normally have been confirmed.

have been reported to Army Headquarters, as the result of an investigation made by the M. G. O. in India to establish the necessity for more rigid attention to the care and condemnation of Ordnance Stores by Officers Commanding units.

2. In supersession of the orders contained in paragraph 134, Regulations for the Equipment of the Army in India, Part I, it has been decided that Chief Ordnance Officers will not call upon Officers Commanding units for an explanation, but will report such cases, with their recommendations, direct to Brigade Headquarters. The Brigade Commander will call upon the unit for an explanation and after investigation, will, when necessary, obtain the orders of the District Commander or will give a decision himself with reference to sub-para. 2 of paragraph 134, E. R. (I.), Part I. The C. O. O. will send a copy of the report to the D. A. D. O. S. concerned who will, under orders of the District Commander, assist the Brigade Commander in his investigation, as may be necessary.

3. Pending a decision the stores concerned will be set aside in I. A. O. C. establishments, so that they can be produced if required.

Para. 134, E. R. (I.), Part I, will be amended in due course.

14043/M.G.O.-13-A.

I. A. O. 61. Forms—Annual Confidential Report—I C C—Annual confidential reports on Indian clerks of the Indian Corps of Clerks will in future be prepared on I. A. F. 8th February 1932.

- (ii) that the Ajmer recruiting area as at present constituted also ceases to be a separate recruiting area in charge of a recruiting officer at Ajmer and is similarly amalgamated with the present Delhi *cum* Lucknow recruiting area. The headquarters of the recruiting officer of this combined recruiting area will be Delhi.

3. The following further information is notified for guidance:—

- (a) The present Peshawar and Ajmer recruiting areas (as is also the position with regard to the former Lucknow recruiting area) will on mobilization again revert to the charge of separate recruiting officers. The Peshawar and Ajmer recruiting areas will not therefore entirely lose their separate identities.

- (b) On and after the 1st March 1932, when the amalgamations in paragraph 2 above have taken place, the recruiting officer, Rawalpindi, will control, and be responsible for, all recruiting in the present Peshawar recruiting area and all demands from regiments, corps, etc., for Pathan recruits will be made on the recruiting officer, Rawalpindi. Similar conditions will apply in regard to the present Ajmer recruiting area, all demands for recruits of Rajputana classes being placed on the recruiting officer, Delhi.

(N.B.—Demands for recruits from the Lucknow area will continue to be sent direct to the assistant recruiting officer, Lucknow, as at present.)

- (c) The provisions of India Army Order 232 of 1930, which gives the authorised class composition of the Indian army will still hold good.

- (d) The permanent recruitee scheme now in force in the present Peshawar recruiting area [*vide* Army Instruction (India) B-12 of 1928] and in the present Delhi *cum* Lucknow recruiting area [*vide* Army Instruction (India) 2 of 1931] will also hold good and will not be affected in any way by these amalgamations. Conversely the permanent recruitee schemes will not be extended to the present Ajmer and Rawalpindi recruiting areas as a result of these amalgamations.

- (e) One of the two assistant recruiting officers allotted for Delhi is normally to be employed exclusively in connection with the recruitment of Rajputana classes, it being easier and more economical to operate from Delhi recruiting in Northern and Eastern Bilander, Alwar, Bharatpur and such parts of the Punjab States that are in the present Rajputana recruiting area.

4. Any subsidiary instructions considered necessary will be issued by the recruiting officers of the combined Rawalpindi and Delhi recruiting areas.

I. A. O. 82. Reserves—Indian Army.—Reservists on being called up for annual or biennial training should present I. A. F. Y.-1954 to the railway authorities in return for a railway ticket to their respective training centres.

Cases have been reported in which reservists coming up for training presented I. A. F. Y.-1953 to the railway authorities and demanded a railway ticket to their training centre.

The railway voucher portion of the Reservists Parchment Certificate, A. F. Y.-1953, is only for use on general mobilization and is clearly marked to that effect.

Officers commanding are responsible that all men transferred to the service thoroughly understand the purport of these two forms.

I. A. O. 83. Legal and Judicial.—When the British officer of a unit which has one British officer only on its establishment is absent on temporary duty or privilege leave, the following arrangements will be made for the command of the unit :—

(a) In cases where either a British warrant officer or an Indian officer holding a Viceroy's commission is available, but not when both are available, the British warrant officer or the Indian officer will take command, provided he is able to maintain correspondence and accounts and is considered in all other respects capable. In such cases the personnel of the unit will be attached for disciplinary purposes to another unit under the orders of the local commander.

(b) In all other cases arrangements will be made to relieve the British officer by another British officer.

B-16111/A.G.-5.

2. Stationery is an expensive item of army expenditure and considerable further economy is possible by care on the part of clerks and by a careful scrutiny on the part of indenting officers when submitting indents for articles of stationery.

" It has been decided by the financial and administrative authorities at Army Headquarters that with effect from the accounts for 1932-33 the flat rate of Rs. 2 per approved recruit on account of subsistence allowance should be compiled to Head II-M.(b) Recruiting Staff—' Incidental and Miscellaneous expenses ' instead of as at present to Heads I and II under several arms of service or formations concerned ".

2. The underlying object of the above decision is to make the recruiting budget-Head II-M.(b)—Recruiting Staff, self-contained as far as possible, that is, that it should embrace all charges in connection with recruitment of personnel enrolled both for fighting units and various administrative services. Consequently the consolidated subsistence allowance and rail fare of Rs. 2 (flat rate) paid per approved recruit and debited to the budget of the respective arm of service to which the recruits are enrolled will, with effect from 1st March 1932, be compiled to one Head of the Budget [viz., Head II-M.(b)—Recruiting Staff, Incidental and Miscellaneous expenses], irrespective of the unit or service to which enrolled. In this connection it should be remembered that the incidental and miscellaneous expenses of the recruiting staff are a locally controlled item and the budget estimates thereof are framed by respective commands and the Burma District. In order therefore to ensure that such estimates are accurately framed, all units and administrative services will, in the case of those recruits enrolled at unit or corps headquarters, render to the recruiting officer concerned by the 1st week of each month a statement showing the number of recruits enrolled up to the last date of the previous month and the amount of the flat rate paid.

I. A. O. 112. System of accounting for I. A. S. C. supplies in Supply Depots.—In supersession of the existing orders on the subject the following procedure will be adopted with effect from 1st April 1932, by all supply depots and units in the matter of indenting, issuing and accounting for I. A. S. C. supplies:—

(i) A separate section to be known as the "Central Ledger Section" will be formed in each supply depot, which will maintain a central ledger (I. A. F. Z-2109) for all groups in the depot, apart from the ledgers at present maintained by the various groups.

(ii) I. A. F. S-1577 (Day Book) will be abolished.

(iii) Each storekeeper will render to the Central Ledger Section "Daily Statement" as per Annexure 'A' to this order.

2. The procedure in regard to receipts and issues of stores will be as under:—

A.—Receipts.

(i) Railway receipts and vouchers will be registered in the Stores Section in a register maintained for the purpose and then passed on to the R. & D. Section.

(ii) From these railway receipts and vouchers the R. & D. Section will enter all necessary particulars in I. A. F. S-1581. Railway receipts will be retained by the R. & D. Section and vouchers passed on to the groups concerned.

(iii) Stores on arrival will be checked by the R. & D. Section and handed over to the storekeeper concerned together with I. A. F. S-1515 in triplicate. All the 3 copies of I. A. F. S-1515 will be receipted by the storekeeper and countersigned by the Supervising Officer. One copy will be retained by the storekeeper, one returned to the R. & D. Section and one attached to the Daily Statement.

(iv) On receipt of stores the vouchers mentioned in (ii) will be endorsed by the storekeeper. He will, after necessary entries

have been made in his ledger, forward the unreceipted copy of all vouchers to the Central Ledger Section and the receipted copy to the R. & D. Section for return to the consignor. The R. & D. Section will then complete I. A. F. S.-1584 (Register of Stores received by rail). The credit entries will be supported by a copy of I. A. F. S.-1515—see (iii) above.

- (v) Receipts shewn on the Daily Statement will be supported by one copy of I. A. F. S.-1515 [see (iii) above] and issues by I. A. F. S.-1619 bearing the certificate of issue on the reverse.
- (vi) The Central Ledger will then be posted.
- (vii) Central Ledger Section will file their copy of vouchers on receipt from the storekeeper to support the ledger entry and also file I. A. F. S.-1515 as a link between the ledger entries and the Register of Losses until such time as the necessary Loss Statement is received duly sanctioned.
- (viii) The preparation of Loss Statements by Groups will remain unchanged. A record of Loss Statements outstanding will be kept in the Central Ledger Section in addition to the Register of Losses maintained in Stock Section.

B.—Issues.

- (i) I. A. F. Z-2098 will on receipt be entered in the Register of Requisitions—I. A. F. Z-2095—by the Central Ledger Section.

From the information contained in I. A. F. Z-2098, Issue Orders will be prepared in triplicate on I. A. F. S-1610 by the Central Ledger Section. One copy will be retained and two passed on to the Group concerned for the issue of stores to the B. S. O. or to units in the case of cis-Indus depots.

- (ii) Both the copies of Issue Orders will be duly signed on the reverse by the O. C. depot, or his representative. One will be returned to the Central Ledger Section in support of issues shown on the Daily Statement and the second will be retained by the storekeeper to support entries in his ledger and tally sheets.

to the O. C. depot who will carry out such investigation and adjustment as may be necessary.

NOTE.—Storekeepers' ledgers are not auditable by the Local Audit Officer.

(vi) In the case of supplies intended for units at outposts, where there are no supply depots, usual R. & I. vouchers will continue to be made by storekeepers as before. In such cases the Stock Section will make out Issue Orders on receipt of indents from the B. S. O.

5. The cancellation of I. A. F. S-1606 and I. A. F. S-1577, the standardization of the Daily Statement published as Annexure 'A' and the amendment of regulations on the subject will be carried out in due course.

(2) In Schedule VIII to the said Rules—

(a) to the entries in column 6 of Forms XV, XVIII and XIX and in column 11 of Form XVI, the words, figures, asterisk and brackets “ unless previously censing to be in force under the proviso” to sub-rule (1) of rule 42 ” shall be added ;

I. A. O. 120. Recruiting—Indian Army.—Reference item 81 of I. A. F. Z-2000, Regimental Section. Officers commanding, units concerned will submit I. A. F. K-1159, duly completed, so as to reach recruiting officers on, or at the earliest possible date after, the 1st April 1932.

As the returns in question are required in connection with a return for the whole army which has to be compiled at Army Headquarters, it is important that there should be no delay in submission by units.

I. A. O. 121. Provident Fund Deposits—Payment by the High Commissioner for India of Advances and Withdrawals from —.—In accordance with a Resolution by the Secretary of State in Council, dated the 5th February 1924, the High Commissioner for India is authorised to conduct all business arising in the United Kingdom out of the administration of the General or any other Civil Provident Fund, and it has hitherto been the practice for account officers in India, when occasion has arisen, to authorise the payment by the High Commissioner of temporary advances and withdrawals for the payment of insurance premiums.

As all deposits in civil provident funds are rupee deposits and are finally payable in India in rupees, the Government of India consider that there is no justification for the payment of such sums in other than rupee currency.

It has, therefore, been decided that in future, on the analogy of the rules of provident funds governing the final payment of deposits, applications for the payment of advances and withdrawals through the High Commissioner will be rejected.

The Government of India, Finance Department, have addressed the Secretary of State for India on the subject of the powers of the High Commissioner in respect of the conduct of the business of provident funds in the United Kingdom, and on receipt of his reply, a further India Army Order will be published.

Authority :—Government of India, Finance Department, letter No. D.12551-R. II/31, dated 3rd November 1931.

I. A. O. 122. Furlough—B. O. Rs. of British Units, Signal Units, and Pack Artillery.—As the regulations now stand demands for passages in March and April are extremely heavy with the result that there is considerable congestion in these months, when transport accommodation is limited and private steamers are fully booked up, and furlough details are sometimes delayed till July.

2. The following revised rules are therefore issued :—

“ With effect from the trooping season, 1932-1933 the grant of free furlough under the provisions of paragraph 923, R. A. I., will normally be restricted as under :—

(a) to married warrant officers, non-commissioned officers and men whose families are in India,—either winter or summer furlough ;

(b) to all other warrant officers, non-commissioned officers and men,—summer furlough ;

(c) furlough will only be granted at other periods of the year to individuals whose presence in the United Kingdom is essential on urgent or exceptional grounds.”

3. By utilising freightship accommodation in the autumn married winter furlough details are assured of their full period of leave, and are less likely to be detained in the United Kingdom at inconvenience to their units, owing to shipping difficulties.

4. Paragraph 9 of the instructions on India Army Form L-1174 will be amended in the next reprint of this form.

2. Units holding cartridges, signal and illuminating as mobilization equipment will exchange them annually on receipt of their annual allowance, expending those withdrawn from mobilization equipment on practice. The revised scales under publication will permit of this being done.

3. Where exchange with practice ammunition cannot be carried out (as in the case of post stores) action will be taken in accordance with paragraph 223, E. R. I., Pt. I; the exchange of cartridges being carried out by C. O. Os. after the annual test of arsenal stocks.

A. C. I. No. 99 of 1931. Soldiers' families granted advance passages from India—Travelling expenses in the United Kingdom.

1. It is the practice of the Government of India from time to time to sanction advance passages from India for the families of soldiers of British service units on the Indian establishment, on educational, domestic, or compassionate grounds, etc. These passages are granted subject to the condition that the families have no further claim to passages during the remaining period of the soldiers' current tour of service in India, and this fact should be recorded in each case by the officer-in-charge records concerned.

2. As families of soldiers granted passages in such circumstances are not entitled to conveyance to a selected place of residence at the public expense, neither railway warrants nor army baggage consignment notes should be issued to them on arrival, by officers superintending disembarkations. Similarly, railway warrants and army baggage consignment notes should not be issued by O. C. units for the subsequent journey from their selected place of residence to rejoin the soldiers at a station at home.

3. When such families have rejoined the soldiers at a station at home on the latter's return from India, however, they may be allowed the cost of the journey from their selected place of residence to the station, not exceeding the cost, at military rates, as from the port of disembarkation of the soldiers.

4. It is also the practice of the Government of India from time to time to sanction advance passages from India to the families of soldiers of British service units on the Indian establishment, in special cases owing to the exigencies of the service, i.e., when the soldier, in the last year of his tour of service abroad, is ordered to a frontier station in India. In all such cases railway warrants and army baggage consignment notes may be issued for the journey of the family (i) from the port of arrival from India to a selected place of residence in the United Kingdom and (ii) from the selected place of residence in the United Kingdom when they rejoin the soldier at his station on arrival from India.

5. The cost of the journeys in (i) of paragraph 4 is chargeable against Indian revenues. The railway warrants and army baggage consignment notes issued thereunder will, therefore, be endorsed "payable by India Office". The cost of the journeys in (ii) of paragraph 4 is chargeable against Army funds, and the railway warrants and army baggage consignment notes issued thereunder will be prepared for payment purposes in the normal way. Paragraph 4, sub-para. (i) or (ii), as the case may be, of this A. C. I. must be quoted as the authority on all railway warrants and army baggage consignment notes issued thereunder.

6. In order that officers superintending disembarkations may be able to differentiate between the families referred to in paras. 1 and 4, on arrival from India, the Government of India have agreed to provide the families referred to in para. 4 with I. A. F. T.-1734, showing them as entitled to conveyance to their selected place of residence in the United Kingdom. These forms will be conspicuously endorsed in red ink "On the soldier proceeding to a frontier station" and the printed reference thereon to category and sub-category will be ignored.

I. A. O. 177. Discharges—British Army.—War Office letter No. 19/General[8475 (D[A.G.1.e]), dated the 24th February 1932, is published below :—

“In connection with applications for the release of soldiers from the Army on compassionate grounds, I am commanded by the Army Council to inform you that it has come to notice that a misunderstanding has occurred in many of these cases owing to commanding officers and officers-in-charge records, when communicating with applicants, not emphasising the fact that the submission of a guarantee of employment is no assurance that a soldier will be released, thus giving the impression that transfer to the army reserve or discharge would automatically follow the production of a satisfactory guarantee.

I am to say that release from the Army on compassionate grounds is limited to cases of extreme hardship on the part of a soldier's parents, wife or near relative, but one of the essential conditions after the compassionate grounds have been accepted is that a satisfactory guarantee of employment, stating the wages offered, is forthcoming from a prospective employer in the event of release being authorised. In the absence of such a guarantee of employment the application cannot be proceeded with.

The submission to the military authorities of a guarantee of civil employment mentioned above is only one of the many factors to be considered in dealing with each case, and is no assurance that a soldier will be released.

I am to request that you will issue instructions to all concerned with a view to the contents of paragraphs 2 and 3 above being communicated to applicants in such cases.

“I am to add that question 10 of future reprints of Army Form B.232 will contain an amendment on the lines of paragraph 3 above.”

I. A. O. 178. Vocational Training.—Army Council Instruction No. 350 of 1931, is republished for information :—

1. The following amendment will be made to Army Council Instruction 483 of 1926 (as amended by Army Council Instruction 208 of 1928) :—

For para. (h) substitute :—

“(h) A soldier holding a lance appointment who is permitted to undergo a course of vocational training will not on that account be deprived of his lance appointment, whether paid or unpaid. Unless holding a lance appointment under a system of time promotion he will continue to count against the establishment of lance ranks in the unit in which he was serving before going to the vocational training centre.

2. This amendment will not apply to soldiers undergoing a course of vocational training at the date of this Army Council Instruction.”

For para. (b) substitute:—

(b) A soldier holding a lance appointment who is permitted to go on a course of vocational training will not on that account be considered to have forfeited his lance appointment, whether paid or unpaid. Unless a soldier holding a lance appointment under a system of time promotion he will continue to count against the establishment of lance ranks in the unit in which he was serving before going to the vocational training centre.

This amendment will not apply to soldiers undergoing a course of vocational training at the date of this Army Council Instruction."

NOTICE.

Quetta Military Nursing Association.

1. This Association, membership of which is open to all married officers of the British and Indian Services quartered in Baluchistan District or Zhob Area, was started in April 1929, with the object of providing at the minimum cost to the officer concerned, skilled nursing attention for his wife and family in the event of sickness. An officer's wife or child is not officially entitled to accommodation, or treatment in the family hospital, which in its present form only exists officially for the families of British other ranks. By courtesy and custom, officer's families are now received as patients on a charge of Rs. 4 per diem and the existing hospital staff undertakes the ordinary routine nursing of their case. But in the event of serious illness where special nursing is necessary, the cost of this must come out of the officer's own pocket, and it was to insure against this sudden heavy expense of special private nursing (the fee of a trained nurse being Rs. 10 per diem, and Rs. 12 for night duty) that the Quetta Nursing Association was started.

2. The subscription is Rs. 2 per month payable either through club bill, through P. M. C.'s or by bankers order on the Imperial Bank of India.

3. When the wife or child of a subscriber is admitted to the family hospital, and a special private nurse is authorised on the recommendation of the medical officer in charge, the fees of the nurse will be paid by the Association.

4. Normally the Association only operates in cases admitted to the Family Hospital, Quetta, but where a case of illness of such a serious nature as to require a special nurse occurs in any out-station of Baluchistan or Zhob, and if the medical officer-in-charge of the case states definitely that it would be impossible to move the patient to Quetta, the charges would be met, as would also be the case if patients in Quetta could not be moved from their residences to the Family Hospital.

5. An intending subscriber is not eligible for membership should his wife or child be at that time in or about to be admitted to, the family hospital, or if a medical officer has advised on operation.

6. Officers who join immediately on arrival in Baluchistan or the Zhob are entitled to the benefits of the Association at once. Officers who join subsequently are not entitled to any benefits until two calendar months have elapsed from the date of becoming a member of the Association.

7. The benefits do not formally apply to maternity cases.

8. The Association is administered by a Committee consisting of the G. O. C., Baluchistan District as President, an officer of the British Service, an officer of the Indian Service, a representative of the Staff College, Quetta, and the O. C., B. M. H., Quetta, with a Staff Officer of the Baluchistan District as Honorary Secretary and Treasurer.

9. Other formations may wish to consider the advisability of starting similar associations. A copy of the rules of the Quetta Nursing Association may be had from the Honorary Secretary of that Association.

INDIA ARMY ORDERS.

I. A. O. 196. Extracts from Secretary of State's Weekly List No. 1 dated 10th March 1932.—Extracts from Secretary of State's Weekly List No. 10, dated 10th March 1932, of military officers, etc., of the Indian establishment permitted to return to duty, granted extensions of leave, retiring from the service, etc., are issued with this order.

06467-II|MS-3.

I. A. O. 197. Allotment of vacancies at the Equitation School, Saugor for the period September 1932, to May 1933.—1. The bulk allotment of vacancies for the long course, shown in Annexure "A" to this order, be sub-allotted by the following in direct communication with units:—

- (a) Cavalry and Bodyguards—by the Commandant, Equitation School.
- (b) Royal Engineers—by the Engineer-in-Chief.
- (c) Royal Artillery—by the Major General, Royal Artillery.
- (d) Signal units—by the Signal Officer-in-Chief and Commandant, Signal Training Centre, India.

2. Nominal rolls of students attending the course will be sent by unit direct to the School so as to reach there one month before the commencement of the course. They will be prepared on the *pro-forma* shown in Annexure "B" to this order.

3. Chargers—

- (a) Each student on arrival will be provided by the School with:
 - (i) a fully trained horse,
 - (ii) a half trained horse,
 - (iii) a raw remount.

These horses will be fed and syced by the School.

British and Indian N. C. O. students will not take any horse with them.

- (b) Each British officer student will take two chargers which will be conveyed to and from Saugor at Government expense.
- (c) All horses must be passed fit by a Veterinary officer before the despatch to Saugor.
- (d) Horses must arrive so as to be available for work on the day the course commences.
- (e) Officers appointed to the staff of the School are allowed free conveyance to and from the School for horses up to a maximum of four.

4. Attention is directed to "Courses of Instruction (India)", 1931. Commanding officers are responsible that the instructions laid down therein are strictly complied with.

11th April 1932.

I. A. O. 198. Recruiting—Indian Army.—In assessing the age of a recruit who comes up for re-enrolment, enrolling officers and recruiting officers will, before entering the apparent age of the recruit on the enrolment form (I. A. F. K-1162), refer to his discharge certificate in order to ascertain the age assessed on original enrolment. Such a reference will enable officers to determine the age of the recruit at the time of enrolment irrespective of his appearance or of other evidence and will avert audit objections when claims for former service and pensions are made.

2. It must be remembered that no alteration to the age given on original enrolment is permitted, *vide* paragraph 9, Recruiting Regulations, Indian Army, and hence the necessity for ensuring that the age of recruited recruits is correctly assessed.

B.-19071/A.G.-6.

I. A. O. 199. Dress.—It has come to the notice of His Excellency the Commander-in-Chief that it is the custom in certain British units for the band and drums to wear full dress or blue or white patrol jackets and trousers when parading with troops dressed in khaki. This practice is contrary to the instructions laid down in para. 499 and note to para. 496, Dressing Regulations (India), 1929, and will cease. The question of modifying the orders on the subject has been referred to the War Office, but in meantime commanders of all units and formations will ensure the observance of the existing orders.

B.-19139/A.G.-11.

I. A. O. 200. Mechanical Transport Courses at the Royal Army Service Corps Training Centre, Aldershot.—The undermentioned officers qualified at a course of instruction in mechanical transport held at the Royal Army Service Corps Training Centre, Aldershot, between the 1st October 1931 and 20th February 1932:—

Captain O R Butcher, M.B.E., Indian Army Service Corps.

Captain J P D Sheridan, M.B.E., M.M., Indian Army Service Corps.

19990/Q.-5.

I. A. O. 201. 11th Ordnance Officers' Course.—List of officers of the Indian Army who qualified at the 11th Ordnance Officers' Course, held in England, during the year 1931, is issued with this order.

15050/M.G.-2.

11th April 1932.

I. A. O. 202. Reliefs—Royal Army Ordnance Corps Personnel—Trooping Season, 1932-33.—Officers concerned will render to the Director of Ordnance Services, Master General of the Ordnance Branch, Army Headquarters, India, by the 25th April 1932, a nominal roll (on I. A. F. Y-1918) for each class of tradesmen of the Royal Army Ordnance Corps (armament artificers, armourers, blacksmiths, turners, coppersmiths and acetylene welders) who are due for transfer to the home establishment on completion of their five years' tour of service in India or abroad, or on completion of army service, during the trooping season, 1932-33.

2. Dates of completion of army service or of completion of tour of service, and in the case of married ranks, the number of children with their ages will also be shewn.

3. Any applications for extension of tour should be submitted at the same time. Commanding officers should ensure, as far as possible, that recommendations made on this account are final as any alteration causes inconvenience both to Army Headquarters and the War Office.

13900|M.G.-2.

I. A. O. 203. Dress.—In many instances the spurs of other ranks in mounted units are at present incorrectly worn, in that they point upward. This is because the "straps under" are cut too short. Spur straps should be adjusted so that spurs lie as nearly as possible horizontal without pressing on the ankle bones.

Commanding officers of units will arrange that spur "straps under" and "straps over", both 12-inches long, which are separately demandable from ordnance, are fitted accordingly under unit arrangements.

11146|M.G.-12-A.

I. A. O. 204. Chains Shoulder.—Demands from units are decreasing. Large stocks are held in clothing establishments. It is desirable that requirements of chains shoulder should be demanded from the I. A. O. C. as freely as possible.

67545|P.-6.

I. A. O. 205. Books—Amendments No. 2 to Field Service Regulations, Volume I, 1930.—Copies of these amendments will, on receipt, be issued (without indents) by the Manager, Government of India Central Publication Branch, Calcutta, to those holders of the book to whom a gratis issue has been made.

Army Savings Association.—The following amendment will be made to Army Order 108 of 1930.

15th April 1932.

Paragraph 4. *Insert new sub-paragraph—*

(e) (iii). *In India.*—A modified Form, known as Army Savings Form 2, has been adopted for use (in lieu of A. S. Form 1) and supplies will be issued to units concerned by the authorities in India, as necessary.

13912/Q.-2.

I. A. O. 218. *Designations.*—Consequent on the introduction of the Cis-Indus supply organization in trans-Indus areas with effect from 1st February 1932, the following changes are made in the designations of supply depot companies :—

<i>Present designation.</i>	<i>New designation.</i>
'G' Supply Depot Coy., Quetta	.. Supply Depot, Quetta.
'K' Supply Depot Coy., Peshawar	.. Supply Depot, Peshawar.
'M' Supply Depot Coy., Bannu	.. Supply Depot, Bannu.

2. The officer in charge of the depot will be designated as "Officer Commanding".

3. S. and T. Regulations, India, and I. A. S. C. Training, Part I, will be amended in due course.

22814/Q.M.G.-6.

I. A. O. 219. *Recoveries of the cost of clothing issued on payment to British Soldiers arriving in India.*—It has been brought to notice that the orders in para. 161, Clothing Regulations, India, 1929, which permit recoveries of the cost of clothing articles issued on payment to British soldiers arriving in this country being deferred for some time or effected by instalments, are, in some cases, ignored, resulting in avoidable hardship to the soldiers. To obviate this hardship, the rules in para. 161, *ibid.*, should invariably be followed.

2. It is, of course, realized that due to the observance of the above rule, a soldier's debtor balance may remain un-adjusted for some time. To avoid an audit objection on this point, officers commanding units will explain to the local audit officer at the time of his inspection the reason

15th April 1932.

for these debit balances. Similar explanations will also be made by the Unit Accountant in the Pay List rendered to the C. M. A.

This order has the concurrence of the Military Accountant General.

20581/M.G.-12-A.

I. A. O. 220. Accounts.—As local audit officers have not the time fully to check sheet-rolls of units in accordance with paragraph V, Annexure I, Appendix V of the Military Audit Code, it has been decided to transfer this work to unit accountants, and make the local audit officers responsible only for a 10 per cent. 'test' check.

Unit accountants will scrutinize all sheet-rolls and bring to the notice of commanding officers any irregularities that may come to light with regard to :—

- (1) the attestation of entries in the kindred rolls ;
- (2) the completion of entries regarding furlough and leave ;
- (3) the claiming of former service and regulating the awards of G. S. and G. C. pay affected thereby ; and
- (4) the maintenance of sheet-rolls for every Indian Officer, Indian other rank and Class I follower on the nominal roll of the P. and M. Books.

The scrutiny will be made in April each year (or in April and October if more convenient), sheet-rolls of new entrants being scrutinized on receipt.

Unit accountants will bring to the notice of the L. A. O. concerned at the time of the latter's visit to the unit all the irregularities detected by them which have not been set right.

It is to be clearly understood that the correct maintenance of sheet-rolls and their safe custody remain as before the responsibility of commanding officers.

Notes for promotion examinations:

1. The examination for R. A. M. C. Majors in subject (h) (v) will be based on Home War Establishments.

2. A copy of these establishments may be referred to during any examination at which the Field Service Pocket Book may be used.

3. (a) *Cavalry and Infantry—Establishments*.—The tactics papers set by the War Office usually refer to British cavalry and infantry units; but candidates of the Indian Army sitting in India and Burma may base their answers on Indian cavalry and infantry units, if they wish and will state their intention of so doing as an "assumption" (*vide* heading to question papers).

(b) *Tanks and Anti-Tank Weapons*.—If tanks are introduced into a scheme or paper, their organization will be as in British war establishments, and it will be assumed that both British and Indian battalions have an anti-tank platoon (mechanised) of 2 sections of 2 guns each in their H. Q. wings as for a British battalion under Home war establishments. A pioneer battalion however will never be assumed to be armed with anti-tank weapons.

I. A. O. 250. *Organization—British Army*.—India Army Order 414 of 1930 regarding the affiliation of British infantry internal security battalions to British infantry battalions allotted to the field army and covering troops, for the purpose of supplying such British personnel as may be required on mobilization, is cancelled.

B.4953/A.G.-1.

I. A. O. 251. *Replacement of Boys in British Cavalry and Infantry Units serving in Overseas Garrisons during the Trooping Season, 1932-33*.—War Office letter No. 27/Misc.5451 (R/A.G.I.c.), dated the 29th March 1932, containing particulars of the procedure to be adopted by officers-in-charge, cavalry and infantry records and officers commanding, infantry depots, for the replacement of boys in cavalry and infantry units during the trooping season, 1932-33, is re-published below for information.

'I am directed to inform you that the following steps will be taken to obtain the number of boys required for despatch overseas during the trooping season, 1932-33.

2. The officer-in-charge, records and officers commanding infantry depots (in consultation with officers-in-charge infantry records) will arrange for the enlistment, for each cavalry regiment and infantry battalion serving overseas, of sufficient boys to fill all vacancies due to occur, within the authorised establishment of boys, up to the end of the trooping season, 1932-33.

3. Officers commanding cavalry regiments and infantry battalions due to proceed overseas during trooping season, 1932-33 may also arrange for

2nd May 1932.

the enlistment of a number of boys equal to the number due to attain man's service, within the authorised establishment of boys, up to the end of that trooping season, provided such boys will be eligible under current drafting conditions to embark with their units.

4. Any boys already held in excess of establishment, must be counted against the number due to attain man's service, the only boys to be enlisted under this authority being those necessary to complete the remaining vacancies, if any, within the establishment laid down in Peace Establishment, Part I, for the unit concerned, up to the end of the trooping season.

5. The boys enlisted as above, although in excess of the establishment of boys, must be borne within the establishment of other ranks of the corps concerned. They should be selected with a view to their eligibility for drafting overseas during the ensuing trooping season, and those referred to in paragraph 2 should be included in the first drafts proceeding to their respective units provided they then fulfil the conditions for drafting. In this connection I am to say that boys intended for units serving in China should be enlisted at an early date in order to permit of their despatch to that country very early in the trooping season. Cases have occurred where boys have been enlisted so late that it has not been possible to draft them owing to their lack of service before embarkation.

6. No boys will be enlisted under the authority of this letter prior to 1st April 1932. Army Form B.203 will not be required provided the boys are physically fit and eligible in all respects.

7. The following units are excluded from the provisions of this letter:—

(a) units due to return from foreign service during trooping season, 1932-33;

(b) units serving a short tour of foreign service.

(c) units proceeding to the Sudan during the trooping season, 1932-33.

grounds before completion of above periods, who are transferred to the reserve after 1st May 1932. After completing a period of 15 years combined colour and reserve service, a reservist will be discharged.

4. All men at present serving in the following classes of the reserve, viz., Class I, Class II, Class 'A' and Class 'B' will continue to serve for pay and allowances, pensions and gratuities under the terms which admitted them to these classes. With effect from the 1st May 1932, a man completing his period of colour service, or who is permitted to transfer to the reserve on compassionate grounds before completing his full period of colour service, will be admitted to any class other than the Class "C" introduced by the Army Instruction (India), quoted above.

5. *Establishments.*—The reserve establishment will remain as heretofore, viz., 280 reservists of all classes per active battalion of Indian infantry; the existing classes will be allowed to waste in the normal manner, the places being taken by members of the new Class "C" reserve.

6. *Conditions of transfer.*—Transfers to fill existing vacancies in the reserve are compulsory for men completing their colour service provided that the soldier thus transferred does not exercise the right, if he has, of extending his colour service. Such transfers will be carried out under the orders of officers commanding active battalions. In the case of soldiers serving in training battalions, transfers to the reserve will be effected by the officers commanding training battalions in consultation with officers commanding active battalions concerned.

7. *O. C. Reservists.*—Reserves are regimental, and once transferred to the reserve a reservist comes under the administrative and disciplinary orders of the officer commanding the training battalion, who is the officer commanding the regimental reserve. He is responsible that the regimental establishment as laid down in para. 5 above is at all times complete and is not exceeded, and will require officers commanding active battalions to fill vacancies as they occur in the reserve quota furnished each active battalion.

8. *Pay.*—The following rates of pay will be admissible to reservists of Class "C" :—

- (a) When not called up for training or service—Rs. 5 per mensem.
- (b) When called up for training or service (i.e., with effect from the date of reporting to the O. C. reservists) reservists will receive full pay as admissible to soldiers in colour service, including good conduct, good service, or proficiency pay, at the rates they were drawing when they left the colours.

9. *Rations and other concessions.*—A reservist when called up for training or service will receive free rations and other concessions (except clothing concessions) as admissible to soldiers in colour service. The free issue of rations in kind will commence on the day following that on which the reservist reports for duty to the O. C. reservists.

10. *Clothing.*—The issue and maintenance of clothing will be regulated by the existing scales and instructions which govern the provision to reservists of Classes "A" and "B".

11. *Pensions and gratuities.*—Reservists of Class "C" will be entitled to pension or gratuities under para. 206-III, Pension Regulations, for the Army in India as authorised for Class "B" reservists, but they will not be allowed the option of electing a gratuity of Rs. 300 in lieu of pension.

Regulation will be amended in due course.

2nd May 1932.

12. *Reserve documents.*—Reserve documents will be maintained as heretofore, the class of reserve (*i.e.*, Class "C") being entered in each reservists certificate (I. A. F. Y-1953).

13. *Clerical establishment and office allotment.*—The existing clerical establishment allowed for dealing with documents of reservists, etc., and the monthly office allowances admissible to officers commanding reservists to meet expenditure connected with the supply of stationery, etc., will remain unaltered.

14. *Calling up for training or service.*—Reservists will be called up for training, muster and service in accordance with instructions laid down in paras. 167-A. and 167-B., Regulations for the Army in India.

On being called up for training, muster or service, reservists will assemble at the headquarters of their respective training battalions.

On being called up every reservist will undergo a strict medical inspection. It is imperative that only men who are fit for the rigours of active service should be retained in the reserve. Men found medically unfit by an invaliding board will be discharged by the officer commanding reservists under India Army Act Rule 13 (item xiv).

15. *Training.*—During the period of reserve service each reservist will train for one month during his second, fourth and sixth year of reserve service. A reservist who leaves the colours after completing 5 or 7 years of colour service will thus not undergo more than three periods of training of one month each, and a soldier who transfers to the reserve at a later period of colour service will train proportionately less. Those who transfer to the reserve on compassionate grounds before completion of full period of colour service will not train for more than the three periods mentioned above. The guiding principles will be :—

(a) A reservist will not train the year following his transfer to the reserve ;

(b) the maximum training is three periods of one month ;

(c) a man who transfers to the reserve at a later date than his ninth year of colour service will only train once or twice.

16. *Failure to attend when required to do so.*—A reservist who fails to attend at any place when required to do so will not only forfeit all arrears of pay and allowances due to him, but will also be liable to trial by court martial or a civil court under section 6 of the Indian Reserve Forces Act, 1888.

B-18132/A.G.-2.

I. A. O. 253. Reserves, I. A. Reserves of Indian Infantry (excluding Gurkha Rifle) Battalions.—1. Reference India Army Order 252 of 1932, although the reservists of classes I, II, 'A' and 'B' of Indian infantry (excluding Gurkha Rifle) battalions, will be governed for pay, gratuities and pensions by the terms that admitted them to these classes of the reserve, the periods of future training will be reduced to conform with the training that will be carried out by the reservists of class 'C'.

2. With effect from the 1st May 1932, reservists of classes I, II, 'A' and 'B' will train for three periods of one month each, which will be carried out during the second, fourth and sixth year of each individual's

2nd May 1932.

reserve service. Training that has already been carried out will NOT in all cases be taken into account against the number of trainings to be completed, but the ruling principle will be that a reservist will train during his second, fourth and sixth year of reserve service. The following examples are given to eliminate any misapprehension :—

- (a) Reservist X completed 5 years with colours and was transferred to Class 'A' and trained in 1930, 1931 and 1932; he will still be required to train in his fourth and sixth years (1933 and 1935) of reserve service.
- (b) Reservist Y completed 5 years with the colours and was transferred direct to Class 'B' in 1928 and trained in 1930 and 1932; he trained therefore in his second and fourth years, and will be required to train once more during his sixth year in 1934.
- (c) Reservist Z was transferred to Class I and subsequently to Class II and now has completed six years reserve service; he will not be required to undergo any more training.

B.-18132/A.G.-2.

I. A. O. 254. Furlough and Leave—Officers.—The nature of the leave granted to officers who have been selected for retirement under Army Instruction (India), 132 of 1931 and who have appealed, or who intend to appeal to the Secretary of State for India, against the recommendation of His Excellency the Commander-in-Chief will be 'leave pending retirement'.

The nature of the leave granted will, if necessary, subsequently be altered to "combined leave" in the case of officers whose appeals are upheld by the Secretary of State.

B.-19837/A.G.-11.

I. A. O. 255. Legal and Judicial.—The following amendment will be made to the "Guide to Courts Martial under the Army Act, 1929" :—

In para. 37, insert the following as clause (g) :—

"(g). *Desertion and absence without leave.*

A letter or telegram from a police officer stating that an accused was apprehended by or surrendered to the police on a certain date is not evidence of these matters. But a certificate on I. A. F. D.-910 stating the fact, place and date of surrender or apprehension is admissible as evidence if it is signed by the police officer-in-charge of the police station to which the accused was taken on his arrest or surrender.—A. A. Sec. 163 (1) (m).

When the surrender was made to an officer or any portion of His Majesty's Forces, a similar certificate signed by the proper officer is admissible.—Army Act Sec. 163 (1) (j).

Where a Court of Inquiry under A. A. Sec. 72 has been held, it must be remembered that the record in the C. M. book of the

2nd May 1932.

declaration of the Court (or a copy thereof) has been made evidence by A. A. Sec. 163 (l), (g) and (h), but that the actual proceedings of the C. of I. are no evidence at all; they should in fact have been destroyed.—R. P.-125 (E)."

145|J. A. G.

I. A. O. 256. Reckoning of Former Service.—Cases have come to notice in which claims for reckoning of former service of Indian ranks for purposes of pay and other pecuniary advantages have been submitted after a period of more than three years and the only explanation forthcoming was to the effect that delay was due to oversight.

Such explanation is not considered satisfactory for the purposes of paragraph 44 (a), Financial Regulations, Part I; but the rejection of the claims on this account would penalise the individuals concerned for no fault of theirs, but rather for the fault of their commanding officer.

It is therefore incumbent on officers responsible for dealing with such claims to search their sheet rolls or other records to ascertain whether they have any such cases, and if so to submit them to the sanctioning authority without delay, and to ensure that future claims are submitted as and when they arise.

I. A. O. 257. Turnover of drugs, etc.—The following amendment is made to Appendix XXVI, Regulations for the Medical Services of the Army in India, as amended by Amendment No. 156 of February 1932 :—

After P. V. M. S. No. 366, insert :—

"412 | Tablets, Acidum Acetyl Salicylas, 5 gr. | 3 | 5 | ."

2. Regulations will be amended in due course.

I. A. O. 258. Railway Forms (Return journey vouchers).—The Agent, North Western Railway, reports that the monthly average number of men found travelling on return journey vouchers, issued in connection with I. A. F. T.-1720 and 1720A, which should have been exchanged for tickets, is 220.

This practice increases the work of railway staffs and account officers, and must cease. When issuing I. A. F. T.-1720 and 1720A despatching officers will explain the procedure to be followed in respect of the return journey voucher issued in connection with these forms.

2. All military personnel and their families travelling on road warrant between Abu Road and Mount Abu Road must travel by the contractors' vehicles, unless possessing transport of their own.

3. All road warrants issued for journeys of military personnel on Abu Road—Mount Abu Road will be made out in the name of the Rajputana Motor Car Service.

4. Under the terms of the contract the contractors are not liable to make good any loss to persons incurred during the course of the journey by the failure of their vehicles to start or reach the destination at the scheduled time.

5. The term "military personnel" used above includes civilian and their families travelling on warrant.

I. A. O. 264. Glycerine for Buffers and Recuperators.—Some misapprehension appears to exist with regard to the intention of India Army Order 99 of 16th February 1932. Commercial glycerine should be demanded up to the scale of the alkalined glycerine (formerly known as "Glycerine mixture") hitherto supplied. The scale of buffer oil is unchanged and will be used as heretofore. All oil which has been in contact with alkalined glycerine will be removed from the buffers and recuperators and replaced by clean oil.

NOTES.

1. Ammunition which has been sanctioned for early expenditure will, in some cases, be issued to batteries for expenditure at practice, when they will be so informed by chief ordnance officers. Orders for early expenditure will be strictly adhered to.
2. As far as possible ammunition of oldest dates must always be used up first.
3. Units will examine all Q. F. 13-pr. and 18-pr. cartridge cases for practice after arrival at practice camp, and in the case of defences within one week of practice, for visible cracks in the base. Any such cracked cases will be set aside and reported to the arsenal on which dependent.
4. The "Z" Field Ammunition Column, Royal Artillery, will supply the field batteries at Nowshera and Peshawar, the 1st Divisional Ammunition Column R. A., those at Rawalpindi and Campbellpore and the 2nd Divisional Ammunition Column R. A., those at Hyderabad (Sind). All other batteries will demand ammunition from their supplying arsenals.
5. Full charge instead of reduced charge H. E. for practice with Q. F. 13 and 18-pr. guns of A. F. I. units or in Frontier Defences will be issued on application, if more suitable for the ground over which practice takes place or for competition purposes.
6. If shot practice or projectiles practice for B. L. 7.5-in. and 6-in. Mk. VII guns are not available, base plated shell will be used.

C. 7617) or 15-oz. 14-drs. cartridges, subject to the provision that the oldest dates will be used up first. Range Table 40/W. O. 9039 is suitable for the 14-oz. cartridge except when using the first charge, but as the 1st charge is practically never used it is not anticipated that battery commanders will be caused much inconvenience thereby.
8. B. L. 2.75-in. cartridges containing R. D. B. cordite, if any in the service, must be issued and expended first, and 7-oz. 9-drs. cartridges will be issued and expended before 8-oz. 10 or 12-drs. cartridges.

10. Mountain battery at Gilgit will exchange 140 H. E. full rounds with 140 shrapnel rounds to be taken from Reserve stock in order to adjust it to the authorised proportion.
11. The following Marks of Q. F. 18-pr. shrapnel shell are overweight for use with existing fuzes:—
 Marks III I. P., IV, V, VII, IX and XVI.

I. A. O. 280. *Correspondence—Telegrams.*—With reference to I. A. O. 180 current, Supplement No. 54, dated the 8th January 1932, to the first edition of the Permanent Supplement to the sixth edition of the Indian Word Code, 1924, is issued with this order.

B.-2361|A.G.-11.

I. A. O. 281. *Employment of substitutes vice enrolled follower granted leave or furlough.*—Commands and Burma District will submit, through

9th May 1932.

controllers of military accounts concerned, so as to reach Army Headquarters, Adjutant General's Branch by the 1st August 1932, reports showing :—

- (i) Expenditure actually incurred during the financial year 1931-32, on account of the employment of substitutes under para. 941, R. A. I., *vice* enrolled followers granted leave or furlough under para. 931, *ibid*.
- (ii) Estimate of any extra expenditure involved should the regulations be amended to make clear the admissibility of full pay to enrolled followers granted leave or furlough and in whose places substitutes are engaged and paid under para. 941, R. A. I.

B.-18099|A.G.-11.

I. A. O. 282. Claims for credit balances on account of service rendered during the Great War and Waziristan Operations, 1919—1924.—It has been decided that in cases in which officers commanding units have initiated enquiries but claims have not been submitted by the men themselves, the date of receipt of the reply from the man shall be regarded as the date of receipt of the claim for the purpose of the rule for time-bar in Army Instruction (India) 22 of 1931.

2. In submitting such claims to the audit authorities, the commanding officer shall state the date of receipt of the reply from the individual.

3. The necessity for expedition in dealing with claims under this order is impressed on all concerned.

B.-19511|A.G.-13.

I. A. O. 283. Verification of service for pension before destruction of pay bills.—As it appears that there is some misapprehension as regards the scope of the orders prescribed in A. I. (L) 131 of 1931, it is explained that the orders were not intended to be applied with retrospective effect. It was not the intention that the verification of the past temporary and officiating service of a Government servant should be undertaken all at once with reference to those orders. So far as the past service is concerned, the former procedure should continue, that is, an *ad hoc* verification should be made when the pension claim arises or is about to arise, in such individual cases in which there is any doubt, and current verification should be made in accordance with the orders in question, with effect from the date of their issue.

21959/G.S., M. T. Languages.

I. A. O. 314. Ceremonial—Guards.—It has been noticed that the general rules in Infantry Training, Chapter XIII, Section 191 (2) are not always observed by ceremonial guards.

In this connection attention is drawn to I. A. O. 802 of 1928. The absence of specific instructions regarding the dismissal of guards in Cavalry Training, Vol. I, is being referred to the War Office.

B-20058/A.G.-11.

I. A. O. 315. Furlough and Leave—Officers.—Reference I. A. O. 11 of 1931. Instances of the erroneous grant of privilege leave to British service officers proceeding to the United Kingdom to take up appointments on the Home establishment are still being brought to notice.

27th May 1932.

Sanctioning authorities will take steps to ensure that every leave application is carefully scrutinised before leave is approved and that the passage for an officer is arranged with due regard to the date on which the appointment on the Home establishment becomes vacant.

Attention is also drawn to paragraph 901, Regulations for the Army in India relative to the grant of leave pending retirement or resignation to officers of the British service. Cases have been brought to notice of leave having been sanctioned in excess of the leave to which officers are restricted under the regulation.

I. A. O. 317. Compassionate allowances to widows and children of deceased Indian officers when death is not attributable to military service.—No further awards can be made under the provisions of Army Instruction (India), A.-22 of 1928, until any casualties occur among existing recipients.

Cases of definite distress may, however, be submitted to the Indian Soldiers' Board for relief from the Indian Army Benevolent Fund [Army Instruction (India), A.-59 of 1927] provided they satisfy the rules as to eligibility for assistance from that fund.

The object of the grant of a compassionate allowance under Army Instruction (India), A.-22 of 1928, is to raise the circumstances of widows and children of Indian officers to a state of relative comfort, but that of the Indian Army Benevolent Fund is to assist those in really distressed circumstances.

B.-10115|A.G.-14.

I. A. O. 318. Indents for medical stores.—Wool, double cyanide, 1 oz packets, compressed (P. V. M. S. C., 1930, which rules that the messing allowance authorised for British troops in paragraph 237, Pay and Allowance Regulations, Part II, is inadmissible for the days on which train rations are drawn.

2. To enable unit accountants, or those responsible for the preparation of pay accounts, to take prompt action for the recovery of messing allowance, officers commanding units will ensure that the necessary particulars are published in their Part II orders and that copies of these orders are furnished to unit accountants and to the I. A. S. C. authorities by whom train rations are issued so that the audit authorities can check the train ration return. The Part II order should specify the dates for which, and the individuals for whom, train rations have been drawn and will notify that messing allowance is inadmissible for those dates. Where no unit accountants are attached the necessary adjustment will be made by the unit or formation concerned who will send a copy of the Part II order in support of the adjustment for verification by the C. M. A.'s main office. The local audit officer should also see that such adjustments have been duly carried out when he visits such units.

I. A. O. 334. Telegrams.—In order to save expense on telegraphic charges for reference numbers on telegrams, these numbers will normally never exceed five figures. This may be in the form 22285, or 177/5. Figures may be preceded by the distinguishing letter or letters of the branch of the staff or service concerned, *e.g.*, G.-Q. OR., *vide* F. S. P. B., in which case the number of figures will be reduced accordingly.

Long reference numbers such as 12177|2|17|Q. will be avoided. This number is chargeable as three words, not only when the telegram was originated, but also whenever reference is made to it, or when it is repeated to other addressees.

Where a second part of a file has been opened there should be no necessity to indicate this in the reference number. Nor is it necessary to indicate the serial number of the correspondence on the file, as the date will be sufficient guide to trace it when any subsequent reference is made.

Attention is also directed to the fact that the Indian telegraph rules have recently been revised and will be published in the next edition of the Post and Telegraph Guide which will shortly be obtainable from all Post and Telegraph offices, price 8 annas.

I. A. O. 346. Soldiers Service—British Army.—War Office letter No. 57| India|3926 (F.2.M.), dated the 22nd April 1932, is published below :—

‘With reference to paragraph 358 (d) King’s Regulations as promulgated by Amendments No. 44 notified in Army Order 221 of 1931, under which a partially completed Army Form O-1847 is to be forwarded by the officer-in-charge, Records on the transfer of a soldier to the Army Reserve, I am directed to inform you that a request has been received from the India Store Department for a supply of Army Forms O-1847-A (Instructions to Army Reservists as to the purpose for which partially completed Army Forms O-1847 are issued).

As it would appear that the Government of India are under the impression that in the case of soldiers transferred to the Army Reserve in India Army Form O-1847 is to be completed by the local Indian Authorities, I am to request that you will be good enough to make it clear that in all cases the form will be forwarded to the soldier by the officer-in-charge, records, in this country whether the transfer to the Army Reserve is carried out at home or abroad and that no action in the matter will therefore be necessary by the authorities in India.’

I. A. O. 347. Funds—Rate of interest on deposits in the General Provident Fund and other similar funds.—With reference to India Army Order 289 of 1931, the rate of interest on deposits and also on balances at the credit of subscribers to the General Provident Fund, the Indian Ordnance Department Provident Fund and other similar funds on the 31st March 1932, is 5.25 *per cent.* This rate will be in force during the financial year beginning on the 1st April 1932.

B.-6920|A.G.-13.

I. A. O. 348. Accounts Adjustment.—It has been observed that the practice obtains in certain units of adjusting through the pay and mess books transactions of a purely private nature. The rules relating to the recovery of public and regimental claims through the pay and mess books are contained in Financial Regulations, Part II. See paragraph 119 for British troops and 213 for Indian troops. The items recovering from a

8th June 1932.

soldier through the pay and mess book, in addition to public claims, are limited to regular periodical subscriptions or donations to a recognised regimental institution, or fund, or payments made for services rendered to regular regimental employees, *e.g.*, dhobies, barbers, etc. The recovery of charges incurred by the soldier in his private capacity such as cinema tickets, sergeants mess chits, entertainment tickets, cycle hire, etc., is not permissible through the medium of pay and mess books.

The pay and mess book is intended to assist units in maintaining the accounts of individuals and of unit funds, and its use should obviate the necessity of maintaining a separate 'regimental fund distribution account'.

The underlying principle is that only those deductions which relate to regimental and private funds maintained by a unit, as distinct from private transactions, should pass through the pay and mess books.

I. A. O. 54 of 1930 is hereby cancelled.

M. A. G.'s n/o No. 1326-At., d. 18-5-32.

I. A. O. 349. Booking of 2nd and 3rd Class Passengers.—Third class mail fare is now being charged on certain Express trains.

Except when proceeding for anti-rabic treatment or in other special cases rendering this desirable, contract 2nd and 3rd class passengers will not be despatched in mail or express trains by which the public are not booked at ordinary 3rd class fare.

The despatching officer will take into consideration climatic conditions, length of journey, number of changes, composition of party and other relevant factors before issuing a warrant by express train as a special case and thus incur the extra charge recently introduced for this method of travel on certain systems.

Normally journeys of under 24 hours will be carried out by passenger train even though changes of train or other delays are thereby incurred.

In all cases where stores are reduced to a condition by other than fair wear and tear, the commanding officer must report the matter to his formation commander who will consider with reference to the above para, whether a court of enquiry should be convened to report on the manner in which such stores have been damaged. This court will record its opinion as to whether the stores should be repaired or replaced free.

When demands are submitted for replacement, or the stores sent for repairs, I. A. F. A-198, duly sanctioned by the competent financial authority, will be attached to the indent or work order. If this procedure is not adopted the unit is liable to be charged for the cost of replacement or repairs.

- (b) the change is in process of completion ;
- (c) any action has been taken to effect the change.

I. A. O. 361. Dress.—Reference concluding sentence of I. A. O. 199 current. War Office letter No. 54/General/7075 (M.G.O.-7.B.), dated 30th April 1932 is republished below :—

"With reference to your letter No. B.-19139/1 (A. G.-11), dated 29th March 1932, relative to the wearing of full dress by bandmen and drummers of British units, I am commanded by the Army Council to inform you that no relaxation of the provisions of paragraph 73A, Clothing Regulations, Part I, 1926, has been authorised either at home or abroad and it has been decided that no exceptions will be made, even though, at stations abroad, full dress clothing worn by bandmen has to be provided and maintained at the expense of the unit."

B.-19139/A G -11.

I. A. O. 362. Military Prison and Detention Barracks.—Non-commissioned officers ordered to attend a probationary course in "Military Detention Corps (India)" duties at LUCKNOW Military Prison and Detention Barracks, will bring rifles and equipment with them.

B.-20328/A.G.-11.

14th June 1932.

I. A. O. 363, Pensions, etc., Channel for submission of claims.—Complaints have been received from many units that much unnecessary correspondence and expense to *ex*-soldiers has been caused by certain institutes which profess to assist *ex*-soldiers in recovering their claims from Government.

2. These institutes, which are already known to exist at Delhi, Amritsar, Rawalpindi and Ajmere, work on a commercial principle and, if successful in recovering from Government any pension or other claim due, they are reported in certain cases to have asked the claimant to pay as commission as much as half the amount received.

3. Certain of these institutes have canvassed for cases of dissatisfied *ex*-soldiers and have been known to send in such claims as for honorary rank and grants of land, which under regulation may only be initiated by commanding officers of units. The investigation of such claims is consequently a waste of time and delays the investigation of genuine cases.

4. In some cases the institutes threaten legal action against the officer in charge records if the claims are not paid within what they describe as a "reasonable time". Any such threat is idle since by virtue of section 4 of the Pensions Act, 1871, no suit to enforce the claim would lie.

5. In order to help *ex*-soldiers in getting their claims investigated quickly without unnecessary expense, officers commanding units will inform all concerned that the correct channel for all applications or complaints is through their commanding officers, and that if they require any advice in the matter of claims, etc., they should consult the Soldiers' Board of the district in which they live. These Boards are intended for the assistance of *ex*-soldiers and make no charges for investigating petitions.

6. Direct communication with claimants should be established and not through such institutions. For rules for submission of petitions see Appendix VII, Regulations for the Army in India.

B.-19730/A.G.-13.

I. A. O. 364. Provident Fund deposits—Payment by the High Commissioner for India of advances and withdrawals from——With reference to India Army Order 121 of 1932, it is further notified that the Secretary of State for India has expressed his concurrence in the decision that remittances on account of advances and withdrawals from provident fund should not in future be made by Government through the High Commissioner for India, and that such payments should be made in rupees in India.

The Secretary of State considers that this decision does not necessitate the cancellation of his Resolution, dated the 5th February 1924 (reproduced as an Annexure to this I. A. O.), which, in so far as it enables the High Commissioner to reassign insurance policies, has its advantages. In order, however, to make it clear that the Resolution applies to business arising out of civil provident funds which have been instituted since the

14th June 1932.

te on which it was passed, the Secretary of State in Council has authorised the deletion of the word "existing" in that Resolution.

Authority :—Government of India, Finance Department letter No. 453-R.II, dated the 18th February 1932.

B-18533/A.G.-13.

I. A. O. 365. Loss Statements.—In order to secure uniformity, the following procedure will be adopted in future for pricing loss statements received from units to which no unit accountants are attached and for recovery of amounts shown therein as recoverable from individuals :—

(a) Loss statements will be sent in duplicate to the C. M. A., who will price them and note the amount of loss in his Demand Register.

(b) They will then be returned to the unit by whom the orders of the C. F. A. will be obtained.

(c) After the C. F. A. has passed his orders thereon, they will be sent to the C. M. A. by the unit, who will indicate the month's account in which credit for any recovery ordered will be given. The C. M. A. will note such amounts in the Demand Register against the items concerned.

(d) The C. M. A. will then return the original copy of the loss statement to the unit concerned and the duplicate to the L. A. O. to audit with the write-off of stores and to see that all action towards cash recovery has been taken. He will make the necessary note of the store write-off and action towards cash recovery and return the duplicate to the audit section.

2. This India Army Order has the concurrence of the Military Accountant General.

M. A. G.'s U.-O. 865-At., dated 2nd May 1932.

I. A. O. 366 Pensions—Disability and Family—Indian Army—Procedure to be followed by medical officers and medical boards.—With reference to I. A. O. 939 of 1924, on the above subject, it has been decided that, unless the medical authorities are unable to state whether or not the patient can be regarded as having been on duty when the exciting cause of the disease occurred, commanding officers shall not be called upon to furnish a certificate as to whether, in their opinion, the disease from which an individual is suffering is attributable to military service or not.

I. A. O. 367. Results—I. A. S. C. Training Establishment and Mechanical Transport Depot.—A list of officers who qualified in (1) Supplies and Animal Transport, and (2) Mechanical Transport, between the 14th September 1931 and 9th April 1932, is published with this order.

21672/Q-5.

14th June 1932.

I. A. O. 368. Tape Worsted Khaki 7/8-inch.—Large stocks of tape worsted khaki (for repair of puttees universal) are held in I. A. O. C. clothing establishments and should be demanded whenever required for repair of puttees.

2242|P-6.

I. A. O. 369. Artillery Ammunition—Q. F. cartridge cases.—The reports regarding un-annealed and black-listed 13 and 18 pr. cases read under paras. 3 and 4 of I. A. O. 345 of 1928 will be discontinued.

Any such cases found on charge will, however, continue to be dealt with in accordance with para. 2 of the I. A. O. quoted above.

146|M.G.O.-10.

I. A. O. 370. Deviations from authorised lengths in respect of certain clothing stores.—Complaints have been received that sometimes pagris, 'pags' and towels, etc., are issued which are short in length. It must, however, be realized that a slight deviation from the authorised lengths is unavoidable for the following reasons:—

1. The material itself is liable to contract both before and after making up into pagris.

2. In order to use up odd bits and remnants of material left over, a reduction in length is purposely permitted in manufacture.

2. Officers commanding units are requested to give due consideration to the above factors before putting forward their complaints. A slight reduction in length is not likely to affect efficiency, while the saving afforded thereby is appreciable. With regard to pagris, it has been reported that the present length of nine yards is too liberal, and the question of reducing it is under consideration.

PART I.

1. Trooping Programme.—The trooping programme will be published in India Army Orders, and all concerned must note carefully the dates of sailing and adjust their requirements accordingly.

2. Troopdeck and family berths—estimate of requirements.—The initial estimates of bulk requirements (particularly in respect of family berths) by districts and independent brigade areas must be based on reliable figures so that congestion at the end of the trooping season may be avoided and steps taken at the proper time to arrange for any excess requirements over transport accommodation. Payment furlough details will be included in bulk requirements. The reasons for any great variation over the original estimate will be explained by the District or Independent Brigade Area concerned, as it is considered that units are in a position to furnish reliable estimates at the commencement of a trooping season.

A final estimate of requirements of troopdeck and family berths will be submitted so as to reach the Q. M. G. in India by the 15th November. This estimate must include all summer leave cases. After the above date no further requests for passages will be considered in the absence of special reasons.

Unit commanders are responsible for ensuring that the formation through which they deal as regards trooping is given ample notice of the numbers of men and the dates by which they must be landed in Great Britain for discharge, transfer to the reserve, etc.

If a unit is leaving India for Great Britain or any intermediate station its personnel for discharge, etc., will normally proceed with it, except in the case of men who have to reach Great Britain before the date on which the vessel in which the unit leaves India will arrive in Great Britain. Applications for earlier troopship accommodation will be made by the O. C. unit for such cases.

Unit commanders must be impressed with the necessity for extreme accuracy in compiling their initial estimates and for including every possible passage requirement. This is especially important in the case of summer furlough details.

The names and composition of "motherless" families will be reported to the Q. M. G. in India at the same time as initial and final estimates of bulk requirements, or immediately on the death of the mother.

3. Forms.—I. A. F. T.-1713 and I. A. F. T.-1713-A.—In accordance with War Office instructions soldiers will be despatched to Great Britain in the order in which they are due for transfer to the Army Reserve or discharge. As far as possible they will be sent home only in sufficient time to permit of their being granted the furlough to which they are entitled, prior to their transfer or discharge. To enable this rule to be complied with to the fullest extent I. A. Fs. T.-1713 and 1713-A. regarding the requirements for troopdeck and third class accommodation have been revised to show numbers of men due for despatch each month. Bulk allotments will as far as possible be regulated in accordance with the details furnished in these forms but the filling of transports takes precedence over all other rules and this may necessitate the despatch of a number of men before they should ordinarily sail.

Where, however, the numbers detailed to proceed well in advance of due date seem unduly high, details will be furnished urgently to the Q. M. in India who will, if possible, readjust allotments.

General.

- (i) A separate I. A. F. T.-1727. (in duplicate) will be submitted for every applicant, with details of family, if any, accompanying.
 - (ii) Any reasons why passages cannot be accepted at any time during the season will be stated in the column of remarks. Only reasons of a military nature in the interests of the service will be accepted for postponement of passages. Purely private or personal reasons cannot be held to justify the deferment of passage until the end of the trooping season and should any applicants defer their passages for such reasons they are warned that in the event of its not being possible to accommodate them in a transport before the close of the trooping season they will be detained in India until the ensuing trooping season or forfeit their title to passage if they are retaining a lien on a passage under Passage Regulations, India, paragraph 20.
 - (iii) The attention of submitting authorities is drawn to the provisions of I. A. O. No. 11 of 1931 and A. I. (J.), No. 1 of 1931, regarding the grant of leave to officers proceeding from duty in India to duty in Great Britain.
 - (iv) If ordered to Great Britain or a colony to take up a specific appointment, the date by which they should reach Great Britain or the colony in accordance with posting orders will be stated in the column of remarks.
 - (v) In the case of an officer proceeding on half-pay or retirement the date on which he is due to be placed on half-pay or the retired list must be entered with the words "Half-Pay" or "Retirement" as distinct from the term "Tour Expired".
 - (vi) Rules regarding passages for officers of the Royal Engineers, Royal Corps of Signals, and Indian Mountain Artillery, are contained in Passage Regulations, India, Appendix "AA". Applications for passages under these rules will be accompanied by the required particulars.
 - (vii) Full postal addresses of second and third class families other than those proceeding with complete units will be included in item 13 of I. A. F. T.-1727. Where families expect to occupy public quarters on arrival in Great Britain the address to be given will be that to which they wish to proceed in the event of public quarters not being available.
- Special attention is directed to War Office letter No. 118(General) 410 (Q.M.G.-1), dated the 11th April 1927, reproduced in Appendix "C".
- (viii) Particulars as regards ages and sex of children will be shown on the application and in the case of adult daughters a certificate to the effect that they are unmarried will be furnished thereon.
 - (ix) I. A. F. T.-1727 in respect of officers proceeding to regimental depots will be endorsed at the top of the form as follows:—

"Depot relief—Due to report at the regimental depot on _____."

If an officer proceeding to a regimental depot for a tour of duty is unable to accept the passage allotted, a report of the circumstances of the case will be made immediately to the Q. M. G. in India, copies being forwarded to the Military Secretary, Army Headquarters, and the command headquarters concerned.

(2) I. A. F. T-1727 will be submitted in duplicate for all officers who have been recommended for transfer to the home establishment or to proceed to Great Britain on duty during the troop- ing season. The names of these officers will be registered for passages which will be allotted on receipt of the necessary sanctions for them to proceed. These sanctions when received by Commands will be reported promptly to the Q. M. G. in India. Sanctions received after the 15th January must be telegraphed.

(vi) In all cases the paragraph in Passage Regulations, India, under which the passage is admissible will be quoted and the nature of the duty briefly stated on the form. This information will also be given in telegraphic applications.

Form I A. F. T-1724

(c) I. A. F. T-1721 will be used for passage applications for all personnel requiring passages between ports in Indian limits. It will be submitted through the usual channels and the instructions contained in India Army Order 659 of 1931 should be carefully noted.

(ii) When the number of individuals for whom passages are required is too great to allow the names and particulars to be shown on I. A. F. T-1721, a separate roll signed by the administrative officer authorising the move will be attached to the form.

(iii) *Motorcars*.—A copy of the order authorising the upkeep of a car in lieu of a charger will be attached to the requisition. The dimensions of the car, and if to be crated or uncrated will be stated.

(iv) *Chargers*.—A certificate that the owner is entitled to sive and forage allowance will be attached to the requisition.

(v) *Courses of instruction and examinations*.—In the case of an individual proceeding to or returning from an examination or course of instruction the certificate prescribed in I. A. O. No. 186 of 1926, will be revised as laid down in Passage Regulations, India, paragraph 182, and attached to the passage application, I. A. F. T-1724, as follows:—

“Certified that this is the first occasion on which ‘rank, name, etc.’ is attending the course of instruction or examination”

NOTE.—The particular examination or course of instruction only will be mentioned. Details of the particular station or the school of instruction are not required.

When packet passage is authorised for Indian ranks granted leave on the recommendation of a medical board under Passage Regulations, India, paragraph 300 (k), a copy of the station order authorising the same will be attached to the passage application, I. A. F. T.-1724

(vii) *Consular service*.—In submitting applications for passages for personnel proceeding on Consular service at Kerman, etc, the name of the place to which they are proceeding, only will be mentioned. The M. T. O. concerned will then arrange for passages to the most suitable port in communication with Army Headquarters.

(viii) *M. A. Department*.—All applications for passages for personnel of the Military Accounts Department will be submitted by the controller of military accounts concerned direct to the M. T. Os. will not be relieved of this duty for private reasons. In cases where the requisite numbers of conducting officers are not forthcoming from the entitled passengers, a selection will be made by the Q. M. G. in India from the lists of applicants for Indulgence passages. Owing to shortage of accommodation, this selection will normally fall on individuals unaccompanied by families.

The grant of leave does not exempt an officer from duty.

See Appendix "B".

21. Ship's staff—transports and freightships.

(a) *Transports*.—Normally the staff consists of O. C. troops, senior medical officer, adjutant, quartermaster, baggage officer, welfare officer, and messing officer. These officers will be instructed in their duties by the embarkation staff.

They will, unless ordered by the Q. M. G. in India to the contrary, report to the Embarkation Commandant not later than 10-00 hours on the date prior to sailing and will be required for duty from that hour onward. If train timings necessitate their arriving at the port overnight, i.e., on the day prior to that on which they are due to report they will be entitled to one day's daily allowance.

(b) *Freightships*.—Staffs for freightships are detailed by the Q. M. G. in India as required, in accordance with the numbers of troops being conveyed. The Embarkation Commandant concerned will detail any subordinate staff considered necessary.

22. *Transports and freightships—officers exempt from duty*.—Should an officer who is proceeding on retirement or on transfer to the Half Pay List and whose retirement or transfer to the Half Pay List will take effect from a date prior to the date of completion of the voyage be detailed for duty, he will report the fact immediately to Q. M. G. in India by telegram forwarding a copy to the Embarkation Commandant concerned, giving the date on which he will be retired or transferred to the Half Pay List. In any case where time will not admit of the report reaching the Q. M. G. in India before the vessel is due to sail the matter will be reported, before embarkation, to the Embarkation Commandant concerned, who will then take necessary action to relieve the officer from duty. (Attention is invited to paragraph 879, Regulations for the Army in India.)

The grant of leave does not exempt an officer from duty.

23. Rail journeys to ports.

(Applicable to all passengers except class "A" invalids, instructions for whom are contained in Part II.)

(i) *1st class*.—Passengers unless required for duty or to travel in special troop trains will make their own arrangements to arrive at the port by the date and time given in the passage allotment orders. Officers detailed to duty with troop trains will not be released from such duties without the permission of the Q. M. G. in India.

Accommodation will be provided in troop specials, if required, for families of officers, who have been detailed to proceed by such trains.

In the case of complete units proceeding to ports for embarkation, all officers must accompany the unit in the troop special trains unless otherwise ordered by the Q. M. G. in India.

(ii) *2nd class*.—Arrangements will be made for as many as possible to proceed by troop special trains and special orders will issue for individuals selected to travel by these trains. Those ordered to proceed independently to ports will report to the Embarkation Commandant concerned one day prior to date of sailing and will embark the same day, if passage is by hired transport.

Passengers are not allowed to embark in freightships or packet steamers before the day of sailing.

2nd class passengers ordered to proceed independently, who desire at their own expense, to defer embarkation in hired transports till 10-00 hours on the day of sailing may do so on informing the Embarkation Commandant concerned seven clear days before sailing.

(iii) *3rd class and troopdeck*.—Passengers except payment turlough, special indulgence, and destitute cases must travel by troop special trains unless otherwise ordered by the Q. M. G. in India.

Applications for individuals to proceed independently to ports for private reasons will not be entertained.

In cases where the Q. M. G. in India considers it necessary to order third class or troopdeck passengers to ports independently the journey will be so timed that the individuals arrive at the port on the day prior to sailing, for embarkation the same day.

(iv) With the exception of the ships' staff referred to in para. 21, first and second class passengers embarking on the day prior to sailing will report between 16-00 and 18-00 hours at BOMBAY or between 17-00 and 18-00 hours at KARACHI.

24. Arrival at ports—reports of anticipated times of.

The expected date and time of arrival of parties or individuals at ports of embarkation will be included in the acknowledgment of the allotment sent to the Embarkation Commandant concerned.

25. *Special Attached Sections at Ports*.—The Special Attached Sections at Bombay and Karachi function as receiving units for all second and third class transient details and families, proceeding or arriving from overseas (including those moving by sea between Bombay and Karachi) who for any reason cannot be disposed of by Embarkation Commandants immediately on arrival at ports.

Families of these classes desiring to make their own arrangements for accommodation at ports while awaiting embarkation, or while awaiting onward despatch to destinations in India after disembarkation, may do so on the distinct understanding that no extra expense can be admitted as a charge against the State. They must, however, inform the O. C. Special Attached Section where they intend to reside while in the port, so that they may be communicated with in emergency.

Owing to the limited number of family quarters available in the Special Attached Sections as much notice as possible will be given, by telegram, if necessary, by all concerned in advance of the arrival of families at ports.

which will be given only when it can definitely be shown that the quarters will not be required for transient families.

26. **Ordnance stores carried to ports—disposal of.**—Details leaving India will use mess tins on the journey to the port of embarkation.

On receipt of the allotment of passages, O. C. units will prepare three copies of the nominal roll of individuals to embark. One copy will be forwarded to the Ordnance Officer at the port of embarkation at the same time as the preliminary copy of A.F.B.-127 is forwarded to the Embarkation Commandant. The remaining copies, amended to date, will be handed over to the draft conducting officer together with the other documents, when personnel are proceeding to the port of embarkation. One copy will be receipted by the Ordnance authorities and returned to the unit and the other copy will be retained for reference. These nominal rolls will be prepared in manuscript with columns showing the articles in possession of each soldier. Class "A" and class "B" invalids will also be included with an entry showing the class against their names. The nominal roll will contain a certificate signed by the O. C. unit, that the individuals enumerated therein are in possession of the articles shown against their names, and that they have been warned that the articles are to be handed in at the port. Receipt and issue vouchers will be prepared in the case of complete units; nominal rolls are not required.

Vouchers relating to ordnance stores, which are to be handed in at the port of embarkation, will be despatched so as to reach the Ordnance Officer at the port at least two days before sailing.

27. Forms required on the quayside.

F. B.-127 already prepared, with instructions to give it to the embarkation staff officer at the port in support of their embarkation. No extra form will be required next day. Separate copies of I. A. F. M.-1240 must, however, be brought to the port by such individuals, families or parties.

See Appendix "A" for rules regarding the preparation and disposal of Army forms in connection with embarkations.

28. *Embarkations—general rules.*—Every officer ordered to embark in a transport whether detailed for duty on board or not will report himself in uniform to the embarkation staff officer and the O. C. troops on board (King's Regulations, para. 1096).

29. *Embarkations—medical inspections.*—Under the Paris Sanitary Convention no person can embark unless previously passed by the embarkation medical officer who, for the purposes of transports is gazetted as an Assistant Port Health Officer. Certificates from other medical men, civil or military, cannot be accepted for this purpose. I. A. F. M.-1240 must be produced in all cases. Attention is directed to the Regulations for the Army in India, para. 681 (a).

After inspection passengers must embark at once, otherwise the inspection becomes void. Once a passenger has embarked he cannot leave the ship and re-embark without obtaining a pass from the embarkation medical officer.

(ii) Attention is directed to King's Regulations, paras. 1106, 1107 and 1108, which will be strictly complied with, but, wherever A. F. B.-135 occurs, read I. A. F. M.-1240.

(iii) *Embarkation on day before sailing.*—Passengers who are offered and elect the option of embarking in a transport on the day prior to sailing will pay messing charges for that day, irrespective of whether or not they are entitled to free messing for the period of the voyage.

(iv) *Duty officers.*—All passengers detailed by Army Headquarters to embark on the day prior to sailing will be provided with free messing on board for that day, after embarkation, provided that they are otherwise eligible for free messing for the period of the voyage in accordance with Passage Regulations, India, paragraph 49. Daily allowance will not be admissible for this day in addition to free messing.

(v) *Passengers disembarking at Marseilles.*—In the case of families (first class) proceeding by packet steamer and disembarking at Marseilles, messing charges for the full period of the voyage to Great Britain will be recoverable prior to embarkation.

31. Wharfage charges.

(i) *Bombay*—No wharfage charges are made against entitled passengers arriving or departing in transports.

In the case of freightslips or packet vessels, entitled passengers can claim exemption from wharfage charges by producing an "exemption certificate" obtainable from the Embarkation Commandant.

(iii) Wharfage charges are payable at both Bombay and Karachi on motor cars, motor cycles, pianos, horses (other than chargers) and dogs, unaccompanied by owners.

(iv) At Karachi all unaccompanied baggage is subject to wharfage charges.

32. Children—assessment of ages.—The trooping season normally commences in the October of one year and ends in the April of the following year. When submitting I. A. F. T.-1727, 1727-A, 1727-B, 1724, 1713, and 1713-A, the ages of children will be quoted in years and months as they will stand or stood on the 1st January which falls in the middle of the trooping season. Periods of fifteen days or less will be ignored. Periods of sixteen days or more will be counted as an additional month. In cases where a child will attain such an age during the trooping season, as will affect the scale of berthing, *vide* paras. 33 and 34, the date of birth will be given.

All entries of ages on all copies of A. F. B.-127, whether preliminary or final, will be shown as for the date of embarkation, dates of birth being shown in addition in cases where the age is such as will affect the scale of berthing. (See paras. 33 and 34.)

33. Scale of berthing in transports.—Accommodation for families is admissible on the following scale:—

Adults and children over 6 years of age	..	1 berth.

Children of different families will not be berthed together.

NOTE.—Third class families berthed in second class accommodation on medical or other public grounds will be entitled to receive only third class messing. A husband, normally entitled to troopdeck accommodation who is berthed second class with his family, will be entitled to troopdeck messing only.

34. Scale of berthing in packet steamers and freightships:—

Adults and children over 3 years	1 berth.
Children under 3 years	No berth.

In the case of two children or more under three years of age belonging to one family, one child will receive no berth but each other child will be given one berth.

35. Passages—Liens on.—An individual who has been granted a lien on his title to passage must submit I. A. F. T.-1727 well in advance of the date of expiry of his lien.

District, etc., commanders will furnish a report to the Q. M. G. in India of all liens granted by them.

36. Passages—advance.—See Passage Regulations, India, paragraph 227. Applications for advance passages should be submitted as early as possible. Applications received after the 15th September of the trooping season in which passages are desired will only be registered when satisfactory reasons for the delay in submission are forthcoming.

Every endeavour will be made to allot passages in accordance with the wishes of applicants, but as the filling of transports is of primary importance applicants for advance passages must be prepared to proceed at any

time they may be required to do so by the Q. M. G. in India. The submission of an application for advance passages will be taken as an acknowledgment of this condition. Advance passages once allotted, will only be cancelled when it is necessary for the benefit of the public service or for urgent medical reasons.

If an advance passage is refused on or after allotment for any reasons other than those above, the application will automatically be cancelled.

The attention of applicants for advance passages is drawn to paragraph 13, Passage Regulations, India, which provides for the recovery from the individual concerned of the cost of passage provided but not availed of.

37. Passages—for families of officers in non-trooping season.—Families of entitled first class passengers are not normally entitled to packet steamer passages. It is essential therefore in the interests of officers who will be proceeding *ex India* in the non-trooping season that applications for entitled passages for their families are received by the Q. M. G. in India early in the trooping season. It is extremely likely that if such applications are received late, accommodation will not be available for the families concerned owing to the congestion which invariably occurs at the end of the trooping season. This will entail the retention of such families in India until the following trooping season.

Attention is drawn to paragraph 20 (iv), Passage Regulations, India, regarding the free conveyance of individuals availing themselves of leave in or out of India at a date prior to that on which free conveyance actually becomes due.

38. Passages—payment.—When passages are allotted to payment furlough men the unit concerned is responsible for the recovery of the passage money.

The cost of passages by transport is laid down in A. I. (I.) No. 128 of 1931.

39. Passages—indulgence.

(i) *General.*—Indulgence passages are defined in paragraph 86 (i), Passage Regulations, India.

As the number of entitled passengers is now always in excess of the accommodation available in public vessels, indulgence passages are of very rare occurrence. Even when a last minute vacancy occurs, the Embarkation Commandant is bound to allot it to an entitled passenger if any such is within call. When no entitled passenger is available to take up a sudden vacancy, it will be offered by the Embarkation Commandant in strict accordance with the priority of registered applicants, subject to the ability of the applicant concerned to reach the port in time. Applicants for indulgence passages are therefore advised not to forego their chances of securing the less expensive private passages, and not to incur the expense of waiting at a port for an indulgence passage which is unlikely to become available.

Indulgence passages can only be granted in transports, and under the provisions of King's Regulations, paragraph 1143.

(ii) *Registration.*—Applications received will be registered strictly in accordance with Passage Regulations, India, Appendix "G". Applicants from Northern and Western Commands and Army Headquarters will be registered for passages from Karachi; those from Southern and Eastern Commands and Burma District will be registered for passages from Bombay.

The registration of an application confers no title to passage nor is it, in present circumstances, any indication that a passage is likely to become available.

All correspondence will be submitted through the proper channels and reduced to what is necessary. Complaints as to omission from, or position in priority rolls will be referred to Army Headquarters through the Headquarters of the Command concerned.

Telegrams in connection with indulgence passages will not be sent at Government expense.

(iii) *Submission of applications—*

(a) *Application forms.*—All applications will be submitted on I. A. F. T.-1720-H. and the attention of all concerned is directed to the instructions printed on the reverse of the form.

(b) *Channel of submission.*—Applications will be submitted in duplicate to the Q. M. G. in India through the applicant's C. O. or other formation to which the individual belongs. Those of individuals not attached to any unit or department will be submitted through the O. C. the station or Brigade Headquarters concerned.

(c) *Date of submission.*—Applications will normally reach the Q. M. G. in India by the 25th July.

(d) *Certificate to accompany applications.*—In the case of officers of the Royal Engineers, Indian Mountain Artillery, and Royal Corps of Signals, who are applicants for indulgence passages a certificate will accompany their applications stating that they are not entitled to passage concessions under Passage Regulations, India, Appendix "AA".

Applications submitted after the 30th November will not be registered unless special reasons can be furnished in support of such requests. In such cases applications will be submitted through District or Command Headquarters.

(iv) *Priority rolls.*—Priority rolls will be prepared at Army Headquarters and sent to Embarkation Commandants and Commands.

40. *Passages—servants, nurses, etc.*—Only European servants can be embarked as Government passengers in transports or freightships for voyages from India to Great Britain and intermediate ports except Aden. For voyages from India to Aden and "beyond sea" stations Indian servants entitled to passages at Government expense may be embarked in transport or freightships.

When a servant entitled to second class accommodation is allotted first class accommodation at the request of the head of the family concerned the difference in cost of first and second class passages, less the difference in cost of first and second class messing must be paid by the head of the family concerned, prior to embarkation. When a servant entitled to second class accommodation is compulsorily allotted first class accommodation no charge will be recoverable.

A nurse or governess, if berthed in the first class either compulsorily or at the request of the head of the family concerned on payment, will be required to take her meals with the child or children in her charge when this can be arranged and provided her employer raises no objection, otherwise she will mess in the second saloon. She will on no account be permitted to mess in the first class saloon and is not entitled to use the public rooms and deck space of the first class when not employed in the performance of her duties. When off duty she will use the public rooms and deck space of the second class.

Certificate for European male and female servants.—When passage is required for a nurse, governess, or other European servant entitled to second class accommodation, the officer or other person applying for the passage must complete the certificate on the reverse of I. A. F. T.-1727.

See paragraph 52 regarding the necessity for passports for alien servants.

When an individual, normally entitled to third class accommodation, e.g., the wife of an N. C. O., is allotted second class accommodation as a child's nurse, the officer employing the individual is responsible for furnishing a full report of the case to the Q. M. G. in India in order that any loss of accommodation may be avoided.

The attention of applicants for passages for servants is drawn to paragraph 13, Passage Regulations, India, which provides for the recovery from the individual concerned, of the cost of passages provided but not availed of.

41. *Destitute cases*—The submission of last moment applications on behalf of destitute cases will be avoided. These requests during February and March can only be met at the expense of leave cases.

Destitute cases can only be allotted passages in transports. They will proceed to ports under local arrangements to arrive either on the day prior to sailing or before 10-00 hours on the day of sailing. They will not be despatched by troop special trains.

Applications for destitute troopdeck passages must always be accompanied by a certificate from a medical officer, to the effect that the individual concerned is fit to travel on the troopdeck. See Part II, paragraph 61 (c).

A certificate as follows, signed by the passenger will be forwarded in duplicate by the despatching authority to the Embarkation Commandant concerned as soon as the allotment of passage has been made—

"I certify that I will conform to the standing orders of the ship and to any such orders as the O. C. troops may issue and I understand that Government accepts no responsibility in respect of any injury to myself or my family, or loss or damage to my, or their, property, arising from the voyage."

(ii) *Scales.*—The scales of baggage authorised for all ranks and their families for journeys to Great Britain are contained in Passage Regulations, India, paragraph 359-B. As each command abroad is now allotted a definite space for baggage which may not be exceeded baggage in excess of the authorised allowance is liable to be excluded.

All correspondence will be submitted through the proper channels and reduced to what is necessary. Complaints as to omission from, or position in priority rolls will be referred to Army Headquarters through the Headquarters of the Command concerned.

Telegrams in connection with indulgence passages will not be sent at Government expense.

42. *Baggage*--general rules.

(i) *King's Regulations.*—Attention is invited to King's Regulations—

Para. 1116. Measurement of baggage.

Para. 1119 (a). Labelling of baggage.

Para. 1119 (b). Limitation of "wanted-on-voyage" baggage.

Para. 1120. Labelling of baggage.

Para. 1121. Limitations on "cabin" baggage.

Para. 1122. Perambulators, etc.

Para. 1124. Prohibited articles.

Para. 1128. Order of priority of shipment of indulgence and excess baggage.

(ii) *Scales.*—The scales of baggage authorised for all ranks and their families for journeys to Great Britain are contained in Passage Regulations, India, paragraph 359-B. As each command abroad is now allotted a definite space for baggage which may not be exceeded baggage in excess of the authorised allowance is liable to be excluded.

(iii) *Labels—transports.*—Official baggage labels will be despatched by Army Headquarters to first and second class passengers direct when passage is allotted, and to third class passengers through District or Independent Brigade Headquarters on receipt of final distribution of bulk allotments. Labels should be affixed to both ends of all packages.

(iv) *Labels—freightships and packet steamers.*—The shipping company's labels will be forwarded to passengers allotted freightship or packet passages, by the Embarkation Commandant, through formations concerned. Passengers allotted to Anchor Line freightships will receive military baggage labels from Army Headquarters, except when the number of military passengers is so small that special arrangements are not required on disembarkation for the disposal of their baggage.

(v) *Insurance.*—No responsibility is accepted by Government for damage to or loss of personal baggage. In view of the fact that baggage is carried at passengers' own risk unless insured by them, they are advised to effect insurance, the cost of which will NOT be refunded by Government.

(vi) *Wheeled toys.*—Wheeled toys, i.e., fairy cycles, scooters, etc., will not be taken into cabins but will be stowed in the main baggage room, the former being crated as in the case of ordinary bicycles. The use of these toys on deck is prohibited.

(vii) *Bedding rolls and packages obviously not intended for use on the voyage* will not be accepted as "wanted-on-voyage" baggage, and labelling them as such will render them liable to be shut out of the ship.

43. Baggage—first and second class passengers.

(i) The heavy baggage of first and second class passengers by transport should ordinarily be delivered on the quayside on the day prior to sailing.

Heavy baggage of passengers (other than those arriving by troop specials) embarking at Karachi should arrive not later than 12-00 hours on the day prior to sailing.

If, however, it is not excessive in quantity, such baggage, if accompanying passengers by rail, can usually be received up to 10 A.M. on the day of sailing.

Shipment of large quantities of baggage brought to the quayside on the day of sailing cannot be guaranteed.

(ii) The heavy baggage of passengers by freightships and packet steamers must be delivered in accordance with their embarkation instructions.

44. Baggage—troopdeck passengers.

(i) *Suit cases.*—Except as indicated below, suit cases will not be allowed on the troopdecks. They will be dumped at the place indicated by the embarkation staff and subsequently put on board under their orders. Draft conducting officers will warn the owners that their suit cases will not be accessible during the voyage and that all articles contained therein and required on board ship must be transferred to the sea kit-bag. (See also paragraph 45.) Civilian indulgence and destitute passengers will be allowed a small suit case of reasonable dimensions, capable of being placed in the overhead rack, on the troopdeck, in lieu of a sea kit-bag.

(ii) *Excess baggage.*—It is not proposed to withdraw the privilege at present enjoyed by all ranks, of taking excess baggage in transports as "indulgence" when accommodation is available after the requirements for

and baggage have been met. Os. C. units will bring the following points of notice of passengers :—

- (a) Excess baggage is stowed in the main baggage rooms in transports owing to lack of space in the kit-bag rooms.
- (b) On disembarkation the departure of special trains cannot be delayed until the main baggage rooms are cleared and troops may therefore be required to entrain without their excess baggage.
- (c) Customs authorities will not pass locked packages without the production of a declaration form and the keys. These must be handed over to an Agent for clearance of excess baggage and onward despatch. No responsibility or expense can be incurred by Government in this connection.
- (d) The baggage allowance on British railways for third class passengers is 56 lbs. This allowance is often exceeded and a liability for payment of excess charges is incurred though seldom imposed when the owner travels with the baggage.

iii) *Labels for excess baggage.*—In order that the excess baggage of deck passengers may be so stowed on board ship that it can be off-loaded and sorted quickly on arrival at the port of disembarkation each bag will be labelled as follows at each end :

TROOPDECK.			
Unit
Number
Rank and Name
Port of Disembarkation	
Final Destination

Commanding officers will make their own arrangements for the provision of these labels, which are not provided at Government expense.

15. Baggage—kit-bags.

(i) Each B. O. R. will be in possession of :—

- (a) one kit-bag, universal,
- (b) one sea kit-bag.

(ii) The sea kit-bag is the *only* baggage allowed on the troopdecks.

Only kit required on the voyage will be packed in the sea kit-bag, in which space must be left for the haversack and water bottle to be inserted at the time of embarkation. Greatecoats will be carried separately. Sergeants' arms and warm underclothing will be packed in the sea kit-bag for use when the vessel enters colder climates.

(iii) All kit not required on the voyage will be packed in the heavy kit-bag which will be of the regulation size and will NOT be used as a cover for a metal trunk or wooden box.

(iv) Attention is invited to paragraphs 11 and 12 of the Appendix to I. (I.), No. 1035 of 1925, regarding the provision and renewal of kit-bags. Heavy kit-bags are NOT to be used for this purpose. There is no room to stow them on the troopdecks.

(v) On the rail journey the sea kit-bags will travel in the carriages with the men. The heavy kit-bags will be loaded into the brake van or baggage wagons (care being taken to keep invalids' kit-bags separate from others) and will be handled at the port of embarkation by the embarkation staff.

(vi) All men not in possession of sea kit-bags will be paraded for the issue of these by the representative of the I. A. O. C. on the quayside

The price, Rs. 1-12-0 each, will be paid in cash.

(vii) Attention is invited to King's Regulations, paragraph 1124, re marking of kit-bags.

46. **Baggage—unaccompanied.**—Applications will be submitted in duplicate to the Embarkation Commandant, Bombay in respect of applicants from Southern and Eastern Commands and Burma District, and to the Embarkation Commandant, Karachi for applicants from Northern and Western Commands and Army Headquarters. The following information will accompany all applications :—

(a) Measurements, weight and contents of each package, and marks thereon.

(b) Name of agent to whom consigned at port of despatch.

(c) Name and address of person to whom consigned in Great Britain.

(d) Name of agent to whom consigned at port of destination.

Applicants are responsible for the despatch of the baggage to the port and for its actual shipment.

Owing to the fact that "entitled" baggage has a prior claim to shipment in transports, "indulgence" baggage is liable to be shut out at any time without notice and no claims on this account can be considered.

No unaccompanied baggage can be shipped on the last voyage of the season of any transport.

The shipment of furniture in transports as "entitled" or "indulgence" baggage is prohibited.

Applications for the shipment of indulgence baggage will not be made by State telegram.

47. **Bedding—troopdeck passengers.**—On embarkation in a hired transport or freightship where hammocks and blankets are issued troopdeck passengers are provided with one bedding set per man, consisting of one hammock, two blankets, and one leather tally. Sergeants will also be provided with one pillow. These will be used during the voyage and will be handed in on completion. Blankets belonging to furlough men and others returning to India will be withdrawn at the port of embarkation and stowed in the blanket room and not in the hold. They will not be reissued until arrival at the port of disembarkation.

48. **Clothing—B. O. Rs.**—Orders for the disposal and adjustment of the Indian scale of clothing are detailed in A. I. (I.), No. 1035 of 1925.

Commanding officers are responsible that only the articles authorised in Appendix "A" of A. I. (I.), No. 1035 of 1925 are taken to the port of embarkation.

49. **Animals—shipment in transports.**

(i) *Horses and ponies.*—The conveyance of horses and ponies in transports will be authorised only in cases of military necessity or very special

circumstances. Applications for shipment will be refused unless they comply with these conditions. Pecuniary considerations will not constitute special circumstances. All applications must be submitted in ample time allow of the approval of the Director of Sea Transport, London, being obtained by letter.

(ii) *Dogs and domestic pets*.—No dogs or domestic pets can be embarked on transports. Owners desirous of sending pets home from India must therefore arrange for them otherwise. This order does not apply to hounds on outward voyages.

50. Motor cars—shipment in transports.

(a) The numbers and dimensions of cars which can be carried in transports are as follows:—

Vessel.	Cars.	Dimensions.
Nevasa	2	11' 2" × 7' 6" × 7' 3" high (one). 11' 2" × 7' 6" × 5' 9" high (one).
Neuralia	3	11' 6" × 7' 6" × 5' 6" high.
Dorsetshire ..	6	"Austin 7 tourers" and cars of similar dimensions which when crated do not exceed 3' 6" in height.
Somersetshire ..	6	
Lancashire ..	4	11' 6" × 6' × 6' high.

(b) Applications will be submitted in duplicate to the Embarkation Commandant, Bombay, in respect of applicants from Southern and Eastern Commands and Burma District, and to the Embarkation Commandant, Karachi for applicants from Northern and Western Commands and Army Headquarters.

(c) Accommodation in transports for motor cars is strictly limited. It is essential, therefore, that applications for accommodation should be submitted early.

(d) Applications for accommodation must contain full information as to the size of the car in crate and its weight. Without this information no application will be considered.

(e) Private motor cars, if accepted, will be shipped at owner's risk.

(f) Dock dues and any other incidental charges must be met by the owner.

(g) The applicant must certify that the car is his own private property, that the petrol tanks, oil tanks, etc., will be empty, and that the car will be free of petrol gas when it is shipped. He must also give in his application any special reasons as to why he is desirous that his motor car should be shipped as "indulgence" in a transport.

(h) The following scale of charges will be collected before actual shipment to cover the cost of loading at the port of despatch and unloading at the port of destination:—

For cars weighing packed one ton or less £3.

For cars weighing packed more than one ton £5

The amounts collected will be credited to public funds and a note to that effect will be made on the shipping return.

51. Medical attendance in freightships and packet steamers.

(a) *Freightships*.—When military third class passengers numbering 25 or more, or invalids for whom medical attendance is required, embark

in a freightship without a Government medical officer-in-charge, the military embarkation officer will inform the representative of the Principal Sea Transport Officer, East Indies, at the port of embarkation, to enable him to instruct the ship's surgeon either to take charge of the troops or to render medical attendance. In no case will an Embarkation Commandant address the ship's surgeon in the matter.

(b) *Packet steamers*.—All persons entitled to first or second class accommodation embarked in ships other than transports and freightships will be required to pay direct to the ship's surgeon any fees claimed by him for professional services rendered during the voyage. The fees charged by ship's surgeons will be on the scale authorised by the shipping company concerned. The following are authorised charges on routes normally used by military passengers:—

First class passengers. 5s. to 7s. 6d. a visit.

Second class passengers. 2s. 6d. a visit.

In most cases the surgeon's charge is limited to two visits a day and in some cases no charge is made for medical attendance where sickness originates after the commencement of the voyage.

Officers, and members of Queen Alexandra's Imperial Military Nursing Service and Queen Alexandra's Military Nursing Service for India, if treated for disabilities which are regarded as attributable to military service, and warrant officers will be eligible for a refund of fees paid. Applications for refund supported by the receipt of the ship's surgeon showing the disability for which treatment was provided should be submitted through the usual channels to the Controller of Military Accounts concerned, or to the Controller of Royal Air Force Accounts.

In the case of individuals entitled to third class accommodation embarked in health in vessels other than transports and freightships no charge will be made for medical attendance. Such passengers will receive free medical attendance on board, even when they are provided with superior accommodation at ordinary or reduced rates.

In the case of individual military and Air Force passengers of all classes embarked as invalids in ships other than transports and freightships, free medical attendance on board will be admissible to the same extent as to persons embarked in health, and the above arrangements will apply with the following exception:—

When arrangements for medical attendance on board are made on the recommendation of a medical board by the embarkation authorities prior to embarkation, no fees will be paid by the invalid direct to the ship's surgeon for professional services rendered by him on board during the voyage and he will be so informed in his embarkation orders, but a claim for the cost of medical attendance will be made to the Controller of Military Accounts (or the Controller of Royal Air Force Accounts, in the case of Air Force personnel) by the ship's surgeon, through the usual channels. In such a case, the invalid, if ineligible for free medical attendance, will subsequently be required to repay to Government the amount incurred in connection with his treatment.

(c) *Passports*.—The submission of applications for passports is required in all cases where, on board a ship, a person is to be employed in any capacity.

etc.—The authorities in all cases ensure that the issue of passports is not delayed, and these will be issued as soon as possible.

(d) *Medical certificates*.—The issue of medical certificates is required in all cases where, on board a ship, a person is to be employed in any capacity.

or sending a copy of the certificate to the authorities.

one month before their departure from India, from the Deputy Commissioner or Collector of the District in which they reside, what passport formalities have to be observed before the alien will be permitted to land in Great Britain.

The attention of all concerned is drawn to A. C. I., No. 399 of 1927 regarding the necessity for passports and visas for persons proceeding to Egypt.

53. Disembarkation at foreign ports.—British war-
rant and non-commissioned officer at Great Britain by
freightships or packet steamers, foreign ports
and proceed overland will be made through the usual channels to the Q. M. G. in India.

Sanction will be accorded only in very exceptional circumstances.

54. Customs regulations—Great Britain.—Customs declarations will be prepared prior to disembarkation by all first and second class passengers on a form which is circulated on board prior to arrival in English ports.

When third class passengers have been permitted to ship kit boxes or suit cases in excess of their authorised quantity of baggage signed declarations should be prepared by these passengers, ready to be handed to an Agent with the keys, should time not permit of the baggage being passed through by the owner.

With the above exception, third class passengers will be required to make a verbal declaration to the customs officers before leaving the dock premises as to whether or not they are in possession of dutiable articles.

Instructions regarding dutiable articles, list of the principal articles liable to customs duty and rates of duty on tobacco will be found in Appendix "D".

Commanding officers will take steps—

(i) to ensure that baggage of a non-personal nature, such as company or institute boxes, is not used as a means of evading customs regulations,

(ii) to warn officers and other ranks proceeding home against acquiring dutiable articles in ignorance of their liability for duty under the customs regulations of Great Britain.

55. Rail concessions—Great Britain.

(i) Despatching officers will be responsible for the issue of I. A. F. T. 1734, which will be given only to those entitled to it as defined on the reverse of the form. Cases in which the form is incorrectly issued will be dealt with under Passage Regulations, India, para. 4

(ii) Leave and furlough personnel proceeding to Great Britain will be provided with A. F.s. O-1798, O-1798-A, or B-295-B, as applicable, by their despatching officers before they leave their stations.

(iii) Soldiers' families granted advance passages from India are not entitled to conveyance at the public expense from the port of disembarkation in Great Britain to their selected place of residence. (A. C. I. 99 of 1931.)

(iv) The attention of officers proceeding on leave is invited to the existence of A. F.s. O-1798 and O-1798-A, which enable them to obtain return tickets for themselves, their wives and their children (under 16) at a single fare and a third for all journeys performed by rail while at home on leave. (See I. A. O. 281 of 1930.)

(v) In cases where I. A. F. 1-1734 is issued, the fact will be noted in all copies of A. F. B.-127 by the officer preparing the form, together with the scale of baggage allowed.

(vi) *Railway concessions for relatives or friends of military passengers proceeding to or returning from overseas stations.*

(a) *Freightships and packet steamers.*—For the convenience of military passengers travelling to or from Great Britain by sea in freightships or packet steamers the railway companies of Great Britain have an arrangement under which their relatives or friends travelling from London or provincial stations to Glasgow, Greenock, Birkenhead, Liverpool, Manchester, Southampton, Plymouth, Avonmouth Docks and Cardiff (General), with or to meet them, can purchase return tickets, first class or third class, at the ordinary single fare and one-third (fractions of 3d. to be reckoned as 3d.) upon surrender at the booking office at the time of booking of a voucher, provided by the shipping company concerned on application. The tickets are available for return within five days including the day of issue and will not permit of a break in the journey.

(b) *Transports.*—The railway companies have now agreed to extend this arrangement to relatives or friends of military passengers embarking in or disembarking from transports. In this case the voucher to support the issue of railway tickets at reduced rates will be provided by the War Office. Applications for vouchers which are not transferable) by relatives or friends of military passengers should be addressed to the Under Secretary of State (Q. M. G.-2-a), The War Office, London, S. W.-1, and should give the following particulars :—

- (i) Full name and address of applicant.
- (ii) Rank, name and unit, etc., of the military passenger concerned.
- (iii) Class of accommodation in which they wish to travel.
- (iv) The name of the transport in which the military passenger is arriving or departing.
- (v) The stations to or from which they are proceeding.
- (vi) The date of the commencement of the journey.

56. *Reports by Embarkation Commandants.*—Embarkation Commandants will maintain a diary of all transports in which will be noted any important points. At the end of the trooping season a report (in duplicate) on the whole season will be sent to the Q. M. G. in India. The reports will contain any suggestions, etc., for the next trooping season.

PART II.

INVALIDING—BRITISH PERSONNEL.

A copy of these trooping rules will be placed before all Medical Boards on proposed invalids.

57. Three regular invaliding medical boards will be held not later than 15th August, 15th October and 15th December, respectively. In Burma they will be held not later than 1st August, 1st October and 1st December.

Emergency boards will be held as required, but ordinarily all classes of invaliding should have been foreseen and documents should have reached Army Headquarters by 10th February, on which date final berthing arrangements for remaining transports are normally made.

58. The documents of invalids will be forwarded through the usual channels so as to reach Army Headquarters not later than a fortnight after the date on which the board is held, or earlier if possible.

59. When any patient is invalided by a medical board held after 1st February, the finding will be reported *by wire* to the D. M. S. by the O. C. hospital, giving full particulars as in para. 64 below. The documents of such cases will be forwarded *immediately* through the usual channels so as to reach Army Headquarters within 10 days of holding the board.

60. To avoid congestion at the end of the trooping season it is essential to bring before a medical board as many proposed invalids as possible in August and October. Any attempt to take account of climatic conditions with regard to the type of cases and the season of the year in England has been found to be valueless, the advantages being outweighed by the disadvantages. It should be clearly understood that, though a given case might preferably arrive in England in the spring, the individual must give place to the general welfare. Keeping the bulk of the cases until the December board defeats its own object, and causes congestion and hardship.

61. Classification of invalids—Invalids will be classified by medical boards as either :—

“A”—requiring hospital accommodation, or

“B”—not requiring hospital accommodation.

The following will always be classified as “Class A” :—

(a) mental cases,

(b) cases of pulmonary tuberculosis,

(c) men with disabilities of arm or leg which disable them from fetching their own hammocks, slinging them to the deck above, getting into and out of them, and putting them away in the morning, which duties are incumbent on “Class B” cases.

This original classification is not necessarily final, as the condition of a patient may materially alter after his board has been held, in which case reclassification from “A” to “B”, or *vice versa*, will be made by the O. C. hospital concerned, a notification being sent *immediately* to the D. M. S. in India by telegram repeated to Q. M. G. in India, and if passage has already been allotted the telegram will also be repeated to the Embarkation Commandant and to the O. C. B. M. H. at the port concerned.

NOTE.—Medical Boards may be inclined to think that by labelling a patient as “Class A” they are doing a kindness; this is by no means necessarily the case, and may have the opposite effect. Accommodation for “Class A” invalids is always limited, that for “Class B” invalids is, as a rule, ample; therefore an excess of “Class A” invalids may mean that the invalids so classified have to be kept back, although they might

have travelled in comfort, and without detriment to their condition as "Class B" invalids.

The words "Class A" or "Class B" will in all cases be entered in large red letters on the upper right hand corner of the front page of the Board proceedings.

In the case of 1st and 2nd class invalids who are classified as class "A", medical boards will state in the proceedings whether ordinary accommodation is suitable or whether hospital accommodation is essential. They will also state whether or not separate accommodation is required.

62. The rules in Passage Regulations, India, governing the grant of invalid passages have been tabulated for easy reference and will be found in Appendix "E" to these instructions.

63. Passages in packet vessels.—These are governed by Passage Regulations, India, paras. 31, 187, 202 (o), 235, 241 (k) and 262 (j).

Owing to the particular difficulty in securing passages by packet vessels between February and April, there is danger of late applicants having to wait until June.

Further, packet vessels are in many cases less suitable for carrying invalids than troopships are. This specially applies to cases requiring attendance, special treatment, etc., and will be taken into consideration by medical boards before recommending passages in packet vessels.

There is great difficulty in arranging packet passages for mental and for infectious (especially tubercular) cases, owing to the disinclination of shipping companies to accept such patients as passengers, and the lack of suitable accommodation and attendants. These patients therefore will whenever possible travel by transport.

Medical boards, when recommending passages by packet vessels for invalids, will state in the proceedings whether or not the services of the ship's surgeon are likely to be required on the voyage.

NOTE.—As regards the admissibility of free medical attendance in packet vessels, see para. 51.

64. Applications for passages.—(i) Immediately after the conclusion of a medical board, the O. C. hospital will forward I. A. F. (Medical)-6 in triplicate to the A. D. M. S. for transmission to the D. D. M. S. of the Command, accompanied by two copies of the proceedings of the medical board for each case.

(ii) When an officer of the Royal Army Medical Corps, Army Dental Corps, Indian Medical Service, a member of the Military Nursing Services or Indian Medical Department is invalidated by a medical board, an additional copy of the medical board proceedings will be forwarded for the D. M. S. in India.

(iii) The D. D. M. S. of the Command, or A. D. M. S., Burma District, will strike out from all copies of I. A. F. (Medical)-6 the names of those not approved by him and will forward them to the D. M. S. in India, together with one copy (or more as above) of the medical board proceedings of those cases only which he has approved for invaliding. The second copy of the board proceedings will be returned by the D. D. M. S. to the A. D. M. S. for transmission to the O. C. hospital. All copies of the board proceedings of those cases which the D. D. M. S. does not approve for invaliding will be returned through the A. D. M. S. to the O. C. hospital.

(iv) In the case of a mental invalid, I. A. F. (Medical)-6 will be made out in red ink (all entries), and four copies will be forwarded.

(v) In the case of an officer of the R. A. M. C. or A. D. C., another copy of the proceedings of the medical board will be forwarded by the O. C. hospital direct to the D. G. A. M. S., War Office, London, after the finding of the board has been approved.

(vi) I. A. F. (Medical)-6 for officers, warrant officers and their families will be accompanied by I. A. F. T-1727 (Form of application for entitled

sea passages) in duplicate, except in the case of Indian service officers and their families entitled to leave passage concessions under the rules in Appendices "A" and "AA" (Part II) of Passage Regulations, India. In the latter case the following information will accompany I. A. F. (Medical)-6 :—

- (i) Line of steamers officer wishes to travel by.
- (ii) Class and grade of accommodation required.
- (iii) For whom accommodation is required.
- (iv) Whether single or return passages are required.

In the case, however, of Indian service officers who are being invalided as a result of field service I. A. F. T.-1727 in duplicate will accompany I. A. F. (Medical)-6 as such officers get a free passage under Passage Regulations, India, paras. 187 (v), and 202 (o).

- (1) The certificate on the reverse of I. A. F. T.-1727 will be completed when passage is required for a domestic nurse accompanying an officer's family who is not entitled to passage concessions under Appendices "A" or "AA", Part II
- (2) The certificate on the reverse of I. A. F. T.-1727 will be completed when advance passages are required on medical grounds for the family of a British Service officer serving on the Indian Establishment.

NOTE.—Invaliding documents of cases subject to leave passage concessions under Appendices "A" and "AA" (Part II), Passage Regulations, India, who make their own arrangements, will also be forwarded to the D. M. S. in India for disposal.

(vii) Applications by telegram to arrange passages for invalids are at all times unsatisfactory; when, however, such applications are made for special reasons, e.g., when immediate despatch is necessary for the preservation of life or for very urgent and grave reasons of health, or as required in para. 50 they will be addressed to the D. M. S. in India. (Copy to the Embarkation Commandant, Bombay, during the non-trooping season.)

The following information must be given :—

(a) For persons invalided—

- (1) Rank, name, unit In the case of children sex and age should be stated. (In case of a member of a family, the rank of head of family is required, and relationship.)
- (2) Disease or disability.
- (3) Whether class "A" or "B".

In the case of first and second class invalids who are classified as class "A" state whether ordinary accommodation is suitable or whether hospital accommodation is essential; also whether separate accommodation is required or not.

- (4) Whether special attendants are required on the voyage and, if so, their numbers.
- (5) Paragraph in Passage Regulations under which cases are being invalided.
- (6) Date invaliding documents were posted to D. M. S.
- (7) Whether or not the services of the ship's surgeon are likely to be required on the voyage (This is required only in the case of invalids who are recommended packet passages)

(b) For persons accompanying invalid—

- (1) Relationship.
- (2) Sex and age in case of children.
- (3) Whether passage required for children's European nurse. (See Passage Regulations, India, para. 345.)

NOTE.—In the case of officers and families who are entitled to leave passage concessions under the rules in Appendices "A" and "AA" (Part II) of Passage Regulations, India, the information required by sub-para. 6 (i), (ii), (iii) and (iv) above will also be given

(viii) I. A. F. (Medical)-6 and the proceedings of the medical board will be forwarded at the same time through the usual channels.

65. Passage allotment.—The allotment of invalids to troopships will be made by the Q. M. G. in India direct to the District Headquarters concerned. The orders issued regarding times of arrival at the port of embarkation must be strictly adhered to.

In every case in which an officer who is entitled to leave passage concessions under Appendix "A" or "AA" (Part II) of Passage Regulations, India, makes his own arrangement for a passage, the name of the vessel and the date of sailing of the invalid will be notified by the A. D. M. S. concerned in a telegram addressed to the D. M. S. in India and repeated to the Q. M. G. in India and Embarkation Commandant concerned.

66. After accommodation has been allotted by the Q. M. G. in India, the medical board proceedings and connected documents, and one copy of I. A. F. (Medical)-6, will be sent by the D. M. S. in India to the Embarkation Commandant concerned. One copy of I. A. F. (Medical)-6 will be returned by the D. M. S. to the A. D. M. S. concerned for information and retention.

67. Disposal of invaliding documents.—Medical board proceedings (A. F. B.-179, A. F. A.-2, I. A. F. M.-1243) and connected papers will be disposed of as follows :—

(A) *When an invalid travels by transport*, the documents will be handed over by the Embarkation Commandant to the S. M. O. on board, who will in turn hand them to the Embarkation Commandant at the port of disembarkation.

In the case where a medical board considers that the invalid is likely to require treatment during the voyage, such medical notes of the case as may be considered necessary for the confidential information of the ship's surgeon during the voyage will be handed to him by the embarkation medical officer concerned. These notes will be prepared and posted by the O. C. hospital concerned to the embarkation medical officer so as to reach him three clear days before the patient has to embark.

otherwise they will be sent by the A. D. M. S. District or Independent Brigade to the appropriate destination.

68. Medical documents other than invaliding documents.—The following is a list of medical documents which will accompany the invalid for the information of the medical officers through whose hands he passes and will be handed over on I. Invalids are despatched to the port of embarkation under the orders of the Q. M. G. in India, either to the local hospital pending embarkation or for direct embarkation. Normally "Class A" cases are sent to await embarkation in the local hospital and "Class B" cases for direct embarkation, but in special circumstances, *vide* para. 73, this procedure may be varied.

These will be prepared by the O. C. hospital concerned.

(b) To be forwarded to the D. M. S. in India in the usual manner (see para. 64)—

A.F.B.-179, A.F.A.-2 or I.A.F.M.-1243 (Medical Board proceedings),

Report by the specialist in mental diseases, if any,

A.F.B.-183 (Detailed statement of a case of mental disability) in cases of officers and other ranks,

I.A.F. (Medical)-6 (Nominal roll of invalids who passed the invaliding board) in quadruplicate,

Other documents bearing on the case, if any, *e.g.*, statements of witnesses, etc.

Before submitting the civilian mental cases, a statement will be attached to the proceedings showing what arrangements have been made for

(i) meeting the invalids at the port of disembarkation,

(ii) their disposal after they disembark.

When an officer is being invalided on account of mental disease, additional copies of the medical documents (*viz.*, I.A.F.M.-1243, A.F.B.-183 and I.A.F.M.-1244) will be prepared and forwarded to the district commander for disposal after the finding of the board has been approved, *vide* para. 111 of Regulations for the Army in India.

Regimental documents will be disposed of in the usual manner, *vide* para. 69.

Documents of mental cases who have been boarded during the non-trooping season and have been transferred to a mental hospital to await embarkation, will be dealt with as follows:—

Medical documents as detailed in (b) above will be retained in the military hospital at which the medical board has been held and will be forwarded to the D. M. S. in India in the usual manner at the commencement of the following trooping season.

Regimental documents will be retained by the O. C. unit until passage is allotted by the Q. M. G. in India. They will then be completed and despatched by post direct to the Embarkation Commandant, notification to this effect being given to the O. C. hospital concerned, *vide* Appendix "A", item (v), and Appendix "G".

76. Cases of tubercle of lung.—The following additional documents will accompany the medical board proceedings of all ranks when they are being invalidated on account of tubercle of the lung :—

A.F.I.-1220-A.,	}	In the case of King's commissioned officers and lady nurses.
I.A.F.M.-1228 (if any),		
Duplicate copy of A.F.I.-1220.		
A.F.B.-179-A.,	}	In the case of British other ranks.
A. F. I.-1220-A.,		
I.A.F.M.-1228 (if any),		
Duplicate copy of A.F.I.-1220.]		

As a rule the despatch of cases of tubercle of the lung, except on transports, presents the greatest difficulty, owing to the unwillingness of shipping companies to accept this class of case. There is also difficulty concerning the provision of suitable accommodation.

Before accommodation can be arranged on a packet vessel for an invalid suffering from tubercle of the lung, a certificate as under, signed by a medical officer, must be sent to the Embarkation Commandant concerned, and the fact that this has been done will be recorded on the application for passage. [I.A.F. (Medical)-6, telegram, etc.]

"Certified that the other passengers in S. S. '.....' will not be injuriously affected owing to the presence on board of Captain a case of tuberculous of the lungs."

N.B.—This wording must be strictly adhered to, otherwise the certificate is useless.

77. Cases of venereal disease.—Regulations for the Medical Services of the Army in India, Appendix IX, will be carefully complied with.

For the purpose of embarkation such cases are sub-divided into two categories, *viz.* :—

I. Active, *i.e.*, patients in hospital.

II. Non-active, *i.e.*,

(a) Men attending hospital.

(b) Those men still on the syphilis register.

(c) Those under observation.

I. *Active.*—In order to ensure the protection of other troops and the proper supervision and treatment of the cases themselves, men coming under category I will be sent home as "sick transfers".

On receipt of information that any man coming under category I has been included in the unit bulk allotment for any particular transport, the O. C. hospital will at once inform the D. M. S. in India by telegram, repeating to Q. M. G., full particulars of the man's number, rank, name, unit, transport by which sailing and date due for discharge or transfer to Army Reserve, notifying that hospital accommodation will be required for him *en route* to and on board ship.

Army Headquarters will then make the necessary adjustment of hospital accommodation on that vessel or, if time permits, transfer the man to a later sailing if desirable and will re allot the vacancy caused in

troop-leek bulk allotment. These cases will be transferred to the port in the same manner as "Class A" invalids.

The O. C. hospital will ensure—

- (i) that they are accompanied to the port of embarkation by an attendant,
- (ii) that adequate medical supervision and sufficient dressings are provided for the train journey to the port of embarkation,
- (iii) that if, owing to any circumstances, a patient should be unfit to travel, the D. M. S. in India is immediately informed by telegram, the telegram being repeated to the Q. M. G. in India and to the Embarkation Commandant concerned.

II. Non-active—Men coming under category II will proceed to Great Britain with the drafts and no special arrangements will be made for their segregation either en route to, or on board ship.

Documents—Category I—Active—Nominal rolls will be prepared by the O. C. hospital in triplicate for all cases and will be disposed of as follows:—

- (1) One copy will be forwarded to the embarkation medical officer concerned so as to reach him seven clear days before the date of embarkation. This copy is for the information of the S. M. O. of the transport.
- (2) One copy will be given to the attendant.
- (3) The third copy will be retained as a hospital record.

The medical and regimental documents of these active cases will be disposed of in the same way as those of invalids (as laid down in paras. 67 to 69).

Category II—Non-active—Nominal rolls will be prepared and disposed of in the same manner as those of men coming under category I, except that a copy of the nominal roll will be given to the draft conducting officer instead of to the attendant.

A.F.I.-1247 (Modified for India) will be despatched by post so as to reach the embarkation medical officer concerned at the same time as the nominal roll referred to above. Other medical documents will be sent to the unit (the O. C. unit must call for them if necessary) before the man is despatched.

NOTE—The above procedure will apply to V. D. cases proceeding with troops to other countries *ex-India* as well as Great Britain.

78. Families of other ranks requiring special accommodation—Should the medical board, in exceptional circumstances, consider it essential that the husband should accompany the wife in the same cabin, the board will definitely say so in the proceedings, giving the reasons, and the G. C. hospital will further state in column 17 of I. A. F (Medical)-6 that the family should be berthed in second class cabins.

79. Indian service officers recommended passage on transport—When, in exceptional cases, a medical board recommends that an officer of the Indian service entitled to passage under Appendix "A" or Appendix "AA" (Part II) of Passage Regulations, India, should travel by transport instead of by packet vessel, he will be despatched as a sick transfer to the hospital at the port of embarkation, irrespective of whether he is a "Class A" or "Class B" invalid.

80. Casualties—All casualties affecting passages allotted or applied for will be reported immediately by the O. C. hospital concerned by wire to the D. M. S. in India, repeated to the Q. M. G. in India.

81. Movement of invalids.—After having been invalided by a medical board, the movement of invalids from one station to another is prohibited except as follows :—

- (a) Invalids may be moved to a place of concentration under orders issued by the Q. M. G. in India prior to despatch to the port of embarkation.
- (b) Invalids brought to a central station to appear before a medical board should return at once to their own stations from which they will eventually proceed for embarkation.
- (c) Invalids fit to be moved who are boarded in the hills, may be sent to the stations at which their units are located, a statement to this effect being made in the last column of I. A. F. (Medical)-6. On the occurrence of the move information will be wired to the Q. M. G. and D. M. S. in India.

Should, however, unforeseen circumstances render movements, other than those detailed in (a), (b) and (c) above, unavoidable, the fact will be reported by wire to the Q. M. G. in India and repeated to the D. M. S. in India, and the Embarkation Commandant concerned, full particulars being at once forwarded by letter to the same addresses.

82. Baggage.—When a class "A" invalid is proceeding to port of embarkation an inventory of kit and equipment in his possession will be prepared at the British military hospital at his station of departure and a receipt obtained from the senior attendant accompanying the invalid, or from the invalid himself, if he is not accompanied by an attendant. A copy of the inventory will be handed to the attendant, or the patient, who will obtain a similar receipt from the Embarkation Commandant if proceeding for direct embarkation, or from the O. C. hospital if transferred to a hospital *en route*. The O. C. hospital at the port will, in turn, arrange to obtain a similar receipt from the Embarkation Commandant. A.F.B.-253 (Modified for India) will be used for this purpose.

Warrant officers and other ranks.—On receipt of allotment orders in respect of invalids, the Embarkation Commandant, Bombay/Karachi will forward to the O. C. hospital concerned special invalid kit labels for attachment to all items of their baggage.

The O. C. hospital will ensure that the labels are attached to all items of baggage of the invalids before they leave the hospital *en route* to the port of embarkation (or for direct embarkation in the case of invalids *ex-Colaba* or Karachi).

In the case of "Class B" invalids proceeding to join a troop special train (proceeding to a port of embarkation) O. C. hospital will ensure that invalids are personally in possession of their complete kit (including heavy and sea kit bags) correctly labelled on leaving the hospital.

When invalids proceed by ordinary train to join a troop special train, the O. C. hospital will instruct the invalids to retain possession of their kits until they report to the O. C. troop special train.

(Should this be impracticable, kits will be loaded into the brake van of the train by which the invalids proceed. On arrival at the station where they join the troop special train, the kits will be taken over by the invalids concerned.)

On arrival at the station where they join the troop special train, all invalids will report to the O. C. Train, who will then issue instructions that all kits, except sea kit bags, are to be loaded into the same baggage wagon.

See also paragraphs 42 to 45 which apply generally to baggage of all classes of passengers.

83. Medical officers doing duty on troopships.—Medical officers detailed for duty on transports will report to the Embarkation Commandant may be ordered by the Q. M. G. in India.

PART III.

Accounts—British Troops.

84. The following rules will be observed in regard to the preparation of documents and payment and issue of last pay certificates of drafts and details of British troops proceeding to Great Britain or a colonial station, on transfer to a unit serving there, or for discharge or transfer to the Army Reserve, or on furlough.

These rules apply equally to soldiers of the India Unattached List and Indian Corps of Clerks as far as embarkation documents are concerned, but are not applicable to these two categories as regards pay documents.

(i) *Men in attached sections.*—Normally units will be allotted a number of passages for a definite transport and the probable date of embarkation will be communicated to them. Small numbers of extra men and any men detailed in hospital *en route* and subsequently discharged will, however, be ordered to the Attached Sections, Bombay and Karachi, without orders being passed for them to sail by any particular transport. These men will be allotted to transports by the Embarkation Commandant concerned, and will be taken on the strength of the Attached Section, to which they may be ordered.

In such cases, L. P. Cs. will be issued by the O. C. the individual's original unit to the O. C. Attached Section concerned, who will take the men on to his pay.

The Officers Commanding Military Hospitals, Colaba and Karachi, are the Officers Commanding, Special Attached Sections, respectively, of the dates of admission to and discharge from the hospitals under their command, of all details, disembarked from transports for admission to hospital, or admitted to hospital after arrival at port for embarkation.

N.B.—The expressions "officers commanding" and "unit" used here-in include the "O. C., an attached section" and "attached section", respectively, in the case of men taken into the payment of such sections.

(ii) *Payment before embarkation.*—The O. C. will pay the soldier any amount due to him up to and for the date preceding embarkation, but where the soldier's account is Rs. 30 or more in credit, the whole or any portion of such credit may be remitted by means of I.A.F.A.-602 if the soldier so desires.

(iii) *A.F.N.-1511.*—The soldier's accounts will then be made up to and for the date preceding embarkation and A.F.N.-1511 (in duplicate) will be completed to show the man's debit or credit balance on the date of embarkation after taking into account all payments made to him and all sums earned by him up to that date.

(iv) *I.A.F.s.A.-443 and A.-444.*—I.A.F.s.A.-443 and A.-444 will be prepared after taking into account all sums remitted home by means of I.A.F.A.-602, all sums paid to the soldier, and all sums earned by him up to, and including, the date preceding embarkation, and will be forwarded (on the same date on which the A.F.N.-1511 is despatched to the Embarkation Commandant either direct or via the Draft Conducting Officer) to the Controller of Military Accounts concerned for counter-signature and transmission to the regimental or colonial paymaster. The balance credit or debit must agree with that shown in the last pay certificate.

(v) *Alteration in date of embarkation.*—In cases in which the date of embarkation of a soldier is altered the following procedure will be observed:—

(a) If the alteration takes place before the soldier leaves his unit, documents already issued will be cancelled and the fact of such

APPENDIX "C".

Accommodation of families in Great Britain.

War Office letter No. 118|General|410 (Q.M.G.-1), dated 11th April 1927, is published for the information and guidance of all concerned:—

"I am commanded by the Army Council to refer to War Office letter No. 120|General|9609 (Q.M.G.-1), dated 1st October 1925, on the subject of warning Married Quarters Roll Personnel returning home, that owing to the shortage both of married quarters and of lodgings at many stations they should make precautionary arrangements for sending their families to their relations, in order to avoid difficulties and discomfort at the port of disembarkation.

I am to say that cases have occurred subsequent to that letter, of families landing in this country not only confident of obtaining quarters, but in some cases with the actual assurance from the Overseas Command that quarters would be available. In these circumstances the Council consider it advisable to repeat their request that publicity should be given in Command Orders to the following considerations and to suggest that it would be advisable, especially before each trooping season to repeat the warning and to ensure that it reaches all ranks:—

- (i) Non-Commissioned Officers and men returning to the United Kingdom for discharge or transfer to the Reserve should realise that the housing shortage is still so acute that lodgings are not easy to obtain. They are therefore advised to make timely arrangements for their accommodation on landing.
- (ii) Non-Commissioned Officers and men returning on posting to the Home Establishment, to attend Courses of Instruction, or for any other reason involving continuance in the service in this country, must be warned that it is by no means certain that quarters will be available and, since lodgings are difficult to obtain, it is most advisable that alternative arrangements should be made in good time for the accommodation of their family either with relations or at any other selected place of residence. In this connection attention is drawn to Army Council Instruction 377 of 1921.
- (iii) No soldier serving overseas is entitled to public quarters in the United Kingdom for his family. Soldiers whose families

are returning unaccompanied should therefore be warned to make early arrangements for the accommodation of their families at their selected places of residence.

If, in any individual case, it is considered very desirable that public accommodation should be provided for the family on arrival at home, an application, giving the reasons for which such special treatment is recommended should be submitted to the War Office as soon as the requirement can be foreseen. Every effort will then be made to find suitable quarters, but no guarantee can be given that they will be forthcoming.

Notification of any such requirement for an unaccompanied family must reach the War Office at least a fortnight, if possible longer, before the arrival of the family in the United Kingdom."

2. *Notification to units.*—Immediately intimation is received by officers commanding hospitals that passages have been allotted for invalids they will send a notification to the officers commanding units concerned stating—

- (i) whether they are "A" or "B" class invalids (if they are mental cases this should be stated, e.g., class "A" mental),
- (ii) the date fixed for sailing,
- (iii) the name of the transport,
- (iv) the date by which the man's A. F. B-127, pay documents, etc., and I. A. F. A-33, accompanied by a cheque or R. T. R. for the amount payable to the date preceding sailing should reach the hospital from which the soldier is invalided.

N.B.—No other documents will be sent in the envelope which contains I. A. F. A-33 and cheques or R. T. Rs.

3. *Payments.*—(i) Should the O. C. hospital consider that an invalid should not receive a cash payment before proceeding for embarkation, or should the man himself desire to remit home the whole or any portion of his credit balance, provided that such balance is not less than rupees thirty, the O. C. hospital will notify the O. C. unit accordingly, in order that any credit balance may be remitted to the home paymaster.

N.B.—When regulating the pay and allowances of class "B" invalids, unit accountants must clearly understand that they are to be treated as ordinary home-going details, e.g., they will not be affected by paragraph 6 of the Appendix to Army Instruction (India) 45 of 1923.

(ii) Payments made in hospital will be entered in the I. A. F. A-33 by the officer who makes the payment. When the final payment is made the form will be immediately returned to the O. C. unit. If any amount remains undischarged in I. A. F. A-33 the fact will be clearly indicated. No payments other than those authorised in I. A. F. A-33 should be made by O. C. hospitals.

4. *Pay documents.*—Original and duplicate copies of A. F. N-1511 will be handed to the medical or other officer conducting the men concerned to the port of embarkation, and his receipt obtained. When an invalid proceeds to port direct his A. F. N-1511 will be sent to the Embarkation Commandant concerned.

APPENDIX "G".

Despatch of documents by units and British Military Hospitals, and conveyance to the port.

1. Documents of troops, other than invalids, mental cases or convicts, may be divided into :—

- (i) Preliminary returns.
- (ii) Documents required for immediate use on the journey to port of embarkation.—Journey documents.
- (iii) Documents required on board ship.—Voyage documents.
- (iv) Documents for transfer to destination and not required throughout the voyage.—Other regimental documents.

2. *Preliminary returns*.—Documents under (i) will be sent by registered post except preliminary copy of A. F. B.-127 which will be sent by ordinary post.

Journey documents—documents under (ii). These are :—

- A. F. B.-127 in sextuplicate.
- A. F. N.-1511 in duplicate.
- I. A. F. M.-1240.

These documents are to be placed together in one envelope marked "Journey Documents" with the contents endorsed on the outside.

A. Fs. N.-1511 will be arranged separately from A. Fs. B.-127, but in the same order as the names appear in the A. Fs. B.-127, to facilitate check by the draft conducting officer.

A. Fs. N.-1511 are not required for soldiers proceeding on furlough, category "F", soldiers of the I. C. C. and I. U. L. or soldiers proceeding overseas having received their discharge in India.

A. Fs. N.-1511 in the case of invalids proceeding direct to the port will be sent to the Embarkation Commandant concerned.

3. *Voyage documents*—documents under (iii). These are :—

- Regimental conduct sheet—A. F. B.-120.
- Company conduct sheet—A. F. B.-121.
- Medical history chart—A. F. B.-178.
- Dental chart—A. F. I.-5033.

These documents will be placed in a separate envelope marked "Voyage Documents. Not to be opened until after embarkation", with the contents endorsed on the outside.

None of these documents are required for soldiers proceeding on furlough, category "F".

4. *Other regimental documents*—documents under (iv). Units will pack all other regimental documents (including A. F. B.-278, together with one copy of Army Form B.-198, prepared ready for receipt) not required on the voyage, in sealed packages, addressed to destination at home and clearly endorsed with the contents and with the numbers, ranks, names, and unit of the personnel concerned. These packages need not normally be opened at all.

Documents will not be packed in boxes, as this leads to delay in disposal of men due for discharge, etc., on arrival in Great Britain.

5. *Receipt vouchers*.—(i) I. A. F. Z.-2014 will be used for forwarding and receipt voucher for all A. Fs. N.-1511, "Voyage" and "Other Regimental Documents". Sufficient copies of I. A. F. Z.-2014 will be carboned by the unit or hospital despatching the individual or draft to

enable one receipted copy to be retained by each officer who has to hand over the documents.

Thus :—

1st copy.—(Original) goes all the way with the documents.

2nd copy.—Is signed and given back to the unit or hospital by the individual "A", to whom the documents are delivered in the first place.

3rd copy.—Is signed by the D. C. O. "B", who takes over the documents at draft collecting station, or *en route* to the port, and given to "A".

4th copy.—Is signed by the draft conducting officer or senior medical officer (or his representative) taking over at the port and given to "B". An additional copy will be signed by the S. M. O. in the case of invalids and given to the embarkation medical officer, for record at the port.

Therefore, when a draft conducting officer goes right through from unit to Great Britain, only two copies are required for fit personnel and three for invalids. Where individuals or small parties are to join a draft conducting officer at a collecting station or in the train, three copies are required for fit personnel and four for invalids. Where the original draft conducting officer has to hand over to a new D. C. O. *en route* or at a port, one extra copy is required.

(ii) Entries in I. A. F. Z.-2014 will be made on the following lines :—

2 A. Fs. N.-1511 in duplicate as enumerated on A. F. B.-127 containing 40 names.

One sealed packet.—Medical history sheets of 35 men and conduct sheets of 56 men, as enumerated on envelopes. The medical history sheet of No. 3436699 Pte. L. J. Johnson will be posted direct to Great Britain.

Three sealed packets.—Regimental documents of 56 men proceeding to Great Britain. All particulars on envelopes.

A. Fs. B.-127 and I. A. F. M.-1240 are not to be included on I. A. F. Z.-2014.

7. *6. Special Attached Section Details.*—All documents of men proceeding to Bombay or Karachi to join Special Attached Sections to await embarkation to Great Britain, will be despatched simultaneously with the men, to the O. C. special attached section concerned.

7. Invalids.—(i) On receipt of definite allotment of passages for invalids units will prepare and dispose of preliminary copies of A. F. B.-127 in accordance with Appendix "A".

(ii) All other documents required by Appendix "A", will be duly prepared and will be despatched, together with existing regimental documents, in the first place, to the O. C., B. M. H., concerned, sorted and enclosed in the manner indicated above.

(iii) The O. C., B. M. H. will—

(a) check A. F. B.-127 against the personnel actually for despatch.

(b) disburse any monies received, complete I. A. F. A-33 and return it to the unit concerned. In no circumstances will cheques for money due to invalids be sent to the Embarkation Commandant for payment, nor will money orders be sent that authorised for payment on I. A. F. A-33 be despatched by the hospital.

(c) keep one copy of A. F. B.-127 for his own use,

(d) pass to the draft conducting officer—

(i) six copies of A. F. B.-127,

(ii) sealed envelope containing conduct sheets. Particulars of men concerned to be shown on the envelope with the number of sheets against each man's name,

(iii) one copy of I. A. F. M.-1240 for each man and medical documents mentioned in paragraph 68,

(iv) sealed packet containing all other regimental documents.

(iv) Items (ii), (iii) and (iv) will be shown on I. A. F. Z.-2014 as for fit men, but as the envelope containing item (iii) has to be opened and the contents checked by the first medical officer taking over, a complete list in triplicate of the men concerned will be placed inside the envelope, showing the contents of the envelope, document by document, against each man's name.

8. *Mental cases.*—The documents of mental cases will be dealt with similarly to those of invalids, but see Appendix "A", item (v).

9. *Convicts.*—See Appendix "A", item (vi).

10. *Transfer of documents.*—Draft conducting officers will open the envelope containing A. F. N.-1511, check the forms against A. F. B.-127, including those for invalids, and sign for both.

Medical officers will also open the envelope containing medical documents, check the same and sign for them. The remaining sealed envelopes and packages will be signed for as "sealed packages only", as they will not be opened prior to embarkation.

Units, including British military hospitals, will prepare the covering I. A. F. Z.-2014 accordingly.

I. A. O. 379. Results of Courses at the Anti-Gas Wing, Small Arms School, England.—Lieutenant E. D. I. A. O. 380. Reserves, Indian Army. Reserves of Indian Infantry (excluding Gurkha Rifle) Battalions.—Reference India Army Orders 252 and 253 of 1932.

It has been decided that with effect from the year 1932-33 Indian Infantry reservists training will be carried out by regiments every alternate year. In each year the reservists of half the Indian infantry (excluding Gurkha rifle) regiments will be trained. Active battalions will thus only be called upon to provide training personnel for reservists every second year, and in every other year such personnel will be available to take part in collective training.

2. To give effect to this decision training will commence as follows:—

In
1932-33.

Northern Command.

1st Punjab Regiment.
11th Sikh Regiment.
13th Frontier Force Rifles.
15th Punjab Regiment.
17th Dogra Regiment.

Eastern Command.

4th/9th Regiment.
19th Hyderabad Regiment.

Southern Command.

5th Mahratta Light Infantry.

Western Command.

10th Baluch Regiment.

a District.

In
1933-34

8th Punjab Regiment.
12th Frontier Force Regiment.
14th Punjab Regiment.
16th Punjab Regiment.

2nd Punjab Regiment.
7th Rajput Regiment.
18th Royal Garhwal Rifles.

6th Rajputana Rifles.

20th Burma Rifles.

22nd June 1932

Regiments carrying out reservists training in 1932-33 will not carry out training again until 1934-35. Those carrying out training in 1933-34 will not do so again until 1935-36.

3. The first sentence of para. 15 of Indian Army Order 252 of 1932 is being amended to read as follows:—

“During the period of reserve service each reservist will train for one month during his second or third, fourth or fifth, and sixth or seventh year of reserve service, according to the programme of reserve training of his regiment.”

Indian Army Order 251 of 1932 is similarly being amended where necessary.

Thus a man normally due to train in 1932-33 (his second year in the reserve), but whose regiment does not train that year, will train in 1933-34 (his third year of reserve service).

27th June 1932.

I. A. O. 391. Legal and Judicial. Army and Air Force (Annual) Act, 1932, Amendments to the Army Act.—The Army and Air Force (Annual) Act, 1932 (22 Geo. 5. Ch. 22), published in the Gazette of India, Part I, Legislative Department Notification No. 3-III/32-P., dated the 2nd June 1932, is republished as an Annexure in this order.

This Act will come into force in India on the 31st July 1932.

2. The amendments to Sections 17 and 18 of the Army Act contained in the Army and Air Force (Annual) Act, 1932, have been made in consequence of questions which have arisen on the existing words "money or goods" in the sections quoted, e.g., whether a postal order or a money order should be treated as money or as goods. To avoid any such questions in the future the more general term "property" has been substituted.

On and after the 31st July 1932, therefore, the statement of the offence in charges laid under Sections 17 and 18 of the Army Act should be expressed correctly in the words of the Army Act as amended, i.e., in a charge laid under Section 18 (4) the statement of the offence should read :—

"Stealing property belonging to a person subject to military law", or as the case may be.

Provision has also been made for offences committed in respect of garrison property and property belonging to a garrison mess or institution in order to provide for cases in which the property or the mess or institution to which it belongs is not covered by the term "regimental", as defined in Section 190 (17).

B.-20272 A.G.-8.

I. A. O. 392. Accounts—Adjustment of advances of privilege leave pay taken by officers proceeding on leave to Dominions or Colonies.—The concessions granted in India Army Order 53 of 1929, as amended by Correction Slip No. 2 of list of Correction No. 57, dated the 23rd December 1929, have with effect from the 1st May 1932, been extended to officers proceeding on leave to the undermentioned Dominions and Colonies :—

- (i) Australia.
- (ii) Canada.
- (iii) New Zealand.
- (iv) Eastern & Central Africa.
- (v) Union of South Africa.

2. The following accounts procedure will be adopted for the adjustment of advances of privilege leave pay, whether the privilege leave is taken by itself or in combination with other leave :—

(a) In India, the Controller of Military Accounts concerned will, as usual, issue a Colonial Warrant to the Dominion or Colonial Authority.

(b) The Colonial Warrant will show in all cases, in addition to the rates of pay in issue, the actual amount of pay advanced.

27th June 1932.

well as the amount and description of any recoveries made in India therefrom, such as fund subscriptions, and instalments of advances. The Dominion or Colonial payments to be made by the authority will be made after taking into account the amounts of these recoveries [see clauses (d) and (e) below].

- (c) On receipt of the Colonial Warrant, the Dominion Accounts Authority or Colonial Paymaster will open an Account for the officer concerned.
- (d) No actual payments will be made by the Dominion Accounts authority or Colonial Paymaster until the amount drawn in India is completely liquidated by adjustments against the amount falling due to the officer monthly.
- (e) On the officer's return to India the Dominion Accounts authority or Colonial Paymaster will return the Colonial Warrant showing the adjustments made by him in respect of the privilege leave advance and showing the payments, if any, made by him in respect of any period not covered by the advance. The Colonial Warrant so endorsed will be the authority for the Controller of Military Accounts to continue payments in India.
- (f) Debits for actual payments made by the Dominion Accounts authority or Colonial Paymaster will be raised by him against the Accountant General, Central Revenues, India, in cases in which the Government concerned exchanges Accounts direct with this country, or against the India Office, in other cases. In the former case the debit passed by the Accountant General, Central Revenues, will be adjusted by the Controller of Military Accounts concerned against the ordinary heads of account while, in the latter, the necessary adjustment will be made finally in the Home Accounts of the Government of India.

3. This Order has the concurrence of the Dominion or Colonial authorities concerned, Government of India in the Army and Military Finance Departments and of the Military Accountant General.

13954/M.G.O.-13-A.

I. A. O. 395. Forms.—It is frequently suggested that the number of forms in use in the Army is excessive, and that it should be possible to reduce this number very appreciably, but no instances where such a reduction could be effected are, as a rule, quoted. On the other hand, proposals of additional forms, and of expenditure on special specimens.

2. In the Appendix to Army Instructions (India) No. 1069 of 1923, it was stated that the use of forms, though unavoidable, constituted an administrative evil which must be strongly resisted, and that their preparation, revision, and upkeep, entailed a great deal of unproductive work and expense to the State. As units, lower formations, and departments, will probably, at times, be in a position to suggest certain forms not regarded as indispensable and which might be abolished, and possibly in instances where the use of a standard form will result in a saving in establishment or in other directions exceeding the cost of the form, the following instructions are issued for the guidance of all concerned.

3. The primary object of a standard form is to have information prepared and submitted in a uniform shape from all sources, and to make the clerical work of its preparation in that shape easier than if a blank sheet were used. In fact, the standard form in clerical work may be said to answer the same purpose as the standard method known as the 'one best way', for carrying out various tasks in mass production in industry. There is, however, no advantage in having a standard form printed in those cases where a blank sheet would answer the purpose equally well, and where there is no advantage it would be better and

WHEREAS the raising or keeping of a standing army within the United Kingdom in time of peace, unless it be with the consent of Parliament, is against law :

And whereas it is adjudged necessary by His Majesty and this present Parliament that a body of land forces should be continued for the safety of the United Kingdom and the defence of the possessions of His Majesty's Crown, and that the whole number of such forces should consist of one hundred and forty-eight thousand seven hundred, including those to be employed at the depots in the United Kingdom for the training of recruits for service at home and abroad, but exclusive of the numbers actually serving within His Majesty's Indian possessions, other than Aden :

I. A. O. 403. Legal and Judicial—Stoppages of Pay under Section 145 of the Army Act, for the maintenance of wives and children of British soldiers.—War Office letter No. 46[General]496 [F. 2. (M.)], dated the 12th May 1932, is reproduced below:—

War Office letter No. 46[General]381 [F. 2. (M.)], dated 30th April 1929, referred to therein, was reproduced in I. A. O. 483 of 1929.

“I am commanded by the Army Council to refer to War Office circular letter of 30th April 1929, No. 46[General]381 [F. 2. (M.)], and to say that, having recently had under consideration certain questions that have arisen in connection with the exercise of the powers conferred by Section 145, Army Act, in regard to the ordering of stoppages of pay for the maintenance of wives and children, they have decided to issue the following instructions in continuance of the letter quoted for the further guidance of officers to whom powers under Section 145 are delegated.

4th July 1932.

1. *The relation of the stoppage to the total amount of pay issuable.*

It must be clearly understood that the proportion of pay directed in Section 145, Army Act, to be left to the soldier was decided after a very full consideration of the sums required for his personal needs, and that no general departure can be sanctioned from the principle that stoppages in respect of a Court Order should be at such a rate as will discharge the Order to the fullest extent possible. The Army Council, however, recognize that cases may arise in which the imposition of the maximum stoppage might be inexpedient. It will be for the competent officer, acting under Section 145, Army Act, to decide with reference to each case that may come before him, whether he may properly exercise his discretionary power by imposing a stoppage that is less than the maximum that may be enforced.

The primary purpose of the discretion vested in the Army Council by Section 145 (2) of the Army Act is to ensure that deductions from pay shall not assume such proportions as to endanger the efficiency of the soldier in his service in the Armed Forces of the Crown. In determining the amount of a stoppage, the respective claims of the woman to receive maintenance, of the soldier to retain a due proportion of his pay, and of the State to the services of a soldier whose efficiency will not be endangered by the amount of the stoppage must be fully considered.

2. *The continuation or otherwise of stoppages when the circumstances in which a Court Order was made have been materially changed.*

The revocation or variation of a Court Order is entirely a matter for the discretion of the Court of Summary Jurisdiction which made the Order and the Army Council are advised that under Section 30 (3) of the Criminal Justice Administration Act, 1914, it is open to the soldier against whom an Order has been made to apply to the Court which made the Order to have it revoked or varied. The application to the Court is by summons, and although the soldier is entitled to appear in person, it is probable that he will be well advised to employ a solicitor.

A soldier serving abroad would have the same rights as one serving at home, but in such a case it would be necessary to employ a solicitor to represent him. Before a soldier incurs the expense of employing a solicitor, however, it may be desirable to ascertain what would be the attitude of the particular magistrates to an application made by a solicitor on behalf of a soldier without the soldier himself being present. In this connection it should be noted that the Army Council would be prepared to take steps to initiate the enquiry on receipt from the Command in which the soldier is serving of full details of the case, with particulars of the soldier and the name of the Court by which the Order was made. It must, however, be understood that the Army Council cannot provide legal assistance or incur any expense in connection with such an enquiry.

3. *Discretionary powers of the competent officer, in a case in which the circumstances in which the Court Order was made have materially changed, to reduce the amount of the stoppage when the Court Order has not been varied.*

In view of the remedy which, as explained above, is provided by the civil law and to which it is possible for a soldier to have recourse, the Council consider that the ordering of a stoppage of a lesser amount than that stated on the Order merely to relieve a soldier of the trouble or expense of taking the steps required by law would not be a proper

exercise of the discretionary powers vested in a competent officer under Section 145, Army Act. There may, however, be affiliation cases in which, owing to the disappearance of the woman, the soldier may find it difficult, or indeed impossible, to fulfil those preliminary conditions necessary to an application to the Court for revocation or variation, and in such a case the discretionary powers conferred in Section 145 (2) may properly be used to relieve the soldier of the stoppage, and any such case should be referred to the Army Council for consideration.

4. Power to sign Orders on Army Form B-282.

Cases have come to notice where Army Forms B-282 have been signed by officers other than those to whom the powers under Section 145, Army Act, have been delegated. The Army Council desire that special care should be taken to ensure that orders for stoppages on Army Form B-282 are signed by those officers alone who are mentioned in Army Order 6 of 1929 and subsequent amending Army Orders."

I. A. O. 404. Revised allowance for petty stores and petty supplies.—With reference to Army Instructions (India) Nos. 15 of 1931 and 40 of 1932, officers commanding all units affected (British and Indian) will submit, through the usual channels, a statement in the following form:—

Name of unit.	Reduced allowance now authorised.		Details of actual expenditure incurred on stores, other than those for conservancy purposes, during 1931-32.
	Petty stores.	Petty supplies.	

It should be noted that only details of actual accounts for 1931-32 are required and that balances from 1930-31 should not be included; the former should be accompanied by an explanation justifying any abnormal expenditure in each instance.

Command (and Burma District) headquarters will forward the statements with their recommendations, through the audit officers concerned, to reach Army Headquarters by the end of September 1932.

I. A. O. 405. Instructions for recording Muzzle Velocities of Guns and Howitzers after calibration.—The muzzle velocity of the gun or howitzer and method of calibration will be recorded on the "Record of Results of Calibration" in the Memoranda of Examination of the piece as soon as obtained reliably by Screen or Fall of Shot calibration.

2. If the history of the piece leads the battery commander to adopt a velocity other than the velocity last entered, he will make an entry "M. V.—f. s. will be adopted".

4th July 1932.

3. Records of calibration on approved forms will be compiled by calibrating officers, and a copy will be filed with the Memoranda of Examination of the piece concerned. Battery commanders are responsible that these are handed over, on relief, to the relieving batteries.

4. In the case of guns or howitzers which have not been calibrated by any method, muzzle velocities will be calculated by using the Wear Tables provided in most range tables.

5. The muzzle velocity for full and reduced charge of each gun and full charge of each howitzer will be painted in white on the piece as follows :—

(i) *Q. F. 13- and 19-pr. guns.*—On the right side of the breech, e.g.,

M. V.

denoting that in September 1928 the M. V. for full charge was 1590 f. s. with cordite charge and jump + 7 min. with carriage No. 693. The reduced charge was deducted to be 1032 f. s. (see para. 6 below).

(ii) *B. L. 60-pr. gun and Q. F. 4.5-in. and B. L. 6-in. 26-cwt. howitzers.*—As above, but the figures will be painted on top of the breech.

(iii) *B. L. 2.75-in. guns and Q. F. 3.7-in. howitzers.*—As above, but in a place not in contact with the pack saddle.

6. In the case of howitzers, M. V.'s or gun rule numbers for each charge for equipments provided with shields will be painted on the shield in the most convenient position, and, in the case of B. L. 6-in. 26-cwt. howitzers, on top of the jacket of the howitzer forward of the M. V., e.g.,

7. Calibration will usually take place with full or highest charge only.

M. V.'s of charges with which guns or howitzers have not been calibrated will be ascertained by the use of Wear Data Tables in the range table by reading them off in the table against the M. V. found by calibration for any one charge, interpolating, if necessary.

For natures of ordnance the range tables of which do not include Wear Data Tables, special orders will be issued from time to time.

8. All past calculations will be corrected to accord with this method.

I. A. O. 418. Despatch of mechanically propelled vehicles by rail.—When vehicles are about to be despatched by passenger train, the duplicate keys of the padlocks to be used on the railway trucks **MUST** be sent in advance to the consignee.

I. A. O. 420. "Deposit" repairs of rifles, pistols, machine guns and machine gun mountings on charge of regular units.—Rifles, pistols, Vickers and Lewis machine guns and machine gun mountings on charge of regular units serving in frontier stations of the Northern and Western Commands, which require repairs that may not be undertaken by the unit armourer [*vide* E. Rs. (I.), Part I, 1927, Appendix 29] will be exchanged before they are returned to arsenals. Application for exchange will be made on I. A. F. Z.-2098. Attention is invited to I. A. O. 737 of 1931, regarding the necessity for speedy return of machine guns after exchange.

2. Rifles, pistols, machine guns and machine gun mountings on charge of all other units and formations will be repaired "on deposit" in arsenals, application for repair being made on I. A. F. O.-1370, *vide* para. 293, E. Rs. (I.), Part I, 1927.

3. Rifles, pistols, machine guns and machine gun mountings returned for "deposit" repair which on receipt in an arsenal are found to require factory repair will be replaced.

9th July 1932.

4. If the absence of the arms or machine guns undergoing deposit repair is likely to cause serious inconvenience to the unit, a report will be made by the unit to the superior commander who will inform the C. O. O., if necessary, of the date by which the arms, etc., are required. The C. O. O. will expedite repairs or arrange replacement as the circumstances warrant.

5. E. Rs. (I.), Part I, para. 294, is being amended.

2. Any indents for A. F. A-31 which are now outstanding, and any supplementary indents that may be submitted this year, will be met from stocks of the existing edition. In order that the Deputy Controller, Forms, Calcutta, may know what additional printing of this form, if any, is to be done, supplementary indents to cover the requirements of 1932, will be submitted by all concerned without delay.

INDIA ARMY ORDERS.

I. A. O. 425. Appointments, Promotions, Leave, etc., List No. 40.—List No. 40 of appointments, promotions, leave, etc., which have been approved by His Excellency the Commander-in-Chief, is issued with this order.

0991/M.S.

I. A. O. 426. Marriage Allowance.—The attention of all concerned is drawn to the provisions of Army Instruction (India) 72 of 1932, regarding the admissibility of marriage allowance to families of British soldiers when separated from the latter, and the procedure to be followed in obtaining authorisation to the payment of marriage allowance in such cases.

All applications for the grant or continuance of marriage allowance, which require the sanction of His Excellency the Commander-in-Chief or of higher authority (*e.g.*, the Government of India, the India Office or the War Office), must be submitted to the Adjutant-General in India through the "A" Staff of lower formations concerned and the local Controller of Military Accounts.

Moreover, it must be clearly understood that the grant of an advance or other passage home for the family of a British soldier, in no way entitles the family to the continuance of marriage allowance, unless and until separate sanction has been applied for and obtained in this respect, in pursuance of the instructions contained in Army Instruction (India) 72 of 1932.

B-14802/A.G.-10.

I. A. O. 427. Advance Passages.—When a special application for advance passage for the family of a British soldier is submitted to the Quartermaster-General in India for consideration by the Government of India, it will invariably be accompanied by a certificate signed by the O. C. unit or head of department to the effect that the soldier is fully aware that, in the event of an advance passage being sanctioned, marriage allowance will cease to be admissible, with effect from the date of the separation of the family from the soldier, unless separately sanctioned in accordance with the procedure laid down in Army Instruction (India) 72 of 1932.

B-14802/A.G.-10.

I. A. O. 428. Accounts.—As it is desirable that all officers should realise fully their responsibility regarding financial matters, it was suggested by the Auditor General in India, while reviewing the Report of the Director of Army Audit on the Appropriation Accounts of the Army,

15th July 1932.

Marine and Military Engineer Services for 1929-30, that all authorities responsible for the expenditure of public funds or directly controlling grants should be given an opportunity of studying those portions of the Appropriation Accounts and the Report of the Director of Army Audit from which they can derive guidance as to the correct principles which they should follow in dealing with Government receipts and expenditure.

The Military Accounts Committee (which is a departmental committee consisting of three official members and which meets every year to examine the Army Appropriation Accounts and the Report of the Director of Army Audit thereon), supported the suggestion of the Auditor General, and the Public Accounts Committee appointed by the Legislature fully endorsed the recommendation.

2. Some of the more important financial irregularities, for which executive or administrative officers were responsible, together with the recommendations, if any, of the Military Accounts Committee, are therefore published as an Annexure to this India Army Order. All officers will study the cases mentioned in the Annexure carefully so that similar irregularities may be avoided in future.

B.-19332|A.G.-13. .

I. A. O. 429. Medical Examination of Indian Officers.—Indian officers holding Viceroy's Commissions will be medically examined as to their fitness for service, in the same manner as officers holding King's Commissions, before preparation of their annual confidential reports.

A nominal roll of Indian officers for examination will be sent to the medical officer, and not separate reports as in the case of British officers. The remarks of the medical officer will then be entered in, or attached to, the present consolidated report on Indian officers on I. A. F. I.-1131-B.

WALTER LESLIE, *Lieut.-General,*
Adjutant General in India.

Cases of General Interest.

1. Although it was definitely known that a certain unit was to be disbanded in a few months' time, an officer was appointed *substantively* to the post of adjutant of that unit. This resulted in a loss to the State in that compensation for loss of staff pay had to be paid to the officer under para. 98 (c), P. and A. Regulations, Part II. It has now been agreed that temporary appointments only should be made in such cases.

2. An allowance of Rs. 100 p. m. is admissible under para. 31, P. and A. Regulations, Part I, to a company officer only in addition to the *old* rates of pay. To benefit certain officers drawing *old* rates of pay, the appointment of company commander in certain units was filled by the promotion of these officers though senior officers on *new* rates of pay were present and available with the regiment. This resulted in extra expense to the State.

3. Compensatory allowance in a Presidency town is admissible for the period of the first 90 days of absence on temporary duty from the Presidency town. A unit stationed in the Presidency town had a detachment at an outstation and the move of the officers to the detachment was so regulated by posting them by rotation for a period of 90 days with the detachment, as to render all the officers of the detachment eligible for the allowance, thus setting at naught the interests of Government in the matter.

The Military Accounts Committee desired to examine the representatives of the Adjutant General, the Quartermaster General and the Master General of the Ordnance in regard to the various classes of financial irregularities with a view to ascertaining whether the military authorities took the same view of the irregular practices as audit and whether sufficient steps had been taken to prevent the recurrence of such irregularities in future.

The Military Accounts Committee later went through the various cases of financial irregularities with the military authorities. They were assured that the military authorities looked on such irregularities with special disfavour and that sufficient steps had been taken in all cases to prevent a recurrence of such practices.

Cases pertaining to Auxiliary Force Units.

4. In many A. F. I. units enrolled members who were continuously absent for years together were kept on the effective rolls of the unit contrary to existing orders: this resulted in extra expense to Government in the shape of musketry prize money which was drawn in respect of these individuals, who were for all practical purposes non-effective, and in the non-recovery of public clothing in their possession.

5. A deficiency of 536 great coats valued at Rs. 11,365-8-0 was noticed in the store accounts of a certain A. F. I. unit. These great coats were fraudulently shown in the accounts as having been issued to, and as in use by, the members of the unit but were not really so issued. The amount involved was recovered from the quartermaster serjeant responsible.

6. A deficiency of Rs. 1,076-2-11 was noticed in the accounts of an A. F. I. unit. As the adjutant who left everything to his R. S. M. could not satisfactorily explain the deficiency, the amount was ordered to be recovered from him.

7. The unsatisfactory nature of the store ledgers of a Territorial Force unit led to an investigation which revealed a deficiency in clothing and equipment to the extent of Rs. 6,126-12-0. The Adjutant responsible was ordered to make good a sum of Rs. 500 and the balance was written off.

As regards the irregularities in the administration of Auxiliary Territorial Forces, the Military Accounts Committee were informed disciplinary action had been taken in all cases reported, and that arrangements had been made to prevent a recurrence of such irregularities in future. The instructions that had been issued by the Military Accountant General this connection were considered sufficient by the Director of Army Accounts. The Committee, however, desired that the Director of Army Audit should continue to exercise a special check on the expenditure during the current year and make a report at the next available opportunity whether the action taken had the desired effect.

Factory losses.

8. A certain factory entered into an agreement with a firm for manufacture and supply of certain metal articles for a period of 4 years. A condition of the agreement was that either party could terminate the agreement by three months' notice and that the factory could force the firm to take delivery of all the articles manufactured and in process and the materials purchased on behalf of the firm. There was regular manufacture for the first three years only and the contract terminated at the end of the fourth year. But though there was a balance in stock of materials purchased in process of manufacture, to the value of Rs. 9,28,459, the factory did not force the firm to take delivery of the materials and the result was a heavy loss to Government.

It was explained to the Military Accounts Committee that the loss resulting from non-enforcement of the terms of the agreement with the private firm was due to an error in calculation on the part of military authorities regarding the utilisation of the materials in the factories.

Defective Contract.

9. By a defective wording of a hired transport contract Government agreed to pay the higher of certain alternative rates shown in the tenders furnished by a contractor. The contract had for this reason to be terminated before the termination of the period for which it was entered into, but so, the amount that had to be paid to the contractor was much in excess of that to which he was reasonably entitled.

In connection with losses due to defective contract, it was explained to the Military Accounts Committee that the Quartermaster General had gone thoroughly into the form of contracts in consultation with the Government Solicitor and that the matter had been placed on a satisfactory footing.

Irregularities in M. E. S.

10. In several cases, rents for M. E. S. buildings, were not recovered. The primary reason for this non-recovery was the failure on the part of the O. C. the station or the administrative officer concerned to report occupation of M. E. S. quarters to the Garrison Engineer concerned. In certain other cases, rent at the reduced rate of Rs. 1-8-0 p. m. instead of at the assessed rate was recovered. Both the above resulted in loss to Government.

11. Payments of compensation for inferior quarters were incurred made in a number of cases where either no accommodation suited to the rank of the officer was provided or the officers were suitably housed.

12. The M. E. S. (cash) expenditure in March 1930 exceeded out of proportion the average for the previous 11 months; steps to secure earlier intimation of allotments and preparation of estimates have been taken to prevent such large excesses in future.

13. A claim was erroneously preferred by a contractor for 22,073 c. ft. instead of for 12,073 c. ft. of work recorded in the measurement book.

claim was passed in audit as it was countersigned by the S. D. O. who was responsible for the scrutiny of the bill with reference to the records in the measurement book and in the detailed estimates. The amount overpaid was recovered from the contractor and the S. D. O. warned. The S. D. O. was burdened by the overwork caused by the great rush of expenditure at the end of the financial year alluded to in para. 12, which should be avoided in future.

14. There were many instances of works the expenditure on which during the year fell short of or exceeded the appropriation by considerable amounts.

Dealing with the irregularities in the Military Engineer Services expenditure, the Military Accounts Committee were assured that sufficient assistance was derived by the Military Engineer Services from the Military Accounts Department, and that closer association and better co-operation were expected in future.

As regards the irregularities in the administration of Auxiliary Territorial Forces, the Military Accounts Committee were informed disciplinary action had been taken in all cases reported, and that arrangements had been made to prevent a recurrence of such irregularities in the future. The instructions that had been issued by the Military Accountant General in this connection were considered sufficient by the Director of Army Accounts. The Committee, however, desired that the Director of Army Audit should continue to exercise a special check on the expenditure during the year and make a report at the next available opportunity whether the measures taken had the desired effect.

Factory losses.

8. A certain factory entered into an agreement with a firm to manufacture and supply of certain metal articles for a period of 4 years. A condition of the agreement was that either party could terminate the agreement by three months' notice and that the factory could force the firm to take delivery of all the articles manufactured and in process of manufacture materials purchased on behalf of the firm. There was regular manufacture for the first three years only and the contract terminated at the end of the third year. But though there was a balance in stock of materials purchased in process of manufacture, to the value of Rs. 9,28,489, the factory refused to force the firm to take delivery of the materials and the result was a loss to Government.

It was explained to the Military Accounts Committee that the loss resulting from non-enforcement of the terms of the agreement with the private firm was due to an error in calculation on the part of the authorities regarding the utilisation of the materials in the factories.

Defective Contract.

9. By a defective wording of a hired transport contract Government agreed to pay the higher of certain alternative rates shown in the tenders furnished by a contractor. The contract had for this reason to be terminated before the termination of the period for which it was entered into, but so, the amount that had to be paid to the contractor was much in excess of that to which he was reasonably entitled.

In connection with losses due to defective contract, it was explained to the Military Accounts Committee that the Quartermaster General had gone thoroughly into the form of contracts in consultation with the Government Solicitor and that the matter had been placed on a satisfactory basis.

Irregularities in M. E. S.

10. In several cases, rents for M. E. S. buildings, were not recovered. The primary reason for this non-recovery was the failure on the part of the O. C. the station or the administrative officer concerned to report the condition of M. E. S. quarters to the Garrison Engineer concerned. In other cases, rent at the reduced rate of Rs. 1-8-0 p. m. instead of the assessed rate was recovered. Both the above resulted in loss to Government.

11. Payments of compensation for inferior quarters were in excess made in a number of cases where either accommodation suited to the rank of the officer was provided or the officers were suitably housed.

12. The M. E. S. (cash) expenditure in March 1930 exceeded out of proportion the average for the previous 11 months: steps to secure earlier intimation of allotments and preparation of estimates have been taken to prevent such large excesses in future.

13. A claim was erroneously preferred by a contractor for 22,073 c. ft. instead of for 12,073 c. ft. of work recorded in the measurement book.

INDIA ARMY ORDER.

I. A. O. 447. Allotment of vacancies at the following Army Schools of Instruction for 1933 :—

- Senior Officers' School.
- School of Artillery.
- Army Signal School.
- Small Arms School, Pachmarhi Wing.
- Small Arms School, Ahmednagar Wing.
- Army School of Physical Training.
- Royal Tank Corps School.
- Army School of Education.
- I. A. S. C. Training Establishment.
- Army Veterinary Schools.
- Artificers' and Miscellaneous Courses.

NOTE.—Vacancies at the Equitation School for the period 1932-33 are dealt with in I. A. O. 197 of 1932.

2. (a) Headquarters, Commands and Burma District and technical advisers will be allowed to surrender to Army Headquarters by the 1st November 1932, any vacancies which they will not require during the year.

(b) Headquarters, Commands and Burma District which require additional vacancies over and above those allotted, will make application so as to reach Army Headquarters by November 1st, 1932. Additional vacancies will only be available from surrenders made, *vide* (a) above.

(c) Schools will be informed by December 15th by Army Headquarters of the numbers of vacancies finally taken by headquarters, commands and Burma district.

(d) If during the year an additional vacancy on any course for a special reason is required, application will be made direct to the commandant of the school concerned, who will allot such vacancies as may then be available.

3. *Units moving in relief (British and Indian).*—Units due to move in relief outside their present command during the cold weather season will submit their returns forthwith to their brigade or brigade area headquarters, who will pass them direct to the brigade or brigade area into which the unit is moving. In the case of units coming from overseas, the full number of vacancies to which the unit is entitled for one year, should be allotted by the command into which the unit is moving, any re-adjustment found necessary being made subsequently.

Cases have recently occurred of British units arriving in the United Kingdom short of their proportion of trained instructors.

British units when moving in relief from India, should have taken advantage of vacancies at all schools up to the date of relief.

4. *Indian units serving overseas.*—(a) Units serving in Hong Kong and the Malay States will not receive vacancies at schools of instruction during their overseas tour.

22nd July 1932.

(b) In the case of a unit under orders for either of the above stations, vacancies at schools within the proportion for the period of tour of duty overseas, on the basis of Appendix "A" to Courses of Instruction (India), will be allotted during the twelve months preceding embarkation in such numbers as the unit can conveniently take up and as will not unduly reduce those available for other units.

(c) On the return of a unit from overseas to India, the district concerned will arrange for it to have an increased allotment of vacancies at army schools with a view to bringing its quota of trained instructors up to the prescribed number with the least possible delay.

5. *Small Arms School vacancies.*—It will be seen that officers and other ranks of Royal Artillery and Signals do not get any vacancies at the Small Arms School.

Districts are responsible that arrangements are made for certain selected non-commissioned officers from these units to undergo a weapon training course with the training cadre of a regular infantry battalion in the district, or for their training locally.

6. *Nominal rolls.*—(a) Districts and independent brigade areas will forward to schools a nominal roll of the students attending each course, so as to reach the school 15 days before the commencement of the course.

(b) In forwarding the above nominal rolls, district (independent brigade area) headquarters will consolidate the nominal rolls of their units on a *pro-forma*, as shown in Annexure "B" to this order.

(c) In addition, the *pro-forma* will show the number of vacancies allotted and the total number filled.

(d) All certificates required to be furnished by units will be retained at district (independent brigade area) headquarters and replaced by one consolidated certificate.

(e) In the case of the Army School of Physical Training, the certificates of all students attending refresher courses will be attached to the *pro-forma* and forwarded to the school.

Exceptions to the rules regarding nominal rolls.—(i) Senior Officers' School. Para. 6 (a) above.

(ii) Royal Tank Corps School. The nominal rolls of Royal Tank Corps personnel attending this school will be consolidated by the Royal Tank Corps Group headquarters and will be forwarded so as to reach the school one month before the commencement of each course.

7. *Correspondence.*—There will be no direct correspondence between schools, formations and units, except in the case of :—

(a) the Royal Tank Corps School,

(b) all schools, as provided for in para. 1.

8. Attention is specially directed to the pamphlet "Courses of Instruction (India)". Commanding officers are responsible that the instructions therein laid down for students joining the various schools are complied with.

travelling expenses of recruiters and recruits and subsistence allowance of recruits, admissible under paragraphs 297 and 298-II (iii) (d), P. and A. Regs., Pt. II, will be compiled to Head II-M. (b) Recruiting Staff—"Incidental and Miscellaneous expenses"—instead of to Heads I and II under several arms of service or formations concerned.

2. The underlying object of the above decision is to make the recruiting budget—Head II-M. (b)—Recruiting Staff, self-contained as far as possible, that is, that it should embrace all charges in connection with recruitment of personnel both for fighting units and various administrative services. Consequently the above mentioned consolidated subsistence allowance and travelling expenses debited to the budget of the respective arms of service for which the recruits are enrolled will, with effect from 1st March 1932, be compiled to one Head of the Budget (*viz.*, Head II-M. (b)—Recruiting Staff, Incidental and Miscellaneous expenses), irrespective of the unit or service for which enrolled. In this connection it should be remembered that the incidental and miscellaneous expenses of the recruiting staff are a locally controlled item and the budget estimates thereof are framed by respective commands and the Burma District. In order therefore to ensure that such estimates are accurately framed, all units and administrative services will, in the case of those recruits enrolled at unit or corps headquarters, render to the recruiting officer concerned by the 1st week of each month a statement showing the number of recruits enrolled up to the last date of the previous month and the amount. Units and administrative services will notify recruiting officers of any amendments necessary to statements already submitted with reference to I. A. O. 107 current.

I. A. O. 486. Relief—Indian Army.—His Excellency the Commander-in-Chief has selected the 5th Bn. 5th Punjab Regiment (P. W. O.) to provide the Indian infantry detachment for duty in Simla during the summer of 1933.

B-19931/A.G.-2.

I. A. G. 487. Grant of extra duty pay to men placed in charge of surplus mules.—The sanction of the Government of India has been accorded, with effect from the 31st July 1931, to the grant of extra duty pay at the rate of Re. 1 (Rupee one) per month to the non-commissioned officers and men actually placed in charge of the three mules rendered surplus under the reorganisation authorised in paragraph (a) of Army Headquarters (General Staff) letter No. 32061/111 S.D.-1, dated the 31st July 1931, an extract of which is reproduced as an annexure to this order. This sanction is subject to the proviso, however, that those non-commissioned officers and men who are newly placed in charge of these mules on or after the 1st March 1932, will not be eligible for the above extra duty pay, with reference to the orders contained in Army Instruction (India) 13 of 1932.

{Authority:—Army Department letter No. B-20175/1 (A.G.-10), dated the 16th July 1932.}

B-20175/A.G.-10.

I. A. O. 488. Marriage allowance—evidence of date of birth.—Attention is invited to the provisions of the Note to para. 323A., P. & A. Regulations, Part II, as amplified by correction slip No. 118 of 1932.

2. In cases in which it is evident that the soldier is unable to obtain a birth certificate to prove that he has attained the qualifying age of 26 years for the allowance, he should be called upon to furnish some independent corroborative evidence (e.g., certified extract as to date of birth from the attendance register of the school he last attended, baptismal certificate or a statutory declaration by a near relative) in support of his declared age. Such evidence, if satisfactory, may be accepted as evidence of age for the purpose of marriage allowance which, if otherwise admissible, may be authorised for payment from the next weekly payment day following the date of fulfilment of the usual conditions of entitlement or date of claim on Army Form O-1731, which ever is appropriate.

If, as occasionally happens, the soldier is clearly unable to produce either a birth certificate or the alternative proof mentioned above, his commanding officer will be asked to state whether he is satisfied that the man, from his appearance, is over 26 years of age, and if the commanding officer replies in the affirmative, the claim will be submitted through the usual channels with a view to the final orders of the War Office or India Office, as the case may be, being obtained thereon. No arrears will normally be admitted in such cases.

3. The date of birth given by a man on enlistment will not be accepted as evidence of his age for the purposes of the issue of marriage allowance

MOVEMENT OF TROOPS DURING TROOPING SEASON, 1932-33.

PART I.—*Selection of soldiers for inclusion in drafts, and to accompany units.*

PART II.—*Instructions for the return from overseas garrisons of time-expired soldiers.*

PART III.—*Instructions for the despatch of families overseas.*

PART IV.—*Special instructions to Officers Commanding draft-finding Units of Cavalry, Infantry and Royal Tank Corps.*

PART I.

1. The following instructions regarding the preparation of drafts, the inclusion of soldiers therein and in formed units moving next trooping season, are issued for the guidance of all concerned. They are liable to such alteration as the military situation may require and are applicable only during the trooping season, 1932-33.

Selection of Soldiers for Drafts.

2.—(a) Table I of Appendix A shows the minimum age and the conditions of service governing the selection of men for drafts, whether they are being sent from the United Kingdom or from one overseas garrison to another. The age, service and unexpired colour service laid down in Appendix A are the minimum permissible and, as far as possible, soldiers with longer unexpired colour service will be selected in priority to others. In the case of the R. A., soldiers serving on 6 and 9 years, 9 and 9 years and long service engagements should be drafted in preference to those serving on shorter engagements. (See Appendix A, Note VI.)

(b) Boys enlisted to fill vacancies in units abroad, who will have completed three months' service and attained the age of 16 years on embarkation, will be eligible for drafting. They will be included, after they become eligible, in the first draft ordered to join the unit for which they were enlisted, and will displace troopers or privates, as the case may be.

(c) Appendix B shows the numbers of warrant officers, N. C. Os, and specialists of various classes which may be retained in draft finding units. To maintain these numbers selection will invariably be made in the first instance from qualified personnel ineligible for drafting and it is only when such ineligible personnel are not available that soldiers who are eligible for drafting are to be included.

No soldier eligible by age and service for drafting, other than those necessarily included as above in the numbers specified in this Appendix, is to be regarded as not available for drafting without specific War Office authority.

Selection of Soldiers to proceed with Units.

3.—(a) Table II of Appendix A shows the minimum age and the conditions of service applicable to soldiers proceeding with a formed unit of cavalry, artillery, or infantry, either from the United Kingdom to overseas garrisons or between such garrisons. (See Appendix A, Note VI.)

(b) Boys will accompany the unit under the same conditions as are laid down for drafts in para. 2 (b). Bandmen and acting bandmen

between the ages of 18 years and the minimum age for the garrison which the unit is proceeding and also soldiers between those ages enlisted as boys and who will continue to be employed in the classes which they were enlisted and trained, i.e., band, drums, pipes or ta class, may embark if they volunteer for service overseas.

General.

4. *Embarkation furlough.*—Twenty-eight days' embarkation furlough will be granted, subject to the exigencies of the service, to all sold serving in the United Kingdom who are ordered to proceed overseas a trooping season.

5.—(a) *Medical examination, inoculation, etc.*—Attention is drawn King's Regulations, 1928, paras. 1104 and 1153, and to A. C. I. 396 1926 (as amended by A. C. Is. 25 of 1927 and 119 of 1928).

(b) *Dental treatment.*—A nominal roll of soldiers who are to proceed overseas will be sent to the dental officer in sufficient time to allow dental treatment to be completed before embarkation [see Regulations the Medical Services of the Army, 1923, para. 592 (d)]. The approximate date of commencement of embarkation furlough will be shown in cases.

6. *Exceptions.*—No soldier will be included in a draft or unit move unless he is eligible in accordance with the above instructions. In special cases where it is desired to make any exceptions, application will be made to the War Office, through the officer the records concerned; a copy of application will be forwarded at the same time to the command headquarters concerned. All such applications will be made in duplicate in the form shown in Appendix C, except in the case of overseas commands, where may be necessary to cable. Where a cable is necessary, it will give information required by Appendix C. In forwarding such applications to the War Office, the officer the records will add his recommendation.

7. *Arms, equipment and sea-going kit.*—The instructions as to arms, equipment and sea-going kit are embodied in Equipment Regulations Part I, 1923, and Clothing Regulations, Part I, 1926. Attention is directed to A. C. Is. 468 of 1926, 435 of 1927, S. 131, 403 and 416 of 1928, and 4 of 1929.

Waiting men will not, however, accompany the draft to the port of embarkation.

9. *Disposal of soldiers who absent themselves when under orders for embarkation.*

Attention is directed to King's Regulations, 1928, para. 694 (b) and War Office letter No. 110(Deserters)[51 (A.G.21), dated 11th January, 1929, regarding the subsequent embarkation of soldiers who absent themselves in order to evade foreign service.

10. *Documents.*—In the case of drafts proceeding to India a note will be made on nominal rolls accompanying drafts [see King's Regulations, 1928, para. 1145 (ii)], against the names of soldiers who have qualified at schools of instruction in the United Kingdom, showing in each case the school at which the soldier qualified and his qualification.

In the event of any transshipment of troops taking place, the embarkation staff officer at the port will be held responsible for ensuring that documents concerning such troops accompany them.

With reference to A. C. I. 17 of 1926, Os. C. draft-finding units will take steps to ensure that the medical history sheet of each soldier is complete before embarkation.

PART II.

Instructions for the return from Overseas Garrisons of Time-expired Soldiers.

1. All soldiers whose period of colour service, exclusive of the extra year under the Army Act, Section 87, expires before the undermentioned dates, and who do not elect, or are not permitted to extend their service, to re-engage or continue in the service, will be returned home during the trooping season, 1932-33, for transfer to the Army Reserve or discharge :—

(a)

Arm	All garrisons, except Ceylon, Malaya and China.	Ceylon, Malaya and China.
Royal Artillery	} 1st November, 1932	1st December, 1932.
Royal Corps of Signals, Infantry of the Line and the Army Dental Corps.		
(b) All other arms of the Service	All garrisons	1st April, 1933.

2. No soldier should be embarked at a date that will permit of his arrival in the United Kingdom more than 14 days before the expiration of his normal period of colour service (i.e., exclusive of the extra year), provided that full use is made of accommodation in home-coming vessels. This will usually necessitate soldiers being despatched home more or less in the order in which they are due for transfer to the Army Reserve or discharge.

Priority of despatch will be given to soldiers who were retained with the Colours under the Army Act, Section 87, during the trooping season 1931-32, i.e., soldiers of the Royal Artillery R. Signals, Infantry, R. A. M. C. and Army Dental Corps, whose normal period of colour service expired between 1st November, 1931, and 31st March, 1932.

PART III.

Instructions for the Despatch of Families Overseas.

1. Attention is directed to A. C. I. 273 of 1929, in connection with which the following instructions regarding the movement of families overseas during the trooping season, 1932-33, are issued.

2. No family will be permitted to proceed overseas at the public expense if the husband is due to return home during the same trooping season.

When the husband is due to return home during the following trooping season, he will have the option of electing to leave his family at home and will be consulted accordingly before application for the passage of his family is submitted; when, also, in the following trooping season a soldier is due to move to a non-family station he will have the option referred to herein.

Families of soldiers, accompanied or unaccompanied, or individual members of a family who, for personal reasons, do not embark when passages are offered and accommodation at the station abroad is available, will not, as a general rule, retain their entitlement to passage. This rule will be waived only in the most exceptional cases, and prior War Office sanction for the extension of entitlement must be obtained.

3. Subject to para. 2, families will be despatched to overseas garrisons as under:—

passage for the family on the soldier being ordered to a subsequent station will be granted as though Shanghai were one of the stations mentioned in Allowance Regulations, 1930, para. 360 (e), provided that the soldiers concerned are not due to return to the United Kingdom the same trooping season.

All other garrisons—Families on the married quarters roll will be sent, provided that accommodation is available, except to those stations where the soldier exercises his option under Allowance Regulations, 1930, para. 360 (e).

4 Officers i/c records will submit A. Fs. A-19 for families of soldiers serving overseas, whom it is desired to send out during the trooping season, 1932-33. The following order of priority will be adopted :—

- (a) Families who were prevented from proceeding last trooping season, provided that they are still eligible. In these cases officers i/c records will immediately ascertain from the garrison concerned whether accommodation is still available, and, when submitting A. Fs. A-19, will endorse them in red ink as follows :—"Excluded from last trooping season, no accommodation still available."
- (b) Families whom general or other officers commanding garrisons overseas have notified officers i/c records they wish sent out.
- (c) Other families who are eligible to proceed and for whom officers i/c records have ascertained that accommodation in the garrison to which they are proceeding is available.

Officers i/c records will ensure that applications for passages for such unaccompanied families are submitted to the War Office as early as possible in the trooping season, so as to avoid congestion at the end of the season and consequent hardship to families should they be excluded till the following year.

A. Fs. A-19, on behalf of families returning abroad after having been invalided home, will be accompanied by an application for the special sanction referred to in Allowance Regulations, 1930, para. 360 (i).

Officers i/c records will issue general instructions to families by means of A. F. B-147 on each occasion on which application for passage is being put forward, care being taken that the latest print (1 32) is used in all cases.

5. All applications for passages of families of soldiers under orders for service overseas will be submitted through officers i/c records, and not to the War Office direct. The former, when applying for the passage of a family accompanying a soldier who is proceeding with a draft, will state on A. F. A-19 or B-104-73 the draft for which the soldier is detailed, quoting the War Office reference. Such A. Fs. A-19 or B-104-73 will be forwarded immediately the personnel composing the draft has been detailed, in order that arrangements may be made for the family to be provided, if possible, with accommodation in the same vessel as that in which the husband is proceeding.

6. Refusal to proceed overseas in cases in which it is clear that accommodation under canvas only is available, will not in itself render a soldier's wife ineligible for the continuance of married or other allowances.

This does not apply in the case of families ordered to India, as, in their interests, it may be necessary to arrange for tentage accommodation for a portion of the year.

PART IV.

Special Instructions to Officers Commanding Draft-Finding Units of Cavalry, Infantry and Royal Tank Corps.

1. The conditions for drafting are as laid down in Part I. Unless special instructions are issued to the contrary, personnel detailed will be selected from men with the longest period of unexpired colour service.

2. Officers commanding draft-finding units will render A. F. B-144 in accordance with King's Regulations, 1928, para. 1150. *The earliest date by which a draft will be ready to embark, and its entraining station, will be entered on the form in red ink.*

Families will be included on A. F. B-144, in order that arrangements may be made for them to be accommodated, as far as possible, in the same vessel as the soldiers concerned.

No action, however, will be taken by the War Office regarding the issue of embarkation orders for such families until A. Fs. A-19 have been submitted by or through the officer in records concerned.

3 Every effort will be made to ensure that drafts embark at the full strength detailed, and in this respect attention is directed to Part I, para. 8, regarding the percentage of waiting men to be held in readiness.

I. A. O. 506. Pensions—Indian—Payment of service or invalid gratuities to the heirs of men who die whilst serving after having earned a gratuity. As some misapprehension appears to exist as to whether the gratuities admissible under the Pension Regulations to Indian ranks and followers of the Indian army and ancillary services, after completion of service or on invalidment, are payable to the heirs of those individuals who die whilst serving after having earned the gratuities referred to, it is notified that payments of this nature are not permissible and will not be admitted in audit.

I. A. O. 507. Pensions—Indian—Optional payment of Indian Military pensioners residing in the Punjab, by money-order.—The Government of India have decided that Indian military pensioners residing in the Punjab, whose pensions do not exceed Rs. 50 a month, may be allowed the option of having their pensions paid to them, by treasuries, by money-order, instead of having to attend treasuries and post offices for payment. The money-order fee will be deducted from the amount of pension payable to the pensioner.

A pensioner who elects to receive his pension by money-order will not be allowed to revise his option for at least one year and will be required to give one month's notice in writing before a change in the method of payment is permitted.

reasons British troops proceeding to the United Kingdom were allowed to take with them unserviceable and incorrect pattern greatcoats and coats, warm.

2. To obviate complaints from the Home authorities, H. E. the C.-in-C. desires that the board surveying the equipment taken by units proceeding Home, as also the officers commanding units despatching drafts and details, will ensure that greatcoats and coats, warm, ordered to be taken have at least 50 per cent. wear left in them and that in no case are coats made from Indian made materials permitted to be taken.

3. It should be noted that, while the date of issue as new is ordinarily the criterion for assessing the remaining life of a garment, the actual condition at the time of survey should be taken into account when conditioning a coat for this purpose.

4. It is essential that in the interest of the soldier the above orders should be strictly observed, as in the event of a soldier handing over an unserviceable or wrong shade coat on his arrival in the U. K. he will be held responsible and called upon to make good the loss. The position should be explained to every soldier leaving the country.

INDIA ARMY ORDERS.

I. A. O. 510. London Gazettes.—The undermentioned London Gazettes were received at Army Headquarters on the 8th August 1932 :—

No. 33846, dated 15th July 1932.

No. 33847, dated 19th July 1932.

I. A. O. 511. Documents of students attending Courses at Army Schools of Instruction (India).—In supersession of the orders contained in "Courses of Instruction (India), 1931" and with effect from the date of issue of this order, the following procedure will be adopted with regard to the documents of students attending courses at Army Schools of Instruction (India) :—

- (a) The following documents accompanied by A. F. B-198 will be taken by non-commissioned officer students. These will be taken under sealed cover by students and will be handed over intact to the individual deputed by the Commandant of the School to receive them.

Similar procedure will be adopted when students return to their unit :—

Company conduct sheet or sheet roll.

Medical history sheet.

Dental card.

Malaria case sheet (if any).

Return railway, road and steamer warrant, as necessary.

Last ration certificate for all ranks, chargers and government horses (where applicable).

Transfer return of documents (in duplicate).

- (c) In the case of both the Pachmarhi Wing and the Ahmednagar Wing, Small Arms School, the following documents only will be taken by students to the School—

Last ration certificate.

Return railway, road or steamer warrant.

If other documents are required they will be sent for by the Commandant of the Wing concerned.

15th August 1932:

I. A. O. 512. Grant of "Distinguished"—Small Arms.—The following Instructors who have been employed for over 6 months at the Paehmarhi Wing, Small Arms School, have qualified as "DISTINGUISHED" in Small Arms, that is, Rifle, Bayonet, Grenade, Revolver and Light Automatic:—

L/Sergeant A. LANGFORD, 1st Bn., The Kings Royal Rifle Corps.
L/Sergeant W. BURROWS, The Royal Irish Fusiliers.

No. 1520 Havildar TEK CHAND RAM, 4th Bn., 15th Punjab Regiment.

20371/G S., M.T.-1.

I. A. O. 513. Reserves—I. A.—From representations received at Army Headquarters, it appears that doubt exists as to whether a reservist may be allowed to continue serving beyond the maximum period of combined colour and reserve service laid down in R. A. L., para. 153 (iv) in order to qualify for pension. Such cases arise when a man has forfeited service counting towards pension, and who, therefore, on completion of 15 years service has not completed 15 years qualifying service for pension.

Under the last clause of para. 128, R. A. L., a soldier, who has completed the period of combined service for which he enrolled, should be treated, for the purposes of further service and discharge, in the same manner as persons enrolled direct into the reserve.

Note 2 to para. 206 III (B) Pension Regulations lays down that a man enrolled direct into the reserve may extend his service for not more than two years to enable him to qualify for pension.

The references quoted above, read in conjunction, constitute the necessary authority for such extensions of service.

B-20466/A.G.-2.

I. A. O. 514. Ceremonial—Poppies.—All ranks when not on duty are permitted to wear a poppy in the uniform head-dress on the 11th November in commemoration of Armistice Day, vide King's Regulations, 1928, paragraph 947 (b).

2. Poppies may be obtained on payment from Branches of the Ex-Services Association, India & Burma, and units should make early application to ensure the receipt of supplies in time. In cases of doubt application may be made in the Headquarters of the Association in Simla.

15th August 1932.

3. The addresses of the various Branch Honorary Secretaries of the Association in India and Burma are as follows :—

- (1) Northern Command Branch, Lahore.
- (2) Sind Branch, P. O. Box 83, Karachi.

B.21129/A.G.-11.

I. A. O. 515 Banking of Regimental Funds.—Under paragraph 5, Appendix XXII-A, Regulations for the Army in India, commanding officers are required immediately after the 30th June and 31st December of each year to obtain from each bank holding funds belonging to the unit a statement of the total balance at the unit's credit as it stood on such date, and, after verifying the correctness of the statement, to forward it to the controller of military accounts who regulates the security to be lodged by the bank.

2. In amplification of the above procedure, it has been decided that commanding officers, when applying to the bank, should enclose two

15th August 1932.

blank copies of M. A. O. F. 737 [now renumbered as I. A. F. (C. M. A.)-248], and of any schedule which may accompany that form, with instructions that one of each of these will be completed and returned to the unit and the other retained by the bank.

3. In calling for the statement of balance the names of the regimental accounts which are to be included therein are to be stated by the commanding officer.

4. The instructions on the reverse of I. A. F. (C. M. A.)-248 will be amplified at the next reprint.

I. A. O. 516. Anti-Fly Measures.—The Government of India have authorised units and formations and hospitals of the army in India to purchase during the current financial year materials for trapping and killing flies. The expenditure will not exceed the aggregate limit of Rs. 7,000 which is based on the average expenditure incurred on this account during the financial years 1923-29, 1929-30 and 1930-31.

Similar Government authority for future years is being applied for.

Z.-0661|D.M.S.-5.

I. A. O. 517. Transport Rail.—Personnel proceeding to Loralai from Quetta and/or via Sibi should be booked by rail to Harnai.

21977|Q.-2.

I. A. O. 518. Petrol tins.—It is noticed that different nomenclatures have been used for the 2 gallon petrol container in various books and regulations, e.g., tins 2 gallon, cans petrol and cans 2 gallon.

2. As the use of different nomenclatures is likely to result in the same item being vouchered and maintained under different headings, in future this container will invariably be referred to as "tins, petrol, 2 I. G."

3. The regulations affected will be amended accordingly.

9674|Q.M.G.-6.

I. A. O. 519. Scientific Instruments.—In order to facilitate provision and repair, a census of

- (i) Directors No. 4,
- (ii) Directors No. 5,
- (iii) Directors No. 6,

15th August 1932.

2. D. P. components will be obtained from arsenals on submission of indents in the usual manner.

3. To ensure mechanical functioning, certain service components will still be issued for D. P. guns, *e.g.*, return springs and any other components not detailed in the appendix published with this order.

20672|M.G.-11.

I. A. O. 522. Care of Equipment.—Complaints have been received that the handles on the drums, the wood blocks, and the spindles on the carriers drums of apparatus, telephone, I. P. are frequently broken.

This apparatus has recently been strengthened, vide I. L. C. A-1858, within the limits imposed by the necessity of avoiding an increase in weight, after prolonged trials. The complaints appear to be due to rough handling in units.

Officers commanding units will ensure that more care is used in the carriage and handling of this apparatus.

2028|M.G.-11.

I. A. O. 523. Mountings, tripod, .303 in. M. G. Mk. IV.—India Army Order 217 of 1930 is cancelled.

The parts which are now polished as a result of the above mentioned order will be repainted under unit arrangements. No extra allowance of paint will be issued, the scale authorised in Appendix 11, E. Rs. (I), Part I, 1927, is sufficient.

1435-IV|M.G.O.

I. A. O. 524. Economy in the Use of Paper.—With a view to securing the utmost economy consistent with essential requirements, the following instructions regarding the use of paper will be observed:—

- (1) The smallest size sheet of paper that will suffice for the purpose will be used, and whenever possible both sides of the paper utilized. Paper is commonly supplied in the undermentioned sizes:—

(a) Typewriting paper 13 in. × 8 in.
(b) Duplicating paper 13½ in. × 8 in.
(c) Typewriting carbon papers 13 in. × 8 in.
(d) Foolscap 16½ in. × 13½ in.
(e) Double Foolscap 17 in. × 27 in.

Half or quarter sheets will be used in those cases where these smaller sizes will suffice.

- (2) The less expensive qualities of paper will be used in all cases where they meet requirements.

15th August 1932.

- (3) Typewriting paper is obtainable in three qualities, viz., 2 lbs. imported, 3 lbs. imported, and 3 lbs. local. Ten to twelve legible impressions at a time can be obtained with the light weight carbon papers on a typewriter with the "2 lbs. imported" quality paper, but only six copies with the "3 lbs. imported" quality.
- (4) Typewriter carbon paper is obtainable in two qualities, viz., light weight, and standard weight. The light weight quality will be used when more than six impressions are required at one time, and the standard weight in other cases. Ordinarily, one standard weight carbon sheet should yield about 20 legible impressions, and a light weight sheet a little less.
- (5) Carbon copies will be restricted to a minimum and, except where orders to the contrary exist, duplicate and triplicate copies will not be forwarded to the addressee.
- (6) Duplicating paper is obtainable in two qualities, viz., absorbent, and semi-absorbent, local. Absorbent paper will be used on Roneo duplicator with water soluble ink, and semi-absorbent on all other duplicators with oily inks.
- (7) Duplicating paper should be used carefully. The allowance for spoilage should not exceed :—
 - (1) 20 sheets for runs of 200 copies or less.
 - (2) 1 additional sheet for each 100 copies for runs exceeding 200 copies.

Spoiled sheets of absorbent or semi-absorbent duplicating paper should be retained and used at the beginning of each run, or as required, until even inking is secured. For this purpose each sheet is serviceable at least six times.

Information regarding the advance and retreat of Himalayan glaciers.

The Commission des Glaciers in the 'Section d'Hydrologie de l'Union géophysique et géodésique internationale' has appointed the Director of the Geological Survey of India as *ex-officio* member of the Commission for India, with Ph. C. Visser, Esq., Consul-General for the Netherlands, Calcutta, asking that they may be responsible for the collection of information concerning the advance and retreat of Himalayan glaciers. The Director of the Geological Survey would be grateful if officers who have recently visited Himalayan glaciers would be so good as to communicate to him the results of any observations they have made. The most useful results are those stating quantitatively any advance or retreat which may have taken place. In most cases this is at present impossible to ascertain, since, except in the case of a few glaciers, no cairns or marks have been made by previous travellers to which the present position of the snouts may be related. It is usually possible, however, to tell qualitatively whether there has been advance or retreat in the recent past. It may be suggested for the future that officers visiting glacial regions, if interested in assisting in this work, should communicate with the Director, Geological Survey of India, Calcutta, from whom will be obtained a brief account of the nature of the observations required. All countries possessing glaciated regions are represented on the Commission. India, with the greatest mountain chain in the world, is at present least able to support the Commission in the collection of data, which ultimately will have an important bearing on the study of secular climatic changes. The co-operation of those making expeditions in the Himalaya would be of very great value.

I. A. O. 538. Accounting for Train Rations, British Troops.—In the case of troop trains proceeding to or from a port in connection with embarkation or disembarkation with kitchen car attached the procedure will be as follows :—

(a) Officers i/c Supplies at entraining stations from which troop trains depart will be responsible under the orders of the officer commanding station, or in the case of troops disembarking at a port, the Embarkation Commandant, for the rationing of troop trains for the whole journey. They will obtain a receipt from the officer commanding train for all ration articles issued and will prepare a ration return on the prescribed form (I. A. F. S.-1519) for subsequent audit by the local audit officer. Troops travelling by the train will be considered one complete unit for the purpose of auditing the ration return. In the case of reserve rations, an extra copy of the voucher will be given by the officer i/c supplies at the entraining station to the officer commanding train. This copy will be signed by the I. A. S. C. officer at destination and handed back to the officer commanding train for retention.

(b) Supplies are sometimes made *en route* by officers i/c supplies from their stocks. In the case of such supplies, the supply officer will obtain a receipted copy of the voucher from the officer commanding train for his record and send one unreceipted copy to the officer i/c supplies at the entraining station. The latter will account for these supplies in the ration return referred to above. It will also be seen in local audit that these supplies have been duly accounted for in the ration return.

(c) When supplies are issued by contractors to troops *en route*, officers commanding troop trains will give the contractor (or his agent) a receipt on I. A. F. S.-1520, retaining a copy signed by the contractor, and will,

20th August 1932

on termination of the journey, send the latter copy to the officer i/c supplies at the entraining station. The latter will include these supplies in the ration return referred to above. The contractor will send the bill for countersignature to the officer i/c supplies at the entraining station, who will endorse thereon particulars as to the ration return in which the supplies have been accounted for. The bill, duly countersigned by the officer i/c supplies at the entraining station, will be rendered for payment to the C. M. A. in whose area supplies are made. After payment of the bill, the C. M. A. will arrange for the necessary verification of credit in the ration return in communication with the C. M. A. of the district in whose audit area the entraining station is located.

(d) The officer i/c supplies at the entraining station will be responsible for obtaining all necessary vouchers from the officer commanding troop train.

2. The following procedure will be observed in the case of—

(i) Troop trains proceeding to or from a port in connection with embarkation or disembarkation to which a kitchen car is not attached.

(ii) Other troop trains.

(iii) Ordinary passenger trains carrying parties of more than twenty men

The N. C. O. or storekeeper i/c train ration section of the depot called on to provide a hot meal will draw from the sections of the depot concerned the necessary articles of stock on regular R. and I. vouchers. He will also draw from the contractors concerned the necessary perishable articles and firewood on I. A. F. S.-1520. All these articles will be credited in his train ration return. He will then get the meal prepared and cooked, make out R. and I. vouchers including therein all items used in the preparation of the meal and get these vouchers signed by the officer commanding train or party. The train ration return will be debited with the authorised quantities comprising the number of hot meals supplied for the men and will be supported by the vouchers signed by the officer commanding train or party.

I. A. O. 561. Examination for the Indian Army Special Certificate of Education, August 1932—Results.—A list of candidates who have passed the examination for the "Indian Army Special Certificate of Education", held in August 1932, is issued with this order.

33789|M.T.-2.

I. A. O. 562. Reports on Signal Training—Regimental units.—I. A. O. 358 of 1930 is hereby cancelled.

33449|G.S., M.T.-1.

3rd September 1932.

I. A. O. 563. Maintenance of a "Pool" for A. E. C. officers on leave.—The following will be the system of accounting for Army Educational Corps officers on long leave.

1. A. E. C. officers proceeding on long leave either in India or to the United Kingdom will be retained on the strength of their appointment until the expiry of their privilege leave only; after that they will be struck off the local strength and transferred to the Pool which will be maintained by the Chief of the General Staff.

Fresh casualty reports will be issued to all concerned, including a copy to the Chief of the General Staff (M. T.-2) at the termination of privilege leave.

2. Officers holding tenure appointments at the various schools and colleges will retain a lien on such appointments, unless they are vacating their appointments, but will be temporarily transferred to the Pool as in para. 1 above.

3. A. E. C. officers proceeding on long leave in India though brought to the pool, will draw their leave pay from the controllers by whom they were paid prior to going on leave.

33709[M.T.-2.

I. A. O. 564. Soldiers Service—B. A.—Army Council Instruction No. 215, dated the 13th July 1932, is published below:—

1. With reference to King's Regulations, 1928, para. 237A (as promulgated by Amendments No. 52, notified in A. O. 96 of 1932), attention is directed to the Pay Warrant, 1931, Art. 1057, which states that periods spent in Class B, Army Reserve, during the War of 1914-1919 shall not reckon as service or qualifying service for pension.

2. Class B, Army Reserve, was introduced by A. O. 415 of 1915, and was the class of reserve to which men who had been enlisted for the Regular Army on duration of war engagements, or who had been deemed to have been enlisted under the Military Service Acts, were transferred, and in which they remained until such time as their services were required.

3. In the case of soldiers who spent a period in Class B, Army Reserve, and who are still serving on their original attestations, having re-engaged to complete 21 years' service, the 21 years reckons from the date of original enlistment, i.e., the period spent in Class B, Army Reserve, reckons towards completion of engagement although, as shown above, it does not reckon for pension purposes. Thus, on completion of engagement those concerned will be short of 21 years' service for pension, to the extent of the period spent in Class B, Army Reserve, and provision is made in King's Regulations, 1928, para. 237A, for continuance beyond 21 years for a period equivalent to that served in Class B, Army Reserve.

4. In order that soldiers concerned may be under no misapprehension regarding their pension position, officers i/c records will, as soon as practicable, cause documents to be scrutinized so that the names of individuals who have served in Class B, Army Reserve, on their current attestations may be noted. They will then furnish nominal rolls to units, who will take steps to bring the matter to the notice of men concerned.

3rd September 1932.

5. The rates of pay issuable during the period of continuance in the Service, will be those provided for soldiers enlisted or re-enlisted on or after 26th October 1923.

6. Soldiers concerned will be eligible for premature discharge to pension under the conditions laid down in the Pay Warrant, 1931, Arts. 1093 and 1101 (b), after completion of the specified period of service, excluding the time spent in Class B, Army Reserve.

B.21337/A.G.-1.

I. A. O. 565. Returns, Army Educational Corps.—It has been brought to notice that the units in India to which warrant officers and n. c. os. of the Army Educational Corps are attached, do not, in all cases, forward to the Officer-in-charge, Army Educational Corps Records, a copy of Army Form B-157 "Monthly Distribution Return", e.g., returns received and dated 1st June 1932, account for only 48 warrant officers and n. c. os.

2. It is essential that the exact whereabouts of the personnel in question should be kept up to date, all units concerned will render this return without fail on the 1st of each month to the Officer-in-charge, Army Educational Corps Records, The War Office, London, S. W. 1, with the following information shown in the 'Remarks' column:—

(i) The name or names of A. E. C. Instructors attached to the unit.

(ii) The date of being attached to the unit.

3. When an Instructor is posted from one unit to another, a Part II order notifying the change must be rendered to the Officer-in-Charge, Records, immediately the change is effected.

I. A. O. 566. Long Service and Good Conduct Medal (Military).—Owing to the unavoidable delay in the manufacture of the new pattern Long Service and Good Conduct Medal (MSB. 1000) it will not be possible to issue the medals awarded with the annexures to I. A. Os. 541 and 634 after the 30th November 1932.

Medal Sec. u/o. No. 3979/Medals/32.

I. A. O. 567. Furlough and Leave—Soldiers.—'Special furloughs' granted under the provisions of paragraph 924 Regulations for the Army in India will not be included in the 490 free furloughs authorised in paragraph 923, *ibid*, and are not, therefore, required to be allotted by Army Headquarters.

B.10184/A.G.-11.

3rd September 1932.

I. A. O. 568. Furlough and Leave—Arrival and Departure Reports.—With reference to paragraph 862, Regulations for the Army in India, warrant officers, non-commissioned officers and men arriving in Simla on furlough or leave will report to :—

The Officer Commanding, Simla, at Headquarters, The Simla Rifles,
A. F. (I.), SIMLA.

B-21348/A.G.-11.

I. A. O. 569. Grant of privilege leave to officers proceeding out of India for duty at Infantry regimental depots.—The War Office have decided that officers proceeding out of India for duty at infantry regimental depots shall be allowed to join the depot for duty at the expiration of any privilege leave granted to them under the provisions of paragraph 895-A., Regulations for the Army in India, provided that—

- (i) There is no objection to the battalion in India being short of an officer for the period during which the homecoming officer is granted privilege leave.
- (ii) Homegoing officers are sent home in sufficient time to take their privilege leave before the relief is due.
- (iii) The date of embarkation of the homegoing officer is notified to the War Office at least two months before embarkation, together with the amount of privilege leave he will be granted. This information is required in order to ensure that there is adequate time to arrange for the outgoing officer to embark from the United Kingdom for India.

2. In cases where reliefs normally fall due between the months of June and October, the tenure of the outgoing officers will be extended for a sufficient period to enable the ingoing officers to take their privilege leave.

3. The tour of duty at the depot of officers from India will commence from the date of joining for duty and not from the date of arrival home. Paragraph 196 (c), King's Regulations, 1928, is being amended accordingly.

B-17977/A.G.-11.

I. A. O. 570. Liability for disabilities sustained by members of regimental bands whilst fulfilling private engagements.—The personnel of officially recognised regimental bands of British and Indian units in India are regarded as on duty when the band is performing on parade, etc., and at purely regimental functions for which their services are given gratis. Engagements at military tattoos or similar displays are governed by the general conditions laid down in Appendix XLVI, Regulations for the Army in India, paras. 11 *et seq.*

On other occasions (and on every occasion in the case of bands without an authorised establishment) the personnel are not regarded as on

3rd September 1932.

military duty and, in the event of death or disablement arising therefrom, they or their dependants would not be eligible for non-effective benefits under the Royal Warrant for Pay, etc., or Indian Regulations. In no circumstance would public funds be available to meet any claim that might arise.

The personnel in question are not entitled to the benefits of the English or Indian Workmen's Compensation Acts and the chances of their having a claim under the Indian Fatal Accidents Act XIII of 1855 or at common law are remote. Band committees of units in this country cannot therefore be held to be legally liable to any claim in this respect, and bandsmen when fulfilling private engagements do so at their own risk.

B.-20613/A.G.-14.

I. A. O. 571. Artillery Equipment—Filling of Buffers and Recuperators.—In supersession of previous orders on the subject, the use of commercial glycerine in buffers and recuperators of artillery equipments will be discontinued, and, pending the investigation of a suitable substitute, the use of buffer oil only will be reverted to.

2. The change over will be carried out when the buffers and recuperators require complete refilling. Until complete refilling is necessary, pure buffer oil will be used for minor replenishments to maintain the correct level.

3. Special attention will be paid to the condition of buffer oil. Only oil which is clear, bright and free from water will be used; oil which has a turbid appearance or in which water is definitely present will be avoided.

Care will be taken to exclude moisture during filling.

4. When carrying out periodical inspection of equipment on charge of batteries, the Ordnance Mechanical Engineers will report on the condition of all recuperators which have been using buffer oil only.

5. Part 2 Equipment Regulations will not be amended until the question of a suitable substitute for glycerine is settled.

8995/M.G.O.-10.

I. A. O. 572. Creosoting of heel ropes.—As some doubt appears to exist regarding the application of instructions contained in A. I. (I.) 741 of 1925 and Para. 172 of R. I. A. O. C. (1931), the following para. is being inserted in Equipment Regulations. (India), Part I, which is under revision :—

“ROPES HEEL—Creosoting of.—The object of treating heel ropes with creosote is not to preserve cordage in store, but for their preservation when actually in use. Stocks will, therefore, be stored in an untreated condition.

3rd September 1932.

All heel ropes are to be creosoted regimentally before being taken into use in the manner described below :—

The creosote will be applied by hand with a pad of cotton waste or rags, as sparingly as will suffice thoroughly to impregnate the rope without saturating it. Whenever practicable the treated ropes may be allowed to dry before taking into use, in order to prevent the staining of clothes and other articles by contact.

The creosote required for the purpose of treating heel ropes will be obtained from the Arsenal dependent at a scale of $1\frac{1}{2}$ pints per 10 heel ropes."

2. Para. 172 R. I. A. O. C. is being cancelled.

18139/M.G.O.-12.

I. A. O. 573. Allahabad Arsenal Siding—opening of.—A new station named "Allahabad Arsenal Siding" with code initials "A. R. C." will be opened on and from 1st September 1932 for the use of the Army Department and also for the public. It will be opened for hooking of all goods and parcel traffic for the military and only goods traffic for the public. With effect from the same date the "Allahabad Fort Station" with code initials "F. R. T." will be closed.

I. A. O. 582. Physical Training Tables.—The following new Physical Training Tables which have been issued will be taken into use at once. The main differences between these and the old tables are as follows :—

Trained Soldiers Table Card (British Troops), 1932.—These Tables are a modification of the tables in use in other parts of the Empire and will be used by all British personnel in India.

Trained Soldiers Table Card (Indian Army), 1932 (Roman Urdu Edition).—The old exercises have been re-arranged in an improved order, and a few new exercises included to increase agility and co-ordination. They will be used by all Indian trained personnel in India.

Recruits Table Card (India), 1932 (Roman Urdu Edition).—The old exercises have been re-arranged in an improved order and some new exercises included with the object of increasing the recruits agility, mobility of the hamstring muscles, the strength of the abdominal muscles and powers of co-ordination.

The amount of horse work and ground work has been considerably increased and more time made available for these two important subjects. It is not proposed at present to increase the compulsory tests which recruits are required to pass, until the effect of the new tables is observed ; but efforts should be made to get all recruits enlisting after 1st April 1932, to pass 2nd class tests in horse work and ground work. The number of tables is the same as before ; and, in order not to disturb the recruits physical training more than necessary, on receipt of the new tables recruit training units will arrange for recruits to complete the old table on which they are working and then proceed to the new table of the next highest number.

I. A. O. 583. Discharges—British Army.—Army Council Instruction 231, dated the 27th July 1932, is published below :—

1. The present procedure, which requires the deposit by soldiers purchasing their discharge of sufficient money to cover the cost of their conveyance from the port of disembarkation in this country to their place of discharge and from there to the selected place of residence is not, in many cases, being observed by Os. C. units abroad. In cases where railway warrants to the place of discharge have been issued at the ports at home on the assumption that the money to cover the cost thereof has been deposited abroad and credited to the public, claims have had subsequently to be preferred against the men after their discharge and as they are usually not prepared to meet the claim, the O. C. unit has had to be asked to meet the charge. It is presumed that this failure to secure deposit of the fare is due to the fact that the military authorities abroad are unable to state the exact amount that should be deposited. In other cases it has transpired that the money deposited for the rail fare has been handed to the soldier who, on disembarkation, has received a railway warrant the cost of which he was not prepared to meet on presentation of a claim after his discharge.

2. In order to overcome this difficulty and to obviate the handing over of small sums of money to the soldier (or O. C. troops on board) on embarkation abroad, it has been decided that with effect from the beginning of the forthcoming trooping season, soldiers purchasing their discharge abroad will be required to deposit sufficient money to cover the cost of passage to the port of disembarkation in this country only, and that they will pay their own fare from the place of disembarkation to the place of discharge. They will also, as heretofore, continue to pay their fare to their intended place of residence. It will be necessary, however, to make this clear to the soldiers concerned (or the person depositing the money) before the discharge is authorized.

3. In view of the small number of cases involved, and in order to reduce travelling expenses to a minimum, such discharges will be carried out at depots, etc., nearest the ports of disembarkation. The full public fares which such soldiers will have to pay between the ports of arrival and depots, etc., nearest the ports of disembarkation where discharge will be carried out are as follows :—

Port of Arrival.	Place of Discharge.	Rail Fare.*
		s. d.
Southampton ..	Winchester (Depot, Rifles) ..	1 7
Tilbury ..	Woolwich (Depot, R. A.) ..	2 2
Avonmouth Docks ..	Bristol (Depot, Gloucestershire Regt.) ..	1 1
Liverpool ..	Scaforth (Depot, King's Regt.) ..	0 5
Plymouth ..	Plymouth or Devonport Barracks ..	—
Any other ports ..	To be despatched to a convenient unit or depot under arrangements to be made by the G. O. C. the command in which disembarkation takes place.	

4. Discharge will be confirmed by the officer in the records of the unit to which the soldier belongs.

*Soldiers may travel to the place of discharge by any means they prefer, e.g., bus, tram, etc.

8th September 1932.

5. Soldiers sent home for discharge by purchase will be shown on A. Fs. B 127 and B 142, or in the sailing telegram [King's Regulations, 1928, para. 1176 (a)], as the case may be, "Heading H. Discharge by purchase." If provided with a payment passage in a transport the words "payment passenger" will be added.

On disembarkation the documents will be forwarded to the O. C. depot or unit referred to in para. 3, as the case may be, in order that discharge may be carried out with the least possible delay.

6. The last pay certificate and voyage pay rolls of a soldier sent home for discharge by purchase will be sent to the fixed centre paymaster of the soldier's regiment or corps as heretofore. The final settlement of account will be effected by the O. C. the depot of the regiment or corps to which the soldier belongs.

7. King's Regulations, 1928, Pay Duties Manual, 1931, and the pamphlet Notes and Instructions concerning Transfer to the Army Reserve and Discharge, issued with A. C. I. 130 of 1925, will be amended in due course.

1. The following revised terms and conditions of service for the reserve of Indian cavalry, artillery, sappers and miners, and Indian signal corps are substituted of those contained in India Army Order 947 of 1925 as amended from time to time, and will be applicable to all men transferring to the reserve on or after 1st October 1932.

2. *Organization.*—The reserve will be of one class only, and will consist of sepoys (or equivalent rank) only; non-commissioned officers will be admitted to the reserve only as sepoys (or equivalent rank). This reserve will be designated Class "C".

3. The reserve will consist of men who have completed not less than 7 years colour service [6 years in the case of drivers (M. T.) of Royal Artillery and Indian Signal Corps], and of those who are permitted to transfer to the reserve on compassionate grounds before completion of above periods; who are transferred to the reserve on or after 1st October 1932. After completing a period of 15 years combined colour and reserve service, a reservist will be discharged.

4. All men at present serving in the following classes of the reserve, viz., Class I, Class II, Class "A" and Class "B" will continue to serve for pay and allowances, pensions and gratuities under the terms which admitted them to these classes. With effect from 1st October 1932, no man completing his period of colour service, or who is permitted to transfer to the reserve on compassionate grounds before completing his full period of colour service, will be admitted to any class other than the Class "C" introduced by the Army Instruction (India) quoted above.

1st October 1932.

5. *Establishments.*—The total reserve establishment will remain as heretofore, the existing classes will be allowed to waste in the normal manner, their places being taken by members of the new Class "C" reserve.

6. *Conditions of transfer.*—Transfers to fill existing vacancies in the reserve are compulsory for men completing their colour service, provided that the soldier thus transferred does not exercise the right, if he has it, of extending his colour service. Such transfers will be carried out under the orders of the officers commanding active units. In the case of soldiers serving with training units or depots, transfers to the reserve will be effected by the officers commanding training units or depots in consultation with the officers commanding active units concerned.

7. *O. C. Reservists.*—Reserves are regimental and once transferred to the reserve a reservist comes under the administrative and disciplinary orders of the officer commanding the reserve centre who is the officer commanding the regimental or corps reserve. He is responsible that the establishment laid down is at all times complete and is not exceeded, and will require officers commanding units to fill vacancies as they occur in the reserve quota.

8. *Pay.*—The following rates of pay will be admissible to reservists of Class "C":—

- (a) When not called up for training or service—Rs. 5—per mensem.
- (b) When called up for training or service (*i.e.*, with effect from the date of reporting to the O. C. reserve centre) will receive full pay as admissible to soldiers in colour service, including good conduct, good service, or proficiency pay at the rates they were drawing when they left the colours.

9. *Rations and other concessions.*—A reservist when called up for training or service will receive free rations and other concessions (except clothing concessions) as admissible to soldiers in colour service. The free issue of rations in kind will commence on the day following that on which the reservist reports for duty to the O. C. reserve centre.

10. *Clothing.*—The issue and maintenance of clothing will be regulated to the existing scales and instructions which govern the provision to reservists of Classes "A" and "B".

11. *Pensions and Gratuities.*—Reservists of Class "C" will be entitled to pension or gratuities under para. 206 III, Pension Regulations for the Army in India, as authorised for Class "B" reservists, but they will not be allowed the option of electing a gratuity of Rs. 300 in lieu of pension.

Regulations will be amended in due course.

12. *Reserve Documents.*—Reserve documents will be maintained as heretofore, the class of reserve (*i.e.*, Class "C") being entered in each reservist's certificate (I.A.P. Y-1953).

13. *Clerical establishment and office allotment.*—The existing clerical establishment allowed for dealing with documents of reservists, etc., and the monthly office allowances admissible to officers commanding reservists to meet expenditure connected with the supply of stationery, etc., will remain unaltered.

14. *Called up for training or service.*—Reservists will be called up for training or service in accordance with the instructions laid down in paras 167-A and 167-B, Regulations for the Army in India.

1st October 1932.

On being called up for training, muster or service, reservists will assemble at the headquarters of their respective reservist centres.

On being called up every reservist will undergo a strict medical inspection. It is imperative that only men who are fit for the rigours of active service should be retained in the reserve. Men found medically unfit by an invaliding board will be discharged by the officer commanding reservists under India Army Act Rule 13 (item xiv).

15. *Training.*—(a) During the period of reserve service reservists will train for the following periods :—

INDIA ARMY ORDERS.

I. A. O. 637. Extracts from Secretary of State's Weekly List No. 36, dated the 8th September 1932.—Extracts from Secretary of State's weekly list No. 36, dated the 8th September 1932, of military officers, etc., of the Indian establishment permitted to return to duty, granted extensions of leave, or retiring from the service, etc., are issued with this order.

06467-III|M.S.-3.

I. A. O. 638. Abbreviated telegraphic addresses—fees for registration.—The fees for registration of abbreviated telegraphic addresses have been reduced to Rs. 20 per annum or Rs. 12 for six months, these reduced rates will take effect from the date of expiry of the existing registrations, and no refunds of fees already paid will be allowed. If in any case the fees for an authorized official abbreviated telegraphic address from 1st April 1932 have not yet been paid, payment for 1932-33 will be made at the rates hitherto in force, viz., Rs. 25 per annum or Rs. 15 for six months.

32063|G.S., S.D.-2

I. A. O. 639. Language Examination Result.—At an examination held in September 1932, Captain C. J. Morris, 2nd Bn., 3rd Q. A. O. Gurkha Rifles, passed the Preliminary examination in Tibetan.

21959|G.S., M. T. Languages.

I. A. O. 640. Examination of officers for promotion—October 1932.—The next examination of officers of the Army Remount Department (India), (Captains for promotion to the rank of major), in 'Technical and administrative remount duties in peace and war' will be held on Tuesday the 18th October 1932, commencing at 10 A.M. for Part I and at 2-30 P.M. for Part II of the examination. The examination will be conducted under the rules contained in King's Regulations, Appendix X, Part III, Para. 2.

33880|M.T.-2

I. A. O. 641. Committees of Adjustment—Payment of non-preferential claims against estates.—Instances have been brought to notice of attempted frauds on the estates of deceased officers by a certain firm which submitted bills for payment for goods which had never been supplied. Committees of Adjustment are warned against accepting claims without satisfactory proof of their genuineness. They will further bear in mind that a Committee of Adjustment is not concerned with the payment of the non-preferential liabilities against an estate except in those cases which are dealt with under Section 5 of the Regimental Debts Act, 1893, and in which the next of kin or the widow desires their settlement.

B.-21220|A.G.-S.

7th October 1932.

I. A. O. 642. Commutation of Pensions.—Cases have come to notice in which officers and warrant officers desiring to commute a portion of their pension have not applied for the same sufficiently early to admit of the payment of the commuted value of the pension being ensured before the date of their next birthday. The invariable result of such delays is that urgent communications, frequently telegraphic, have to issue to ensure payment before that date.

The attention of all concerned is therefore drawn to the provision in note to para. 9 of Appendix III (a) and note to para. 8, Appendix III (b) of the Pension Regulations, as inserted by correction slip No. 25 of April 1931, in accordance with which an application to commute is required to reach the Command Headquarters at least one month before the date on which the payment of the commuted value is desired.

As such applications have to pass to Command Headquarters Headquarters, Burma District through the Controller of Military Pensions, Lahore with an audit report, it is essential that they should reach the Pension Controller concerned at least six weeks before the date on which payment of the commuted value is desired or the date on which the next birthday falls due.

The necessity for strict adherence to these rules is therefore impressed on all concerned in their own interests, as non-compliance is likely to involve them in considerable risk of losing one year's purchase of the sum to be commuted.

B-21843[A.G.-14.]

I. A. O. 643. Railway freight charges—Freight charges on loan issues to civil departments are not chargeable to the Army Department. On no account will military credit notes be used for the despatch of stores issued on loan to civil departments. They will be despatched "freight to pay".

25313[Q.M.G.-2.]

I. A. O. 644. Re-organization of the Mechanical Transport Service in India.—The locations of the various Circles of the Technical Inspectorate of M. T. have been effected and all the Circles are now functioning with headquarters at the stations noted below :—

Headquarters of the Chief Inspector of M. T.	Rawalpindi.

5. Corrigenda to Transport Rules issued with India Army Order 772 current :—

1. Substitute the following for paragraph 1A

(i) All articles of public, regimental, personal and household property brought to Great Britain by units and by individual officers and other ranks and their families must be declared and produced to the Customs authorities at the port of disembarkation although, in the case of articles of Empire origin they may be admitted free of duty, or at a preferential rate of duty.

The Board of Customs and Excise have intimated that with the exception of those articles indicated in sub-para (ii) of this para, no prohibited or restricted articles, articles which are imported into the country on a bond for transfer of residence by the owner and have been in the owner's possession and use abroad for an appreciable period are admitted free.

The concession is conditional on

(a) the articles being duly declared and produced to the Officer of Customs and Excise at the port of importation, and

(b) a satisfactory declaration of ownership being made.

Whilst the normal interpretation of appreciable period (mentioned above) is 12 months, the Officers of the Customs and Excise have discretionary powers to accept a shorter period in certain cases (e.g., clothing).

(ii) The following instructions are designed to facilitate clearance at the port of entry and should be carefully followed.

(a) *Public property* will be cleared on the certificate of the Commanding Officer that the articles are the property of the public. Articles not in possession of the unit for 12 months and packages containing unused stocks of clothing and regimental necessities, will be shown in detail separately; otherwise the declaration will state the number of packages, the contents being shown under general headings, e.g., Rifles, Equipment, Tools, Material, etc. Numbers or quantities are not required.

(b) *Regimental property*.—Articles which have been in use for at least 12 months will be declared in bulk as property of the Regimental Institute concerned, under general headings, e.g., silver plate, billiard tables, furnishings, etc.

Articles which have been in possession and use for less than 12 months must be declared in detail. Declarations will be made by the Mess President or other officer in charge of the Institute to which the articles belong.

Note.—In the case of both (a) public, and (b) regimental property it will be necessary for an officer with knowledge of the origin, etc., of the property to be present at the clearance.

(c) *Personal baggage*.—All articles, whether personal effects or articles for household use, must be declared and produced on landing and a declaration made by the owner or head of the family.

"Personal effects" covers bedding, travelling rugs, musical instruments, pedal cycles, saddles, cameras, binoculars, sewing machines, typewriters, perambulators, deck chairs, portable tables, camp beds, uniform cases, dressing cases, etc.

"Articles for household use" will include such items as silver and plated ware, household linen, glass and china, cutlery, cooking utensils, pictures, carpets and floor rugs, etc.

(iii) Personal effects and articles for household use which have been in possession and use for at least 12 months should be declared as such. The number or quantity or articles imported which have been in possession for less than that period must be declared in detail. The declaration in the case of cabin or other baggage accompanying the passenger to his destination after disembarkation will be a verbal one. Personal baggage passed through the customs by agents, etc., must have the necessary declaration form completed and signed by the passenger. British goods formerly exported from Great Britain are entitled to admission free of duty on re-importation if specially declared on a Customs Bill of Store.

(iv) The following articles must be declared in detail, giving number or quantity, whether they have been in possession of the importer for 12 months or not, and irrespective of the country of origin.

Wines, Spirits, Tobacco, Cigars, Cigarettes, Motor Cars and Motor Cycles or Cinematograph Film of the standard width of 1½" and all new articles, i.e., articles not taken into use or wear.

(c) Notice No. 2A issued by H. M. Customs and Excise is reproduced as Appendix "D".

2. Substitute the following for Appendix "D".

H. M. Customs and Excise.

Notice to Passengers.

All goods acquired abroad or during the voyage, however small the quantity may be and whether carried on the person or otherwise and whether or not they have been worn or used, must be declared, and produced on demand to the Customs Officer who examines the baggage. In any case of doubt whether an article should be declared the Customs Officer should be consulted.

In practice passengers may be allowed to retain small quantities of dutiable goods without payment of the duty provided that the goods are duly declared and produced to the Customs Officer. This concession is liable at any time or in any circumstances to be withheld or modified ; and it does not apply to dutiable goods in registered baggage examined elsewhere than at the port of landing, or in unaccompanied baggage.

The importation of certain goods is prohibited or restricted, and no prohibited article however small the quantity will be permitted to be imported.

The penalties for smuggling and for evading prohibitions of importation are severe. An attempt to bribe a Customs Officer renders the offender liable to a penalty of £200.

The Customs Officer may require all packages of baggage to be opened for his examination ; and the responsibility for opening, unpacking and re-packing the packages rests with the passenger or his agent.

Through Baggage.—Passengers en route to destinations outside Great Britain or Northern Ireland may on application deposit the duty on dutiable articles retained in their possession for consumption outside Great Britain or Northern Ireland. In that case the duty is recoverable at the appropriate port of place of departure on production of the articles and the receipt for the deposit. This procedure is conditional on proper declaration of the goods.

COMMONWEALTH FUND SERVICE FELLOWSHIPS.

MEMORANDUM 1933.

I.—Purpose of the Fellowships.

The Commonwealth Fund of New York, a philanthropic foundation existing since 1918 and supported by gifts from the late Mrs. Stephen V. Harkness, has established for British subjects a number of Fellowships tenable at American Universities. In creating these Commonwealth Fund Fellowships the Directors of the Fund have been impelled by a belief in the value of international opportunities for education and travel, and by a conviction that mutual amity and understanding between Great Britain and the United States will thereby be promoted.

It has been decided to offer not fewer than two nor more than five of these Fellowships in 1933 to persons holding appointments overseas under the British Government, the Government of India, or the Government of a British Dominion, Colony, Protectorate, or Mandated Territory. The actual number of Service Fellows to be appointed in 1933 will be determined by the Committee of Award.

II.—Qualifications of Candidates.

In the selection of candidates for nomination primary consideration is given to intellectual ability, but account is also taken of personality, character, health, and initiative. Candidates must submit a definite scheme of research work or advanced study to be carried out during their residence in the United States, and must produce evidence of their capacity to pursue it with advantage.

III.—Conditions of Appointment.

Candidates must be of British descent; they may be single or married, but must not be more than 35 years of age on September 1. of the year of award.

As normally such candidates will hold an appointment in Government Service overseas they will not be required to show a domicile in the British Isles. It should be explained that neither probationers awaiting final appointment to Government Service, nor persons employed by but not officially on the cadre of a Government Service will be regarded as qualified for these Fellowships.

The Committee will consider only those candidates who will, if appointed, continue to be carried on the cadre of a Government Service within the British Empire during the tenure of their Fellowships. A candidate is further required to give an undertaking that he will complete the tenure of his Fellowship and that he will then return to Government Service in some part of the British Empire for a period of not less than two years.

An interview with the Committee of Award in London will not be required, but arrangements will be made for medical examination in the region from which the candidate applies, and all expenses connected therewith will be borne by the Commonwealth Fund.

IV.—*Emoluments.*

There is no fixed stipend, but it is estimated that the cost to the Commonwealth Fund of each Fellowship is approximately \$3,000 per annum. Each Fellowship includes provision for :—

- (a) An equipment allowance of \$200, and a travel allowance from the country in which the Fellow is serving to the United States and return.
- (b) Tuition, laboratory fees, etc.
- (c) \$150 a month, paid quarterly, for living expenses during the tenure of the Fellowship, from the date of leaving the country in which the Fellow is serving. An advance of one month's living allowance may be made to an appointee.
- (d) Allowance for travelling while in the United States on tours approved by the Commonwealth Fund.

The living allowance of \$150 is calculated to meet the needs of a single man. An additional allowance at the rate of \$50 a month, with some increased provision for summer travel in the United States, is made for a married Fellow accompanied by his wife. The Fund cannot, however, accept any further responsibility for the necessary additional expenses incurred by a married Fellow.

A Commonwealth Fund Fellowship is not tenable with a Fellowship or Scholarship from any other Foundation established for a similar purpose in the United States. Candidates may, however, be applicants for Fellowships offered by such Foundations provided they do not accept more than one appointment.

V.—*Conditions of Tenure.*

The Committee wish to emphasize one point in connection with the Service Fellowships. Applications have been forwarded in the past by some Governments from officers of quite junior standing who do not appear to be equipped either with the special abilities or the experience which are essential if the intensive investigation of a problem is to be undertaken successfully. In selecting candidates for nomination the Committee require to be satisfied that the proposed scheme of work and travel relates to a problem which is exercising the Government under whom the applicant is serving, that the problem can be investigated with special advantage in the United States, and that the candidate is sufficiently expert to proceed immediately to advanced study of the subject. Applications from candidates who desire only some elementary grounding, or to carry an academic course a stage further, should not be promoted.

Speaking generally, no limitation is imposed on the subject of study to be undertaken by the Fellow during the tenure of the Fellowship. In the particular case of candidates in Medicine, however, while research in the scientific aspects of Medicine will be regarded as within the scheme, purely clinical studies are excluded.

The Commonwealth Fund Fellowships are normally tenable in the following universities, which were members of the Association of American Universities on 1st January, 1932 :—

Catholic University of America	..	Washington, D.C.
Clark University	Worcester, Massachusetts

19th October 1932.

I. A. O. 654. Promotion—I. U. L.—During, and for some time after, the Great War numbers of non-commissioned officers of departments of the India Unattached List were granted exemption from obtaining the 1st class certificate of education which was necessary before promotion to warrant officer. (R. A. I., Appx. XXVII, para. 8.)

The Secretary of State for India has accorded his approval to all such exemptions.

2. The question whether warrant officers, who were promoted to warrant rank by virtue of an exemption from obtaining the 1st class certificate of education, may be promoted to commissioned rank without first obtaining the certificate was also referred to the Secretary of State for India who has decided that this certificate must be obtained by warrant officers before promotion to commissioned rank.

3. Cases in which exceptional circumstances, and the interests of the service, make the promotion of a warrant officer holding an exemption desirable will be considered by the Secretary of State for India. Particulars of such cases should be submitted to the Branch at Army Headquarters concerned with the particular department to which the individual belongs.

4. This decision does not affect warrant officers of the M. E. S. or the P. W. D. mentioned in R. A. I., Appx. XXVII, para. 8.

I. A. O. 656. Accounts.—In modification of the present system by which open cheques are issued by the Military Accounts Department and despatched through the post to units and formations, it has been decided as a precaution against loss or fraud and as an experimental measure that cheques will be issued direct to a current account with the local branch of the Imperial Bank of India or the Civil Treasury.

19th October 1932.

2. For this purpose all units and formations which have not already taken advantage of paragraph 846, Regulations for the Army in India, will now open a current account with the Imperial Bank of India where such branch exists, otherwise in a local civil Treasury.

3. Cheques for amounts due will be crossed and marked "NOT NEGOTIABLE" and together with India Army Form (C. M. A.) 223 sent by the Military Accounts Department direct to the bank or Treasury for credit to units' accounts. At the same time a detailed statement will be sent to the unit or to each unit in the case of omnibus cheques showing distinctly and separately the various items which make up the cheque with the number and date of each bill and its amount.

4. In cases where claims are submitted to controllers of military accounts for cheques to be issued which have merely to be passed on to the creditor, the memorandum forwarding the claim should be clearly marked "Forward cheque direct to.....".

The controller of military accounts will then forward the cheque direct to the firm or person whose bill is to be settled and intimate to the unit or formation on the cheque forwarding memorandum that this has been done. This memorandum will form the unit's record of the transaction.

5. This revised procedure is not applicable to the Military Engineer Services who will continue to operate their present system.

6. A report on the working of this system will be submitted by commands and Burma district through controllers of military accounts concerned to reach Army Headquarters by the 30th September 1933.

7. This India Army Order issues with the concurrence of the Military Accountant General.

I A O 658. Customs Duty.—The following rules for passing free of import duty baggage landed at custom ports in India and Burma by passengers from foreign ports (excluding foreign ports in Indian States or in French or Portuguese India) which were promulgated by the Central Board of Revenue under their Notification No. 45 dated the 14th September 1929, as amended under Notifications Nos. 51 of 30th July 1932, and 62 of 10th September 1932, are reproduced below :—

1. The *bona fide* baggage of a passenger is exempt from duty when it accompanies him ; does not form part of the cargo, and is not included in the manifest.

19th October 1932.

2. *Bona fide* baggage shall include wearing apparel and other personal effects, provided that the articles are not for sale and are imported for the personal use of the passenger or of members of his family travelling with him; but it shall not include the following articles on which duty must be paid in all cases :—

- (a) Arms, ammunition and military stores.
- (b) Alcoholic liquor exceeding one quart and perfumed spirit exceeding one pint.
- (c) Cigars exceeding 50 and cigarettes exceeding 100 whether in opened or unopened boxes and tins, and other tobacco exceeding $\frac{1}{2}$ lb. in weight.
- (d) Pianos, pianolas, carriages, motor cars and motor cycles.
- (e) Cloth to be made up into apparel; and furnishing materials.
- (f) Articles for household use, such as furniture, pictures, carpets, glass, crockery, cutlery and silver and plated ware, except such articles (other than furniture and carpets) as shall appear to the customs authorities to be imported in a moderate quantity and to be required for the personal use of the passenger whilst travelling or immediately upon his arrival at his destination. One carpet of a size not exceeding 35 square feet may be passed free for each passenger, provided that the proper officer of Customs is satisfied that the carpet is genuinely in use by such passenger as part of his bedding or in lieu of bedding or of a deck chair.

NOTE.—The free allowances under clauses (b) and (c) of this Rule may be reduced in the case of deck passengers at the discretion of the Customs-collector.

3. Notwithstanding anything to the contrary in Rule 1, *bona fide* baggage landed at any Customs port within one month before or after the arrival of a passenger in India may, subject to the exceptions specified in Rule 2, be passed free at the discretion of the Customs-collector.

Provided that the Customs-collector may in his discretion extend the period of one month above provided up to four months in any case in which it is proved to his satisfaction (1) that the failure to import the baggage within the period of one month was due to circumstances beyond the passenger's control and (2) that the goods were the property of, and in the possession of, the passenger abroad before he left for India.

Provided further that the Customs-collector may at his discretion extend the period to eight months in favour of a passenger who has travelled to India separately from his wife in respect of household goods brought later by his wife as part of her own baggage.

4. Notwithstanding anything to the contrary in Rule 2, *bona fide* baggage shall include :—

- (a) the personal effects of a passenger or seaman who dies on the voyage to India, and
- (b) articles reported by a passenger and proved to the satisfaction of the Customs collector to have belonged to his deceased wife or other deceased member of the family who was dependent on him at the time of decease.

19th October 1932

Provided that the effects or articles are such that they would have been passed free if the deceased person had been a passenger and they had accompanied him or her.

(I. A. O. 780 of 1929 is hereby cancelled).

23432|Q.2.

I A. O. 659. Care of Prismatic Binoculars —Store rooms for all optical instruments will be dust and damp proof as far as possible.

2. Binoculars issued from arsenals are supplied with properly fitting cases, and in future the cases will be stamped with a number corresponding to that of the binoculars. It is most important that each binocular be kept in its own case. Serious damage is done when binoculars are forced into cases which are too small for them. Damage is likewise done when binoculars bump about in cases which are too large for them. A careful check will be made to ensure that all binoculars have properly fitting cases, and exchanges will be made where necessary. When this has been done, the cases will be numbered to correspond with the binoculars.

3. No attempt will be made by units to remove screws or other parts, or to open up the instruments for any purpose whatever. Binoculars are expensive and delicate instruments, and their internal cleaning, repair and adjustment can only be carried out with the aid of special appliances, of which units are not in possession. Repairs are never to be attempted by unit personnel.

4. Binoculars must be kept in their cases at all times when not actually in use. They will be stored in their cases, precautions being taken to ensure that the latter are maintained in a dry state. Where possible, binoculars in their cases will be stored in air-tight boxes or dry almirahs. During the rains, whenever possible, binoculars will be withdrawn from personnel and retained in store. If used in wet weather, binoculars will be dried with a soft rag and their cases properly dried at the first opportunity, but not by direct exposure to a fire. Lenses will never be touched with the bare fingers; even a coarse rag will scratch a lens. On no account should oil be applied to any part of the binoculars.

5. When using binoculars the safety sling will always be placed round

19th October 1932.

9. Regulations demand that damage due to unfair usage or tampering will be charged for. All instruments received in arsenals are carefully examined for evidence of such treatment.

INDIA ARMY ORDERS.

I. A. O. 772. Results of Courses—Pachmarhi Wing.—A list of officer students who qualified at the 6th Infantry Officers' Course held at the Pachmarhi Wing, Small Arms School from 10th September to 1st November 1932 is published with this order.

I. A. O. 773. Indian Army English Certificate Examination—Results.—A list of candidates who have passed the Indian Army English Certificate Examination is issued with this order.

I. A. O. 774. Soldiers Service—B. A.—War Office letter No. 19, General[5507 (D.) A. G. 1-c.), dated the 17th November 1932, is published below :—

I am commanded by the Army Council to inform you that it has recently been brought to their notice that a very marked disparity exists in the standard of assessment of soldiers' military conduct on transfer to the Army Reserve or discharge.

The Council have had before them examples of military conduct awarded to soldiers of a number of different units together with the appropriate documents of the soldiers concerned, and in many cases it is difficult to reconcile the two.

In some cases it appears that the fact that the commanding officer is deterred by the regulations from taking cognisance of the company conduct sheet has resulted in a man receiving a higher standard of character than that to which he was entitled. Such cases are in effect the result of a faulty system of administration of discipline within the unit, since it should be most exceptional for a man to possess a comparatively clear regimental conduct sheet simultaneously with a company conduct sheet on which a very large number of entries have been incurred.

It is fully realised that it may often be the case that the entries, or lack of entries, on soldiers' regimental conduct sheets do not represent the true character for assessment purposes and it was with a view to giving commanding officers the widest possible discretionary powers that the instructions in King's Regulations, paragraphs 400 to 404 were framed.

At the same time it is desirable both in fairness to future employers and to the men themselves that there should be more uniformity in the general standard of military conduct awarded.

I am to add that the Council view this question of the assessment of soldiers' characters as one of primary importance and I am to request that you will impress upon commanding officers the far reaching effects of these assessments, not only on the individual soldiers concerned, but also upon the "value" placed by employers of labour upon the Army characters in general.

I. A. O. 794.—Examination of arms in the hands of troops—rifles.—The use of "Gauges, armourers, distance of bolt from end of chamber, .074-inch" will be discontinued and substituted by "Gauges, armourers, distance of bolt from end of chamber, .076-inch".

2. Owing to the present abnormal wastage of bolt heads due to causes other than fair wear and tear, the following points on care and maintenance of bolt heads are brought to the notice of all concerned.—

- (i) To prevent a ring of rust forming round the striker hole of bolt head, (the main cause of condemnation) it is only necessary to wipe over the face of the bolt head immediately after firing. This will remove any deposit on the face before it has commenced to corrode the metal.
- (ii) The face of the bolt should be wiped over and oiled on every occasion the rifle is cleaned.
- (iii) A bolt head already ringed round the striker hole should be left so, no attempt should be made to clean it with any abrasive substance as this results in a reduction of the length of the bolt head, thus rendering it unserviceable. All that is necessary is to pay particular attention to it by frequent cleaning and oiling to prevent the corrosion extending.
- (iv) On no account should any cutting substance be used to keep the face of the bolt in a highly polished condition. It should merely be wiped over and oiled.
- (v) The above also applies to Lewis gun bolts and Vickers gun extractors.

In the case of deep seated rings which have weakened the bolt head, the unit concerned will be liable to pay for any damage done.

3. Replacement of bolt heads, Lewis gun bolts, and Vickers gun extractors, that have been damaged by using a cleaning rod with the breech closed, will be charged to units.

4. After this date Os. C. units will be held personally responsible for any infringement of the regulations.

INDIA ARMY ORDERS.

I. A. O. 802. Appointments, Promotions, Leave, etc., List No. 52.—List No. 52 of appointments, promotions, leave, etc., which have been approved by His Excellency the Commander-in-Chief, is issued with this order.

I. A. O. 804. Private Fire Arms in Waziristan Tribal Territory.—1. (a) No private arms may be brought into Waziristan Tribal Territory from British India or taken from Waziristan Tribal Territory to British India without a permit from the Resident in Waziristan.

(b) Units or individuals coming into or leaving Waziristan Tribal Territory will submit applications for such permits through brigade headquarters, who will forward them through the political agent concerned, to the Resident.

(c) Applications from units will include a consolidated list of private arms for the whole unit, giving owner's rank and name, and description of weapon with bore, maker's name and number.
